Policies and programs set forth in this handbook are effective through the academic year 2014–2015. Changes in the content of the student handbook may be made, at anytime, by the university, division, or college administration. Adequate notice of anticipated changes will be given to the student, whenever possible. This student handbook supersedes all previous handbooks, documents, and directives where they may be in conflict. The student handbook is the governing document for all program-related information. Please become familiar with the policies and procedures listed within. Failure to read this handbook does not excuse students from the rules, policies, and procedures contained in it.

The university recognizes that individual programs require different times for the completion of academic studies leading to a degree. Therefore, the time frame is a matter within the discretion of each academic program. All program/center catalogs, bulletins, and handbooks carry this information. Students should refer to their individual program’s or center’s catalog and/or student handbook for further information about academic programs, policies, and procedures.

NSU History

Nova Southeastern University (NSU) is a not-for-profit, fully accredited, coeducational institution. It was founded in 1964 as Nova University of Advanced Technology. In 1974, the board of trustees changed the university's name to Nova University. In 1994, Nova University merged with Southeastern University of the Health Sciences to form Nova Southeastern University.

NSU is well known for innovation and quality in both traditional and distance education. The university serves large numbers of adult students and a growing population of traditional undergraduates. To date, the institution has produced more than 162,000 alumni.

Based on fall-term enrollment as a measure, Nova Southeastern University is the largest independent institution of higher education in the Southeast with nearly 26,000 students, and is the ninth largest independent institution nationally. NSU is one of 169 colleges and universities statewide and one of 29 independent four-year institutions in Florida.
The university awards associate’s, bachelor’s, master’s, educational specialist, doctoral, and first-professional degrees in a wide range of fields, including business, counseling, computer and information sciences, education, medicine, dentistry, pharmacy, various health professions, law, marine biology, psychology, and other social sciences. The university offers 65 undergraduate majors through the Farquhar College of Arts and Sciences, the Abraham S. Fischler School of Education, the H. Wayne Huizenga School of Business and Entrepreneurship, the College of Health Care Sciences, and the College of Nursing.

Nova Southeastern University has the only college of optometry in Florida and the only college of dentistry in South Florida, and had the first college of pharmacy in South Florida. The institution also enjoys an excellent reputation for its programs for families offered through the Mailman Segal Center for Human Development and University School, including innovative parenting, preschool, primary, and secondary education programs. University School of Nova Southeastern University, a fully accredited independent college preparatory day school, enrolls students in prekindergarten through 12th grade and operates from NSU’s main campus in Fort Lauderdale.

NSU’s programs are administered through academic centers that offer courses at campuses in Fort Lauderdale, North Miami Beach, and Dania Beach as well as other locations throughout Florida, across the nation, and at selected international sites. Despite the geographic diversity of sites where classes are offered, 89 percent of the student body attends classes in Florida, and 82 percent of all students enrolled attend classes in the tricounty area (i.e., Miami-Dade, Broward, and Palm Beach counties). With an annual budget of approximately $570 million, Nova Southeastern University also has a significant economic impact on the surrounding community. A recent NSU study revealed that the university and its students and employees had an annual economic impact of approximately $2.6 billion on the Florida economy.

Student Organizations
NSU students have an excellent opportunity to become involved in extracurricular programs. The Office of Student Activities encourages all students to get involved in the university community. Involvement is one of the best ways to meet other students and faculty and staff members, as well as gain valuable leadership skills. Nova Southeastern University has many student organizations on campus, including academic societies, fraternities, sororities, religious groups, service clubs, and special-interest groups.

The list of NSU student organizations is on the following pages.

Web Space for Student Clubs and Organizations
Official student clubs or organizations sponsored by the university may create and maintain a club Web page. A designated club member possessing the requisite computer skills must be appointed by the club as the Webmaster. The Webmaster will be responsible for creating and maintaining the club Web page with approval from the Office of Student Affairs or COM Student Services.

The Webmaster can obtain a copy of the Information Provider Agreement (IPA) form online at [www.nova.edu/common-lib/policies/ipa.html](http://www.nova.edu/common-lib/policies/ipa.html).

Reservation of Power

The NSU Student Handbook is not intended to be a contract or part of a contractual agreement between NSU and the student. The NSU Student Handbook is available online at www.nova.edu/cwis/studentaffairs/forms/ustudenthandbook.pdf. Changes in the content of the student handbook may be made at anytime, by the university, division, or college administration. Whenever possible, adequate notice of anticipated changes will be given to the student. This student handbook supersedes all previous handbooks, documents, and directives where they may be in conflict. The student handbook is the governing document for all program-related information. Please become familiar with the policies and procedures listed within. Failure to read this handbook does not excuse students from the rules, policies, and procedures contained in it. Students are expected to be familiar and comply with all the policies and procedures contained within the student handbook, including any revisions or modifications.

Nova Southeastern University reserves the right to amend, modify, add to, or delete its rules, policies, and procedures without notice, affecting its institutional relationship with students as deemed necessary by the administration. Any such amendment, modification, addition, or deletion shall not be considered a violation of the relationship between the university and the student. Such right includes modification to academic requirements, curriculum, tuition, and/or fees when in the judgment of the administration such changes are required in the exercise of its educational responsibility.

Nondiscrimination Statement

Consistent with all federal and state laws, rules, regulations, and/or local ordinances (e.g. Title VII, Title VI, Title III, Title II, Rehab Act, ADA, Title IX), it is the policy of Nova Southeastern University not to engage in discrimination or harassment against any persons because of race, color, religion or creed, sex, pregnancy, national or ethnic origin, nondisqualifying disability, age, ancestry, marital status, sexual orientation, military service, veteran status, political beliefs or affiliations, and to comply with all federal and state nondiscrimination, equal opportunity and affirmative action laws, orders, and regulations.

This nondiscrimination policy applies to admissions, enrollment, scholarships, loan programs, athletics, employment, and access to, participation in, and treatment in all university centers, programs, and activities. NSU admits students of any race, color, religion or creed, sex, pregnancy, national or ethnic origin, nondisqualifying disability, age, ancestry, marital status, sexual orientation, military service, veteran status, political beliefs or affiliations, and activities generally accorded or made available to students at NSU and does not discriminate in the administration of its educational policies, admission policies, scholarship and loan programs, and athletic and other school administered programs.

Code of Student Conduct and Academic Responsibility

Purpose: This code seeks to promote high standards of behavior and academic integrity by setting forth the responsibilities of students as members of the university community. Abiding by the code ensures a climate wherein all members of the university community can exercise their rights of membership.
Code of Student Conduct Statement

The university is a community of scholars in which the ideals of freedom of inquiry, freedom of thought, freedom of expression, and freedom of the individual are sustained. However, the exercise and preservation of these freedoms and rights require a respect for the rights of all in the community to enjoy them to the same extent. It is clear that in a community of learning, willful disruption of the educational process, destruction of property, and interference with the orderly process of the university as defined by the university administration or with the rights of other members of the university cannot be tolerated. Students enrolling in the university assume an obligation to conduct themselves in a manner compatible with the university’s function as an educational institution. To fulfill its functions of imparting and gaining knowledge, the university retains the power to maintain order within the university and to exclude those who are disruptive to the educational process.

In support of the Code of Student Conduct, any violations of the Code of Student Conduct and Academic Responsibility and/or university policies and procedures may result in disciplinary action and/or criminal prosecution. Violations of academic and/or supplementary standards will be handled through the student’s academic college, center, or school. Violations of conduct standards, supplementary standards, university policies, and/or procedures will be handled by the Office of the Vice President of Student Affairs or by the individual academic college, center, or school as deemed appropriate.

Changes to the Code of Student Conduct and Academic Responsibility will be posted on the Student Affairs Web site. Students are required to be familiar with the rules, policies, and Code of Student Conduct and Academic Responsibility.

Nova Southeastern University
Statement of Student Rights and Responsibilities

Nova Southeastern University, as a community of women and men, is committed to furthering scholarship, academic pursuits, and service to our society. As an institution, our purpose is to ensure all students an equal opportunity to fulfill their intellectual potential through pursuit of the highest standards of academic excellence.

Certain rights and obligations flow from membership in any academic community committed to such goals:

• the rights of personal and intellectual freedom, which are fundamental to the idea of a university
• scrupulous respect for the equal rights and dignity of others
• dedication to the scholarly and educational purposes of the university and participation in promoting and ensuring the academic quality and credibility of the institution

Students are responsible for obtaining, learning, and observing the established university and academic center policies as listed in all official publications. In addition, students must comply with the legal and ethical standards of the institution, as well as those of Broward County, the state of Florida, as well as any other laws, rules, and/or regulations of other jurisdictions. All members of the community should inform the appropriate official of any violation of conduct regulations.

A. Academic Standards

The university is an academic community and expects its students to manifest a commitment to academic integrity through rigid observance of standards for academic honesty. The university can function properly only when its members adhere to clearly established goals and values. Accordingly, the academic standards are designed to ensure that the principles of academic honesty are upheld.
The following acts violate the academic honesty standards:

1. **Cheating**—intentionally using or attempting to use unauthorized materials, information, or study aids in any academic exercise

2. **Fabrication**—intentional and unauthorized falsification or invention of any information or citation in an academic exercise

3. **Facilitating Academic Dishonesty**—intentionally or knowingly helping or attempting to help another to violate any provision of this code

4. **Plagiarism**—the adoption or reproduction of ideas, words, or statements of another person as one’s own without proper acknowledgment

Students are expected to submit tests and assignments that they have completed without aid or assistance from other sources. Using sources to provide information without giving credit to the original source is dishonest. Students should avoid any impropriety or the appearance thereof in taking examinations or completing work in pursuance of their educational goals.

Students are expected to comply with the following academic standards:

1. **Original Work**

   Assignments such as course preparations, exams, texts, projects, term papers, practicum, or any other work submitted for academic credit must be the original work of the student. Original work may include the thoughts and words of another author. Entire thoughts or words of another author should be identified using quotation marks. At all times, students are expected to comply with the university and/or program center’s recognized form and style manual and accepted citation practice and policy.

   Work is not original when it has been submitted previously by the author or by anyone else for academic credit. Work is not original when it has been copied or partially copied from any other source, including another student, unless such copying is acknowledged by the person submitting the work for the credit at the time the work is being submitted, or unless copying, sharing, or joint authorship is an express part of the assignment. Exams and tests are original work when no unauthorized aid is given, received, or used before or during the course of the examination, re-examination, and/or remediation.

2. **Referencing the Works of Another Author**

   All academic work submitted for credit or as partial fulfillment of course requirements must adhere to each program center’s specific accepted reference manuals and rules of documentation. Standards of scholarship require that the writer give proper acknowledgment when the thoughts and words of another author are used. Students must acquire a style manual approved by their center and become familiar with accepted scholarly and editorial practice in their program. Students’ work must comport with the adopted citation manual for their particular center.

   At Nova Southeastern University, it is plagiarism to represent another person’s work, words, or ideas as one’s own without use of a center-recognized method of citation. Deviating from center standards (see above) are considered plagiarism at Nova Southeastern University.

3. **Tendering of Information**

   All academic work must be the original work of the student. Knowingly giving or allowing one’s work to be copied, giving out exam questions or answers, or releasing or selling term papers is prohibited.
4. Acts Prohibited

Students should avoid any impropriety or the appearance thereof, in taking examinations or completing work in pursuance of their educational goals. Violations of academic responsibility include, but are not limited to the following:

- plagiarism
- any form of cheating
- conspiracy to commit academic dishonesty
- misrepresentation
- bribery in an attempt to gain an academic advantage
- forging or altering documents or credentials
- knowingly furnishing false information to the institution

Students in violation will be subjected to disciplinary action.

5. Additional Matters of Ethical Concern

Where circumstances are such as to place students in positions of power over university personnel, inside or outside the institution, students should avoid any reasonable suspicion that they have used that power for personal benefit or in a capricious or arbitrary manner.

B. Conduct Standards

1. Students should not interfere with the rights, safety, or health of members of the university community nor interfere with other students' right to learn. Students are expected to abide by all university, center, and program rules and regulations and all local, state, and federal laws. Students are responsible for adherence to the university code of conduct and all university policies and procedures while attending or participating in university-sponsored programs, activities, and/or events off the main campus or at any NSU sites.

Violations of conduct standards include, but are not limited to

a. theft (including shoplifting at any university service center, e.g., bookstore, food service facility), robbery, and related crimes
b. vandalism or destruction of property
c. disruptive behavior/disorderly conduct (e.g., in residence halls and classrooms, or at university-sponsored events, on or off campus)
d. physical or verbal altercation, assault, battery, domestic violence, or other related crimes
e. gambling
f. possession or use of firearms; pellet, air soft, and paint ball guns; fireworks; explosives; or other dangerous substances or items
g. possession, transfer, sale, or use of illicit and/or illegal drugs or alcohol if a minor
h. appearance in class or on campus under the apparent influence of drugs or alcohol, illegal or illicit drugs or chemicals
i. any act or conspiracy to commit an act that is harassing, abusive, or discriminatory or that invades an individual's right to privacy; sexual harassment; discrimination and abuse against members of a particular racial, ethnic, religious, on the basis of sex/gender, sexual orientation, marital status or cultural group and/or any other protected group or as a result of an individual's membership in any protected group
j. sexual misconduct
k. stalking
l. unacceptable use of computing resources as defined by the university. Students are also subject to the Acceptable Use of Computing Resources policy at www.nova.edu/common-lib/policies/aucr.policy.html.
m. impeding or obstructing NSU investigatory, administrative, or judicial proceedings
n. threats of or actual damage to property or physical harm to others
o. “hazing” Any action or situation that recklessly or intentionally endangers the mental or physical health or safety of a student for purposes including, but not limited to, initiation or admission into or affiliation with any organization operating under the sanction of a postsecondary institution. Hazing includes, but is not limited to, pressuring or coercing the student into violating state or federal law; any brutality of a physical nature, such as whipping, beating, branding, or exposure to the elements; forced consumptions of any food, liquor, drug, or other substance or other forced physical activity that could adversely affect the physical health or safety of the student; and any activity that would subject the student to extreme mental stress, such as sleep deprivation, forced exclusion from social contact, forced conduct that could result in extreme embarrassment, or other forced activity that could adversely affect the mental health or dignity of the student. Hazing does not include customary athletic events or other similar contests or competitions or any activity or conduct that furthers legal and legitimate objective. (Florida Hazing Law, 1006.63) Engaging in, supporting, promoting, or sponsoring hazing or violating university rules governing hazing is prohibited.
p. failure to pay tuition and fees in a timely manner
q. embezzlement or misuse of NSU and/or student organizational funds or monies
r. failure to comply with the directives of NSU officials
s. violation(s) of the terms or condition of a disciplinary sanction(s) imposed
t. violation of any policy, procedure, or regulation of the university or any state or federal law, rule, regulation, or county ordinance
u. fraud, misrepresentation, forgery, alteration or falsification of any records, information, data, or identity
v. plagiarism
w. possession of drug paraphernalia
x. use of another student’s ID card

2. Students must have authorization from the university to have access to university documents, data, programs, and other types of information and information systems. Any use of the above without authorization is prohibited.

C. Supplementary Standards
Students are expected to comply with the legal and ethical standards of this institution and those of their chosen field of study, including the Code of Ethics for Computer Usage. The university and each center or program may prescribe additional standards for student conduct. Reasonable notice may be provided when additions or changes are made to the standards for student conduct. Students should refer to their center and/or Student Affairs Web site for policy updates or changes.
D. Violations
Any violation(s) of any of the academic standards, conduct standards, or supplemental standards may result in a complaint being filed against a student to enforce the Code of Student Conduct and Academic Responsibility. Deans, associate deans, or directors may, in their discretion, immediately suspend students pending a hearing on charges of academic, conduct, or supplemental standards violations. Violations of academic, conduct, or supplemental standards are subject to disciplinary action, up to and including, expulsion from the university. Violations of academic standards will be handled through the student’s academic college, school, or center. Violations of conduct or supplementary standards will be handled by the Office of the Vice President of Student Affairs or by the individual academic college, school, or center as deemed appropriate.

E. Sanctions
If the student is found in violation of the Code of Student Conduct and Academic Responsibility and/or university policies and procedures, one or more of the following sanctions may be imposed. The following list is only illustrative. The university reserves the right to take additional disciplinary action as it deems appropriate.

1. Expulsion
   Permanent dismissal from the university with no right for future readmission under any circumstances. A student who has been expelled is barred from campus and/or visiting privileges.

2. Suspension
   Mandatory separation from the university for a period of time specified in an order of suspension. An application for readmission will not be entertained until the period of separation indicated in the suspension order has elapsed. Readmission is subject to approval of the university. During the period of suspension, the student is barred from campus visiting privileges unless specific permission is granted by the vice president of student affairs or designee, or by the student’s program pursuant to its published policies and procedures.

3. Temporary Suspension
   Action taken by the vice president of student affairs/associate dean of student affairs, which requires a student’s temporary separation from the university until a final determination is made of whether or not a student is in violation of the Code of Student Conduct and Academic Responsibility.

4. Final Disciplinary Probation
   A disciplinary sanction serving notice to a student that his/her behavior is in flagrant violation of university standards, under which the following conditions exist:
   a. The sanction is for the remainder of the student’s career and may be reviewed by the dean of student affairs no sooner than two regular academic semesters or equivalent after the sanction is imposed. After two semesters in attendance, a student may initiate a request in writing for reduction of the sanction to disciplinary probation, but must also demonstrate reason to substantiate the request.
   b. Another violation of the Code of Student Conduct and Academic Responsibility will at a minimum result in suspension.

5. Disciplinary Probation
   A disciplinary sanction serving notice to a student that his/her behavior is in serious violation of university standards. A time period is indicated during which another violation of the Code of Student Conduct and Academic Responsibility will automatically raise the question of a more severe sanction (suspension or expulsion) if the student is found in violation.
6. Disciplinary Warning  
A disciplinary sanction serving notice to a student that his/her behavior has not met university standards. This sanction remains in effect for a designated number of semesters of attendance after which it is expunged from the student’s file.

7. Verbal Warning  
A verbal warning is a verbal admonition to the student by a university staff member that his/her behavior is inappropriate. A verbal warning will be noted in the student’s file for a period of time after which it is expunged from the student’s file.

8. Fines  
Penalty fees payable to the university for violation of certain regulations with the Code of Student Conduct and Academic Responsibility.

9. Restitution  
Payment made for damages or losses to the university, as directed by the adjudicating body.

10. Restriction or Revocation of Privileges  
Restriction or revocation of privileges is the temporary or permanent loss of privileges, including, but not limited to, the use of a particular university facility, visitation privileges, and parking privileges.

11. Termination or Change of Residence Hall Contract/Accommodation  
Termination or change of residence hall contract/accommodation is a disciplinary sanction that terminates or changes the Residence Hall Contract/Accommodation. This should be accompanied by another form of disciplinary action. It is considered permanent unless lifted by the vice president of student affairs/associate dean of student affairs/director of residential life or designee.

12. Counseling Intervention  
When extreme behavior indicates that counseling may be beneficial, the student may be referred to counseling.

13. Other Appropriate Action  
Disciplinary action not specifically outlined above, but approved through the vice president of student affairs/associate dean of student affairs or designee.

14. Parent/Legal Guardian Notification  
NSU personnel reserve the right to contact or notify a student’s parent(s) or legal guardian(s) of a minor student, under 21 years of age, in writing or by phone, when alcohol or drug violations of university policy occur, or when NSU personnel determine a student’s safety and/or welfare is at risk.

F. Appeal Process  
An appeal of disciplinary action taken by the Office of the Vice President of Student Affairs or its designee must be made in writing to the vice president of student affairs within 72 hours of the receipt of the written disposition of the hearing. In appealing a disciplinary decision, the appeal must fall into one of the following categories:

1. the student has new evidence that was not available prior to the original hearing
2. the disciplinary process was not adhered to during the student’s hearing
3. the sanction(s) do not relate appropriately to the violation

A written decision will be provided by the vice president of student affairs within a reasonable amount of time from receipt of the appeal request. The decision of the vice president of student affairs will be final. For appeals of disciplinary action taken by individual colleges, centers, or schools, please consult the academic section of this handbook related to this area and/or academic dean or designee.
Specific University Policies and Procedures

Admissions Policy

Please refer to the specific admission policies and procedures for each individual program center, college, or school.

In general, students are provisionally admitted to a degree-seeking program based on a review of unofficial transcripts or other specific program admission requirements. However, this admission includes a condition that final and official documents and requirements must be received by Enrollment and Processing Services within 90 calendar days from the start of the term. Undergraduate students must submit all final and official documents by the last day of the drop/add period of the student's first semester. If these final and official documents and/or requirements are not received by that time, the student will not be allowed to continue class attendance. Financial aid will not be disbursed to a provisional/conditional student until he or she has been fully admitted as a regular student (all admission requirements have been approved by the college/program admission office).

Alcohol Policy

Nova Southeastern University, as an institution of higher education, is dedicated to the well being of all members of the university community—students, faculty members, employees, and administrators. Concerned with the misuse of alcohol and other drugs (both licit and illicit), it is the policy of NSU to endeavor to prevent substance abuse through programs of education and prevention.

NSU recognizes alcoholism and drug abuse as illnesses or treatable disorders, and it is NSU’s policy to work with members of the NSU community to provide channels of education and assistance. However, it is the individual’s responsibility to seek help. NSU also recognizes that the possession and/or use of certain substances are illegal. NSU is further obligated to comply with all local, state, and federal laws.

The policy governing the use of alcohol by students at Nova Southeastern University is in compliance with the laws of the state of Florida prohibiting the consumption of alcoholic beverages by persons who are minors (under the age of 21). The policy is based on the use of alcohol in moderation and under appropriate circumstances. The university recognizes that students are adults and are expected to obey the law and take personal responsibility for their own conduct. The laws of the state of Florida prohibit the possession or consumption of alcohol by individuals less than 21 years of age.

1. The university will not authorize the use of student activity fees or other student funds collected and administered by the university to provide alcoholic beverages for any student event.

2. The sale, delivery, possession, and/or consumption of alcoholic beverages on any property owned and controlled by NSU is strictly prohibited, except as licensed by the state of Florida or otherwise permitted in these regulations. The use of alcoholic beverages on university premises shall be considered a privilege and may be allowed only if consistent with state laws and university regulations, and only when it will not interfere with the decorum and academic atmosphere of the campus.

3. Exception to this prohibition is made for university housing residents of legal drinking age. The possession and use of alcoholic beverages in university housing is governed by the Residential Living Guide.

4. The president, or an appropriate designee, may approve other exceptions to this prohibition, to allow possession or consumption of alcoholic beverages by persons of legal drinking age at designated events and locations on campus.
5. The use of alcoholic beverages off campus by students of legal drinking age is permissible. However, incidents of intoxication and/or misconduct are subject to university disciplinary action. Students are expected to comply with municipal, state, and federal laws pertaining to the possession and consumption of alcoholic beverages. Any violation of these laws may result in disciplinary action including, but not limited to, probation, suspension, or expulsion from the university.

Guidelines for the Use of Alcohol at University Student Events

1. Nova Southeastern University functions, which are student oriented, may serve only beer and wine. All requests for such events must be coordinated through NSU’s Office of the Vice President of Student Affairs.

2. Entry fees may be charged, but this fee is only for admission to the event, not for the sale of beer or wine.

3. One-quarter hour before the approved ending time listed on the exemption, ticket sales will stop.

4. Any advertisements for the event (including leaflets, invitations, posters, letters, and all other forms of advertisements) cannot advertise alcohol. These advertisements must display the following information: Beverages will be available. Must have valid state-issued picture identification for verification of age.

5. An adequate amount of food and alternative beverages (such as water, juice, assorted sodas, coffee, and teas) must be available throughout the duration of the event. These will be provided at the cost of the organization holding the event. The amount of food and beverages appropriate for the size of the event will be determined by the director of the student union.

6. No organization or individual may purchase beer or wine for an event. All beer and wine must be purchased and served by the Office of the Vice President of Student Affairs. No other alcohol is permitted.

7. The director of student activities or designee will be present during an event at which beer and wine are served. If the director is not available, then a university employee will be designated by the Office of the Vice President of Student Affairs. The organizational contact of the event must be present during the entire event as a point of contact for the director of the student union or designee.

8. The sponsoring organization is responsible for ensuring that all university policies are strictly obeyed. These guidelines do not override existing university policies, but rather, these guidelines should be used in conjunction with any and all other university policies.

9. Appropriate precautionary measures must be in place to ensure that alcoholic beverages are not served to persons under the legal drinking age. These measures include having a designated individual, as deemed by the Office of the Vice President of Student Affairs, screening people entering the event and attaching a bracelet or stamp indicating those of legal drinking age. At any time during the event, the screening individual has the option to decline identification provided by an individual. The entire staff working the event has the right to refuse service to individuals deemed as having enough alcohol before or during the event.

10. Under no circumstances should anyone be coerced to drink alcohol. All drinking games, contests, or events that encourage excessive drinking are prohibited. The sponsoring organization is responsible for ensuring that all NSU policies and procedures are strictly obeyed.

11. It shall be at the discretion of the Office of the Vice President of Student Affairs whether to make arrangements and pay for any security needs necessary based on the specifics of the event and the number of estimated attendees.
12. Violations of these guidelines during the event may result in the closing of the event. All individual violations will be referred to the Office of the Vice President of Student Affairs for review. The university can take disciplinary actions as a result of violations of these guidelines.

**Abuse/Physical Assault**

Nova Southeastern University has expectations of the student body to resolve differences in a mature and respectful manner. Physical abuse, verbal abuse, threats, intimidations, coercion, and/or other conduct that threatens or endangers the health, safety, and/or welfare of any other member of the university community on or off campus is prohibited.

**Acceptance of Professional Fees**

The activities of students in any other profession, position, or vocation are not to be construed as the practice of medicine, optometry, pharmacy, occupational therapy, physical therapy, physician assistance, dentistry, public health, law, psychology, counseling, nursing, audiology, anesthesiology assistance, vascular sonography, and/or education. It is a violation of the law and contrary to the policy of this university for any unlicensed person to engage in the professional practice of health care, law, psychology, audiology, and/or education. Students who are appropriately licensed in a profession may engage in that profession's work to the extent provided by the law. (Students of the College of Osteopathic Medicine are required to comply with the College of Osteopathic Medicine's policy and procedure regarding professional work while enrolled.)

**Arson**

No student shall commit or aid in the intentional commission of an act that results in a fire being ignited, which causes damage, or is intended to cause damage, to the property of the university or the personal property of any member of the university community.

**Bomb Threats**

The placement of a bomb threat is an intolerable violation of university policy, which will result in expulsion from the university.

**Breaking and Entering**

The entering, or attempt to enter, any room, building, motor vehicle, or other form of property without proper authorization or consent is prohibited.

**Campus Security Report**

Nova Southeastern University, through the Public Safety Department, annually publishes the *Campus Safety and Traffic Handbook*, which includes security policies, procedures, practices, and statistics for offenses. Information is also available on the NSU public safety Web site at [www.nova.edu/cwis/pubsafety](http://www.nova.edu/cwis/pubsafety).

**Cellular Phone Policy**

The university recognizes the growing trend regarding student possession of cellular phones and electronic devices with video, camera, or voice recording capabilities. In support of each individual's reasonable expectation of privacy, the copyright and intellectual property laws, the use of these cellular
phone features by NSU students must be in conjunction with express consent. Students are expressly forbidden to video, use camera or voice recordings without the express consent of the subject(s) being photographed or recorded. You may not place any pictures or videos of people on a Web page without the expressed permission of the people in the pictures or videos. Any student whose use of their cellular phone violates another's reasonable expectation of privacy or produces any media as a result of the cellular phone capabilities without express consent may be found in violation of this policy. Violations of this policy may lead to disciplinary action that may result in confiscation of the cellular phone and referral to Student Affairs as a violation of the NSU Code of Student Conduct. Students are instructed to refer to their center’s or college’s individual program policies regarding cellular phone use and possession, because additional restrictions may apply.

Closing Hours
No student is permitted to enter or remain in any university building or facility, including the swimming pools, or in the academic areas of the university, after normal closing hours, unless written approval to do so has been obtained in advance from authorized university personnel.

Complicity
Students associated with, or present during, the commission of an act(s) by another, which constitutes a violation of university policy, may also be charged if the student’s behavior constitutes permission, contributes to, or condones the violation.

Computers
The following five sections detail NSU policy related to the use of computers, email, and the Internet. The information is available at www.nova.edu/common-lib/policies.

Acceptable Use of Computing Resources
This policy provides guidelines for the appropriate and inappropriate use of the computing resources of Nova Southeastern University. It applies to all users of the university’s computing resources including students, faculty and staff members, alumni, and guests of the university. Computing resources include all computers, related equipment, software, data, local area networks, and listservs for which the university is responsible as well as networks throughout the world to which the university provides computer access.

The computing resources of Nova Southeastern University are intended to be used for its programs of instruction and research and to conduct the legitimate business of the university. All users must have proper authorization for the use of the university's computing resources. Users are responsible for seeing that these computing resources are used in an effective, ethical, and legal manner. Users must apply standards of normal academic and professional ethics and considerate conduct to their use of the university’s computing resources. Users must be aware of the legal and moral responsibility for ethical conduct in the use of computing resources. Users have a responsibility not to abuse the network and resources, and to respect the privacy, copyrights, and intellectual property rights of others.

In addition to the policy contained herein, usage must be in accordance with applicable university policies (see Related policies listed at the end of this section) and applicable state and federal laws. Among the more important laws are the Florida Computer Crimes Act, the Federal Computer Abuse Amendment Act 1994, the Federal Electronic Communications Privacy Act, and the U.S. Copyright
Act. Copies of these laws and the NSU copyright policy may be examined in the Office of Academic Affairs. Unauthorized distribution of copyrighted material, including unauthorized peer-to-peer file sharing, may subject the student to civil and criminal liabilities.

Policy violations generally fall into five categories that involve the use of computing resources:

1. for purposes other than the university’s programs of instruction and research and the legitimate business of the university
2. to harass, threaten, discriminate, stalk, intimidate, or otherwise cause harm or attempt to cause harm to specific individuals or classes of individuals
3. to impede, interfere with, impair, or otherwise cause harm to the activities of others
4. to download, post or install to university computers, or transport across university networks, material that is illegal, proprietary, in violation of license agreements, in violation of copyrights, in violation of university contracts, or otherwise damaging to the institution
5. to recklessly, willfully, negligently, or maliciously interfere with or damage NSU computer or network resources or computer data, files, or other information

Examples (not a comprehensive list) of policy violations related to the above five categories include:

- using computer resources for personal reasons
- using computer resources to invade the privacy of another
- sending email on matters not concerning the legitimate business of the university
- sending an individual or group repeated and unwanted (harassing) email or using email to threaten someone
- accessing, or attempting to access, another individual’s data or information without proper authorization (e.g. using another’s computing account and password to look at their personal information)
- creating a false email address
- propagating electronic chain mail, pyramid schemes or sending forged or falsified email
- obtaining, possessing, using, or attempting to use someone else’s password regardless of how the password was obtained
- copying a graphical image from a Web site without permission
- posting a university site-licensed program to a public bulletin board
- using illegally obtained licensed data/software, or using licensed data/software in violation of their licenses or purchase agreements
- releasing or threatening to release a virus, worm, or other program that damages or otherwise harms a system, network, or data
- preventing others from accessing services
- attempting to tamper with or obstruct the operation of NSU’s computer systems or networks
- using or attempting to use NSU’s computer systems or networks as a means for the unauthorized access to computer systems, networks, or data outside the university
- improper peer-to-peer file sharing
- viewing, distributing, downloading, posting or transporting child or any pornography via the Web, including sexually explicit material for personal use that is not required for educational purposes
• using university resources for unauthorized purposes (e.g. using personal computers connected to the campus network to set up Web servers for illegal, commercial, or profit-making purposes)
• violating federal copyright, intellectual property, and/or trademark laws or the NSU copyright, intellectual property, and/or policy

Inappropriate conduct and violations of this policy will be addressed by the appropriate procedures and agents (e.g., the Office of the Vice President for Academic Affairs or the Office of Human Resources) depending on the individual’s affiliation to the university. In cases where a user violates any of the terms of this policy, the university may, in addition to other remedies, temporarily or permanently deny access to any and all NSU computing resources, and appropriate disciplinary actions may be taken, up to and including dismissal.

Enterprise Username and Password Policy

Policy Rationale
Nova Southeastern University's (NSU) network and information systems provide the technical foundation for conduct of its academic, research and administrative missions. Providing this open access to information technology is imperative to ensuring academic freedom at the institution. An important part of providing this network access is ensuring that the network and associated information is secure.

The purpose of this policy is to provide guidance to faculty, staff, students, and other authorized users regarding usernames and passwords in order to protect individual and University information and resources. Adherence to this policy will help ensure that the university network and information systems are standardized, secure, and available to all.

Policy Statement
Usernames must be assigned to each individual user to access any NSU network. Generic usernames may only be used in circumstances where they are deemed appropriate by the Chief Information Security Officer.

Passwords must meet the minimum standards set by the Chief Information Security Officer and, if possible, applications and devices providing access to technical resources must technically enforce them. Faculty, staff, vendors, and students must adhere to the standards for all systems and applications that come into contact with University technical resources.

Systems That Cannot Comply with Minimum Standards
If the minimum standards cannot be met, the system must be protected by other means, such as, but not limited to, a dedicated firewall, limited network access or multi-factor authentication. These mitigating controls need to be documented and forwarded to the Chief Information Security Officer for recording and audit purposes.
Remedies
The University reserves the right to
- suspend access to preserve the confidentiality, integrity, and availability of the network, systems or information
- periodically audit passwords for compliance
- pursue disciplinary action because of non-compliance

Username Standards
The current policy for university employees is to create the user ID from a combination of the user's first initial concatenated with their last name. If the user name already exists we add a number.

Example:
John Smith
Username: jsmith@nova.edu
(The second John Smith to be setup would be setup as jsmith1@nova.edu.)

The current policy for university students is to create the user ID from a combination of the user's first name initial, last name first initial, and system generated random numerals.

Example:
Mary Jones
Username: mj2427@nova.edu

Username and Email Address
Note: The university email address must be formatted the same as the username, so in the case of user John Smith with username jsmith, the resulting email address would be jsmith@nova.edu.

Minimum Password Standards for User Accounts
The following standards have been established by the Chief Information Security Officer. Absent a more secure password selection, the minimum baseline password standard for users and owners of systems utilized by the University is as follows:
- Passwords chosen must be a minimum of eight characters in length.
- From the following four different subsets of character classifications, pick at least one character, from at least three of the different subsets.
  - uppercase letter (A-Z)
  - lowercase letter (a-z)
  - digit (0-9)
  - special character (~`!@#$%^&*()+=_-{}[]\|;:’",.<>)
(A password example for a user account could be: one upper case character, one digit character, one special character, and five or more additional characters of your choice.)
- be private
- passwords chosen must not
  - contain a common proper name, login ID, email address, initials, first, middle or last name
- each password chosen is new and different
Nova Southeastern University will also enforce the following system parameters to ensure more secure controls:

- maximum password age – 365 days
- minimum password age – one day (meaning that the user will not be able to change the new password they choose on their own for at least one day after the change is made)
- remembered passwords (History) – three (meaning that the user will not be able to use the last three passwords that they have used previous to the current password)

Passwords for user accounts must be changed immediately when a user that had access to that account is no longer with NSU.

**Minimum Password Standards for Generic and Service Accounts**

The following standards have been established by the Chief Information Security Officer. Absent a more secure password selection, the minimum baseline password standard for generic user accounts and service accounts (service accounts are typically used to start services on servers and other devices) is as follows:

- passwords chosen must be a minimum of 15 characters in length
- from the following four different subsets of character classifications, pick at least one character, from at least three of the different subsets.
  - uppercase letter (A-Z)
  - lowercase letter (a-z)
  - digit (0-9)
  - special character (~`!#$%^&*()+=_-\{|}\|:;’”’<>,.)

(A password example for a generic or service account could be: one upper case character, one digit character, one special character, and 12 or more additional characters of your choice.)

- be private
- passwords chosen must not
  - contain a common proper name, login ID, email address, initials, first, middle or last name
- each password chosen is new and different

Nova Southeastern University will also enforce the following system parameters to ensure more secure controls:

- maximum password age—365 days.
- minimum password age—one day (meaning that the user will not be able to change the new password they choose on their own for at least one day after the change is made)
- remembered passwords (History) – three (meaning that the user will not be able to use the last three passwords that they have used previous to the current password)

Passwords for generic and service accounts must be changed immediately when a user that had access to that account is no longer with NSU.
Account Lockout
An account lockout policy disables a user account if an incorrect password is entered a specified number of times over a specified period. These policy settings help to prevent attackers from guessing users’ passwords, and they decrease the likelihood of successful attacks on the network.
Accounts that are logged into more than five times incorrectly (using the wrong username and password combination) will be locked out for a period of 15 minutes after which they will automatically be unlocked and available for use again.

Security Notification
If an account or password is suspected of having been compromised, report the incident to NSU IT Security at (954) 262-4643 or via email at and change the password(s) immediately.

Security Auditing
Password auditing may be performed on a periodic or random basis by NSU IT Security staff or its delegates. If a password is determined to be too weak during one of these scans, the user will be notified by IT Security and required to change it immediately.

Pass phrases
Pass phrases are not the same as passwords. A pass phrase is a longer version of a password and is, therefore, usually more secure. A pass phrase is typically composed of multiple words. Because of this, a pass phrase is usually more secure against attacks by hackers and malware.
An example of a good pass phrase: “MaryH4daL1tleLamb!”, or the phrase “I love to play badminton” could become I Luv2 Play B@dm1n

All of the rules above that apply to passwords apply to pass phrases

Access to NSU Online Systems
The following policy is also available at www.nova.edu/common-lib/policies/isp.policy.html.
In order to access the university's computing resources, all NSU students must provide their own Internet access service through a suitable Internet service provider.

Electronic Mail Communications
The following policy is also available at www.nova.edu/common-lib/policies/emailcomm.policy.html.
NSU requires students and faculty and staff members to hold and maintain one official university computer account that is used to access major computing resources, including electronic mail. These university-assigned computer accounts correspond directly to NSU email addresses (see below). All official electronic mail communications directed to NSU students and faculty and staff members will be sent exclusively to NSU-assigned computer accounts to ensure timely and accurate delivery information. NSU students may forward their NSU generated email to external locations, but do so at their own risk.

Relationship between NSU computer account and email address:
If your assigned computer account name is janedoe
Your email address will be janedoe@nsu.nova.edu
Note: A computer account may also be referred to as an email name or a username.
Web Pages—Use of Material

The following policy is also available at www.nova.edu/common-lib/policies/copyright.html.

You should assume that materials you find on the Web are copyrighted unless a disclaimer or waiver is expressly stated. You may not place any materials owned by others (i.e., copyrighted works) on your Web pages(s) without the expressed permission of the copyright owner (examples: graphic images from other Web pages, articles, video, audio, photographs, software, or images scanned from published works). You may include short quotations of text provided you identify in an obvious way (e.g., in a footnote) the author and the work from which the quotation is taken. If you want to include something from another Web page in one of your Web pages, then link to it rather than copy it. The occurrence of plagiarism on your Web page is subject to the same sanctions as apply to plagiarism in any other media. Images in the NSU graphics repository may be used on Web pages without permission. Clip art images provided with licensed software may be used if permitted in the license agreement for such software. You may not place any pictures or videos of people on a Web page without the expressed permission of the people in the picture or video. Every person has the right to privacy, which includes the right to restrict the use of his/her own image. In addition, the picture or video may be protected by copyright. If you have received formal permission to use material owned by another, place the following notice on the page that contains the copied material: Copyright 2005 by (name of the copyright owner). Used with permission.

Although a copyright notice is not required to assert your rights to your own original material, you may want to include a minimal notice of copyright in a Web page footer when appropriate. When used, the copyright notice should appear as follows:

- Web pages:
  Copyright 2005 (your name). All rights reserved.
- Organization Web pages (examples):
  Copyright 2005 Cornell Law Review. All Rights Reserved.
  Copyright 2005 Nova Southeastern University. All Rights Reserved.

Consensual Relations Between Faculty Members and Students

At Nova Southeastern University, romantic and sexual relationships between a faculty member and a student are subject to the prohibition against sexual harassment.

Romantic or sexual relationships between a faculty member and a student then enrolled in the faculty member's class (including supervised student activities for which academic credit is given) may appear to be coercive, and are prohibited. Even when no coercion is present, such relationships create an appearance of impropriety and favoritism, which can impair the academic experience of all students in that class. It is, therefore, improper conduct and prohibited for a faculty member to engage in a romantic or sexual relationship with a student then enrolled in the faculty member's class.
Contracting on Behalf of the University

Unless specifically authorized by the appropriate university authority, students may not contract on behalf of the university. Students who attempt to, or enter into, a contract on behalf of the university without proper authorization, are subject to disciplinary action that will result in a hold being placed on university records and transcripts until restitution is made, as well as such other sanctions as may be appropriate. Any contract entered into on behalf of the university by a student without proper authorization is void.

Disabilities

Nova Southeastern University complies with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act (ADA) of 1990. No qualified individual with a disability shall be excluded from participation in, be denied the benefits of, or be subjected to discrimination in any activity, service, or program of the university solely by reason of his or her disability. Each qualified individual with a disability who meets the academic and technical standards required to enroll in and participate in Nova Southeastern University’s programs shall be provided with equal access to educational programs in the most integrated setting appropriate to that person’s needs through reasonable accommodation.

At the postsecondary level, it is the student’s responsibility to initiate the process for disability services. The process for obtaining a reasonable accommodation is an interactive one that begins with the student’s disclosure of disability and a request for a reasonable accommodation. The student has the responsibility to provide Nova Southeastern University with proper documentation of disability from a qualified physician or clinician who diagnoses disabilities and sets forth the recommended accommodations.

Student requests for accommodation will be considered on an individual basis. Each student with a disability should contact the Office of Student Disability Services prior to the commencement of classes to discuss his or her needs.

Academic Accommodation(s) Process

Requests for accommodation must be made in writing to the Office of Student Disability Services and must be supported by appropriate documentation of recent medical, psychological, or educational assessment data administered and evaluated by a qualified professional. If the student disagrees with the accommodation(s) proposed by the disability service representative in consultation with the appropriate program director and/or faculty member, he or she may appeal the decision through that center’s, college’s, or school’s appellate process. If the issue cannot be satisfactorily resolved at the center, college, or school level, the student may appeal in writing no later than 10 days after the final decision to the university’s Academic Accommodation Appellate Committee, which consists of the university’s ADA coordinator or associate dean of students (if the ADA coordinator was consulted in the accommodation process) and representatives from at least four different academic centers, colleges, and/or schools. The student will be given the opportunity to present his or her appeal in an appearance before the committee. The committee will also review all relevant documents submitted with the written appeal before rendering a decision. The student will be notified in writing of the committee’s decision within a reasonable amount of time of the hearing. The decision of the university’s Academic Accommodation Appellate Committee is final and binding upon the student without further appeal.

Academic Accommodation Appellate Committee Guidelines

1. Upon receipt of a notice of appeal, the ADA coordinator shall schedule a meeting of the committee at a time and place convenient to the student and to the committee members.

2. The student shall have the opportunity to present relevant documents for review by the committee.
3. The student shall be given the opportunity to personally meet with the committee and to present his or her appeal.

4. Proceedings of the committee shall be kept in strict confidence.

The following are prohibited in all committee meetings:

- any recording of the meeting, except official minutes
- legal counsel
- uninvited guests

In reaching its decision, the committee may consult with recognized experts in the field of disabilities and/or organizations such as the Association of Higher Education and Disability. The student shall be notified in writing of the decision of the committee within a reasonable amount of time of the committee meeting. All decisions of the committee are final and binding on the student without further appeal.

**Facility and Grounds Accommodation(s) Process**

Students requesting an accommodation involving modification to a facility or the grounds of the university must meet with the ADA coordinator Arlene Gizkowski, director of the Office of Student Disability Services, (954) 262-7189, to discuss their specific needs. Requests for accommodation must be made in writing to the ADA coordinator and be supported by the appropriate documentation of recent medical, psychological, or educational assessment data administered and evaluated by a qualified professional. Requests for an accommodation involving modification to a facility or grounds of the university will be considered on an individual basis. When considering the request, the ADA coordinator will consult with the director of the specific facility (e.g., residential life and housing) involved in the request for accommodation and the director of facilities management.

If the student disagrees with the facility or grounds accommodation proposed by the ADA coordinator, he or she may appeal in writing no later than 10 days after the decision to the Facility and Grounds Accommodation Appellate Committee, which consists of the university associate dean of student affairs, vice president of facilities management or his/her designee, and a disability service representative from at least three different academic centers, colleges, and/or schools. The student will be given the opportunity to present his or her appeal in an appearance before the committee. The committee will review all relevant documents submitted with the written appeal before rendering a decision. The student will be notified in writing of the committee’s decision within a reasonable amount of time of the hearing. The decision of the university's Facility and Grounds Accommodation Appellate Committee is final and binding upon the student without further appeal.

**Facility and Grounds Accommodation Appellate Committee Guidelines**

1. Upon receipt of a notice of appeal, the associate dean of student affairs shall schedule a meeting of the committee at a time and place convenient to the student and to the committee members.

2. The student shall have the opportunity to present relevant documents for review by the committee.

3. The student shall be given the opportunity to personally meet with the committee and to present his or her appeal.

4. Proceedings of the committee shall be kept in strict confidence.

The following are prohibited in all committee meetings:

- any recording of the meetings except official minutes
- legal counsel
- uninvited guests
In reaching its decision, the committee may consult with recognized experts in the field of disabilities and/or organizations such as the Association of Higher Education and Disability. The student shall be notified in writing of the decision of the committee within a reasonable amount of time of the committee meeting. All decisions of the committee are final and binding on the student without further appeal.

**Discriminatory Conduct**

Discriminatory conduct based on such factors as race, color, religion or creed, sex, national origin, disability, age, ancestry, marital status, sexual orientation, pregnancy, military service, veteran status, or political beliefs, including but not limited to, violations under all federal and state laws, rules, regulations, and/or acts including, but not limited to, Title VII, Title VI, Title IX, Title II, Title III, Americans with Disability Act, the Rehab Act, Age Discrimination Act, and Florida Civil Rights Act are unacceptable and prohibited in the university. In addition, the law prohibits retaliation against an individual for opposing any practices forbidden under this policy, for bringing a complaint of discrimination or harassment, for assisting someone with such a complaint, for attempting to stop such discrimination or harassment, or for participating in any manner in any investigation or resolution of a complaint of discrimination or harassment. In the event a student feels discriminated against by another student, an NSU faculty or staff member, an employee, or a third party, the student should contact the appropriate academic center representative or the university Title IX coordinator, Gay Holliday, associate dean of student affairs, at (954) 262-7280.

**Drug-Free Schools and Campuses**

In order to comply with the Drug-Free Schools and Communities Act (Pub. L. No. 101-226, Title 34 C. F. R., part 86), Nova Southeastern University has adopted the following policy for all workplace, school, campus, and field-based programs.

The unlawful manufacture, distribution, dispensation, possession, or use of illicit drugs and the abuse of alcohol are prohibited in and on property owned or controlled by Nova Southeastern University and as a part of any of its activities (see Controlled Substances Chart in Appendix A).

The term “illicit drugs” refers to all illegal drugs, and to legal drugs obtained or used without a physician's order. This policy does not prohibit the use of prescribed medication under the direction of a physician. No Nova Southeastern University student or employee is to report to work or school while under the influence of illicit drugs or alcohol. Possession of paraphernalia for illegal drug use, or taking a prescription that does not belong to you, are also prohibited.

There are serious health risks associated with the abuse of drugs and alcohol. If you, a fellow student, teacher, or coworker has a problem with abuse of drugs and/or alcohol, help can be provided at the following locations:

When a student uses or deals in drugs, he or she also risks incarceration and/or fines. In addition to the federal sanctions, Florida state statutes provide sanctions in regard to the use, possession, and/or sale of illicit drugs and the abuse of alcohol. Punishment varies depending on the amount and type of drugs and/or alcohol involved. Felony convictions range from one year to life imprisonment. Possession of not more than 20 grams of cannabis is punishable as a misdemeanor of the first degree. Punishment for misdemeanors ranges from less than 60 days to one-year imprisonment.

Under Sec. 893.13, Florida Statutes: It is unlawful for any person to sell, manufacture, deliver, or possess with intent to sell, manufacture, or deliver a controlled substance. Violation of this statute is a felony and is punishable under Chapter 775 of the Florida Statutes.

Under Sec. 893.13 (1) (c), Florida Statutes: It is unlawful for any person to sell, manufacture, deliver, or possess with the intent to sell, manufacture, or deliver a controlled substance in, on, or within 1,000 feet of a public or private elementary, middle, or secondary school. Punishment for a violation of this statute may include a minimum three-year imprisonment.

Under Sec. 316.1936, Florida Statutes: It is unlawful for any person to possess an open container of an alcoholic beverage or consume an alcoholic beverage while operating a vehicle in the state or while a passenger in or on a vehicle being operated in the state. Violation of this law will result in a noncriminal moving traffic violation, punishable as provided in Chapter 318 of the Florida Statutes, with fines and points on a driving record leading to driver’s license suspension.

Under Sec. 316.193, Florida Statutes: A person is guilty of driving under the influence (DUI) if such a person is driving or in actual physical control of a vehicle within the state and the person is under the influence of alcoholic beverages or any controlled substance when affected to the extent that his or her normal faculties are impaired or the person has a blood alcohol level or breath alcohol level of .08 percent or higher. Criminal penalties for DUI include, but are not limited to, fines and incarceration.

By applying for a driver’s license and accepting and using a driver’s license, a person holding the driver’s license is deemed to have expressed consent to submit to breath, blood, and urine tests for alcohol, chemical substances, or controlled substances.

Any Nova Southeastern University student determined to have violated this policy will be subject to referral for prosecution by the appropriate authorities. Other sanctions include evaluation/treatment for drug-use disorder, which may include mandatory completion of a drug/alcohol abuse rehabilitation program, and/or other university sanctioning, which may include expulsion.

All Nova Southeastern University students will, as a condition of their enrollment, abide by the terms of this policy.

**Drug Policy—Zero Tolerance**

Any student found in violation of the drug-free schools and campuses policy with regard to the unlawful manufacture, distribution, dispensation, possession, or use of illicit drugs or alcohol will face serious university disciplinary action, which may include expulsion from the university (see Controlled Substances Chart in Appendix A).

**Emergency Situations**

To report an on-campus emergency situation from an on-campus phone, contact the police at 9-911 and public safety at extension 28999. If calling from off campus, dial the police at 911 and public safety at (954) 262-8999.
Failure to Comply
All students and guests of NSU are expected to comply with the directives or reasonable requests of university officials acting in the performance of their duties. This requirement includes reasonable requests for students to meet appointments in administrative offices; participation in administration and/or judicial proceedings; and the compliance by the stated deadline with all the terms and conditions of all disciplinary sanctions. Administrative discretion may be used to place a hold on a student's account (registration, grades, etc.) if the student fails to comply with the directions of a university official.

False Information
Providing false or misleading information to the university or a university official, or to a local, state, or national agency or official is a violation of the Code of Student Conduct and Academic Responsibility subjecting a student to disciplinary action up to and including expulsion or rescission.

Falsification of Records
Falsification of university records is prohibited. University records include, but are not limited to, admission, enrollment, registration, financial aid, student disciplinary, academic, health records, parking decals/hang tags and student employment records.

Inappropriate conduct and violations of this policy will be addressed by the appropriate procedures and agents (e.g., the Office of the Vice President for Academic Affairs or the Office of Human Resources) depending on the individual's affiliation with the university. In cases where a student violates any of the terms of this policy, the university will take appropriate disciplinary actions, up to and including expulsion.

Fire Safety
Unnecessarily setting off a fire alarm; unnecessarily tampering with fire hoses, extinguishers, exit signs, and alarm equipment; or blocking fire exits and other means of impeding traffic may result in immediate university disciplinary action and criminal prosecution. Failure to evacuate any building on campus during a fire alarm is also prohibited.

Fraud
Any act or statement (written or oral) containing false, incomplete, or misleading information intended to deceive or misrepresent any agency of the university or any person or business is prohibited.

Gambling
Gambling may include, but is not limited to, wagering on or selling pools on any athletic or other event; possessing on one's person, premises (e.g., rooms, residence unit, car), or in a computer account or electronic format, any card, book, or other device for registering bets; knowingly using or permitting the use of one's premises or one's telephone or other electronic communication device for illegal gambling; knowingly receiving or delivering a letter, package, or parcel or electronic or telephonic communication related to illegal gambling; or playing or engaging in any game, at any place, by any device whatever for money or other thing of value. Students found in violation of the prohibition against gambling may be subject to disciplinary action up to and including dismissal.
Grievance Procedures for Nonacademic Disputes

This process should be followed for all nonacademic grievances of policies/procedures that are not governed by a specific academic center, program, college, or school. Academic grievances should be referred to the student’s academic center. The purpose of these grievance procedures is to promote the orderly resolution of problems arising out of a student complaint concerning a policy, procedure, or administrative action of Nova Southeastern University. Grievances can often be adversarial, unpleasant, and unsatisfying, so we recommend that students discuss problems before resorting to the formal grievance steps. When formal grievance steps are perceived as necessary, students have a right to a fair process and hearing without retribution.

1. First, the student should attempt to resolve an issue in dispute at the level at which the dispute occurred. This attempt must be in writing (i.e., email, regular mail, or fax). The student may wish to use certified mail to verify receipt of the correspondence. In the correspondence, the student must present a rationale for his or her position based on factual information.

2. The student will receive a reply, in writing, which addresses the complaint.

3. If the reply is not acceptable, the student is encouraged to submit the complaint in writing to the associate dean of student affairs. The associate dean of student affairs will attempt to resolve the dispute.

4. If the associate dean is unable to resolve the dispute, he or she will notify the student and the vice president of student affairs in writing.

5. The student may then appeal in writing to the vice president of student affairs.

6. The vice president will investigate and review the findings, and will notify the student in writing of his or her decision.

7. The vice president’s decision is final and binding and cannot be appealed.

Guests

Students are welcome to bring guests to the campus, but must assume responsibility for the conduct of their guests and must accompany them at all times. If a guest is asked to leave a specific area of campus, it is the responsibility of the student host to cooperate with the university official making the request. The university reserves the right to exclude all guests from any area on campus in times of impending or actual crises or emergencies, such as hurricanes, campus disruptions, or bomb threats, and to exclude any guest(s) from any area of the campus for any reason the university deems appropriate.

Health Policies

Communicable Diseases Guidelines

It is the intent of the university to protect students from communicable diseases that pose reasonable risk of harm to members of the university community. It is also the intent of the university to protect the rights of those infected with a communicable disease. Students who do become infected with a communicable disease must report the contracting of the disease to their program dean and the associate dean of student affairs and are subject to the guidelines listed below. The university will be flexible in its response to incidents of communicable diseases, evaluating each occurrence in light of this policy and current available medical information.

• NSU will make available to the university community detailed information concerning the transmissibility of communicable diseases and precautions that can be taken to prevent the spread of various communicable diseases.
• Infected students can continue to study and work as long as they are able to continue to perform regular responsibilities satisfactorily, and as long as the best available medical evidence indicates that their continual status does not present a health or safety threat to themselves or others.

• An infected student returning to school after a leave of absence for reasons related to a communicable disease must provide a statement from the treating physician indicating current medical status. Students should submit their statement to their program dean or appropriate designee based on the policies of their respective college, school, or center, and the associate dean of students.

• Within reason, the university will make accommodations to the infected person, whenever possible, to ensure continuity in the classroom.

• No infected student may be dismissed from the university solely on the basis of a diagnosis of an infection of a contagious disease. A decision to dismiss or discharge will only be made after reasonable accommodation has been attempted, and an examination of facts demonstrates that the infected person can no longer perform essential requirements of the position or program, with or without a reasonable accommodation, or poses a reasonable threat to the health and safety of others.

In the event that a student has a concern about the potential for the spread of a communicable disease within the university community, those concerns should be brought to the Office of the Vice President of Student Affairs for review consistent with the current available information on the spread of the particular communicable disease. After review and evaluation of the concerns, if there appears to be a reasonable likelihood of the spread of the disease within the university community by an infected person, the Office of the Vice President of Student Affairs will, after notification of the issues presented to the university president, contact the Centers for Disease Control and Prevention and/or Broward Health Department for recommendations of appropriate action consistent with state law.

Health Insurance
Nova Southeastern University requires all undergraduate day students, residential on-campus students, and Health Professions Division (HPD) students to have some form of health insurance. Federal visa regulations also require international J-1 students and their J-2 dependents to maintain adequate health insurance throughout their stay in the United States.

If the above paragraph applies to you, your NSU account will be charged for the health insurance premium. If you currently maintain comparable coverage that is greater or equal to that of NSU’s policy, you must complete the online waiver form, available on the student Web site (www.nova.edu/studentinsurance).

Should you have any questions regarding the student health insurance plan, please feel free to contact the student insurance department at (954) 262-4060 or 800-922-3420 or www.collegiaterisk.com.

Hurricane Procedures
A hurricane watch is a governmental agency announcement issued for an area when there is a threat of hurricane conditions, generally to strike within 36 hours.

A hurricane warning is an announcement issued for an area when hurricane conditions are expected to strike within 24 hours.
When a hurricane warning is received, all protective preparations should be made, with the expectation that the hurricane will strike.

Nova Southeastern University provides a 24-hour “Hurricane Hotline” for this type of emergency. The hotline number is (954) 262-7300.

Local hurricane shelter information can be obtained through county governmental information telephone numbers. For Broward County shelter information, contact Broward County Emergency Preparedness at (954) 357-8250.

Hurricane Watch
In the event of a hurricane watch, the university president will confer with members of NSU administrative staff in preparation for hurricane protection activity.

Members of the university community may begin plans for evacuating the campus and preparing facilities and equipment for hurricane protection.

Hurricane Warning
If a hurricane warning is issued, the university president will decide if the university will be evacuated.

If the president orders the closing of the university, the appropriate directives will be relayed by the vice presidents to their areas of responsibility.

The NSU Office of Public Affairs will contact major news organizations for immediate broadcast notification.

Procedures for Residence Halls
Upon announcement by the U.S. Weather Bureau that a HURRICANE or TROPICAL STORM WARNING status has been declared, the director of housing or director of residential life will be notified and will relay weather information to the department staff members and residents. For information, visit www.nova.edu/reslife or call (954) 262-7052.

Safety Procedures
• Follow instructions of public safety officers and emergency personnel.
• Residence hall students: follow the instructions of residential life staff.
• Stay indoors until advised to exit.
• Do not open windows or doors to see what is happening outside.
• Beware of the eye of the storm. The eye is the center of the hurricane, which may bring a temporary period when the air may be calmed. Do not leave your safety or shelter until advised by public safety or the local officials. Residential students will be notified by residential life staff.
• When the “all-clear” is given, exit your location with extreme care. Beware of electrical wires, broken glass, and falling or fallen objects.
• Do not enter structures, vehicles, or areas that are damaged; many people are killed after a storm by electrocution.
• For NSU opening information, call the NSU Hurricane Hotline at (954) 262-7300.
• Enter NSU property only after permitted, and follow safety instructions.
Broadcast Information
An email message regarding the university closure will be instituted within the NSU email system. The NSU telephone central switchboard will also be available for direct information.

Interference with university investigations, disciplinary proceedings, or records may result in disciplinary action.

In an effort to foster and provide an environment free from bias or prejudice for the parties involved, publication (verbal or written communication(s)) regarding any university investigatory, administrative, disciplinary, or judicial proceeding is prohibited, if the publication is deemed by the appropriate official overseeing the proceeding to compromise the impartiality and integrity of the proceeding.

Communication related to the proceeding will be limited to identified individuals using administrative discretion on a need-to-know basis.

International Travel Registration Program

NSU faculty, students, and staff travel across the globe to teach, conduct research, present at seminars and workshops, attend conferences, and study. The university maintains a central international travel registration program that assists travelers on NSU-related business or study with the assessment of health and safety issues associated with traveling to international destinations, and provides important contact information for services and assistance in the event of an emergency.

As per university policy, all faculty, staff, and students traveling to international destinations on NSU-related trips are required to complete the NSU Travel Registration process.

www.nova.edu/internationalaffairs/travelreg/index.html

The travel office provides basic travel services for students, faculty members, and staff members. Please visit the travel office Web site for a current listing of NSU discounts with airline, car rental companies, and hotels at www.nova.edu/cwis/bsv/travel.

Lake Swimming

Swimming in any lake, canal, and/or body of water on the Nova Southeastern University campus or being in the shark fountain is strictly prohibited and any violations of this policy will be subject to disciplinary action.
Life-Threatening Behavior
Nova Southeastern University recognizes that certain life-threatening behavior (e.g., suicide threats, gestures, or attempts; eating disorders; substance abuse; threats, gestures, or attempts to harm others) is a sign of personal distress. The university is committed to helping students alleviate whatever stress factors are precipitating life-threatening behavior by providing support and/or referral through use of appropriate resources. However, since it is critically important to maintain civility and respect for all members of the university community, it is recognized that action must be taken when such behavior is considered by the university to be disruptive to and unacceptable in the academic and social/living environment.

Students may not throw, discard, place, or deposit litter or project objects from university buildings or on university grounds except in receptacles provided for such purposes.

Excessive noise that disturbs the campus environment, unless approved by the Office of the Vice President of Student Affairs or designee for a special event, is not allowed. Students are held responsible for the actions of their guests.

Off-Campus Violations
The university reserves the right to take disciplinary action for violations of the Code of Student Conduct and Academic Responsibility and university policies and procedures, even when they occur off campus or through electronic communications.

Family Educational Rights and Privacy Act (FERPA)

The Family Educational Rights and Privacy Act of 1974 (FERPA), also known as the Buckley Amendment, affords a student certain rights with respect to his or her education records. These rights include

• The right to inspect and review the student's education records within 45 days of the day the university receives a request for access. A student should submit to the Registrar's Office a written request that identifies the record(s) the student wishes to inspect. The Registrar's Office will arrange for access and notify the student of the time and place where the records may be inspected.

• The right to request the amendment of the student's education record that the student believes is inaccurate or misleading. A student who believes that his or her education records contain information that is inaccurate or misleading, or is otherwise in violation of the student's privacy or other rights, may discuss his or her concerns informally with the University Registrar. If the decision is in agreement with the students' requests, the appropriate records will be amended. If not, the student will be notified within a reasonable period of time that the records will not be amended and will be informed by the Office of the University Registrar of his or her right to a formal hearing.

• The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception that permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the university in an administrative, supervisory, academic, research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the university has contracted (such as an attorney, auditor, collection agent, loan servicing agent, or the National Student Clearinghouse); a person serving on the board of trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her
tasks. A school official has a legitimate education interest if the school official needs to review an
education record in order to fulfill his or her professional responsibility. Upon request, the university
may disclose educational records, without consent, to officials of another school in which a student
seeks or intends to enroll or is already enrolled, so long as the disclosure is for purposes related to
the student’s enrollment and transfer.

Release of Student Information
A student can give consent to permit Nova Southeastern University to discuss and/or release personal
identifiable information to a third party such as a spouse, a parent, a guardian, etc. This consent
must be provided in writing with the student’s signature. To provide a written consent, complete the
Authorization for Release of Information form available on the Office of the University Registrar’s

A student may also withhold directory information (as defined above) by completing the Request to
Prevent Disclosure of Directory Information form. A student is warned, however, that some of the
consequences of preventing disclosure of directory information may be undesirable: a student’s name
will not be published on the Dean’s List or commencement bulletins, and requests from prospective
employers are denied.

Deceased Student Records
Records of a deceased student will be made available to the parent(s), spouse, or executor/executrix
of the deceased student and other authorized parties upon written request. The request must include
the need for the records; must identify the requestor’s relationship to the deceased student; and must
be accompanied with an official record certifying authorization to receive the student records, e.g.,
assignment as executor/executrix. An official copy of the death certificate must accompany the request,
if the university does not have prior notice of the student’s death. The university reserves the right
to deny the request. For further assistance on this matter, students should contact the University
Registrar’s Office.
Health Care Privacy (HIPAA) Statement
The Health Insurance Portability and Accountability Act of 1996 ("HIPAA") requires "covered entities" to abide by the regulations governing the privacy, confidentiality, and security of protected health information, defined as individually identifiable health information created, received, maintained, or transmitted at or by a covered entity, whether such information is electronic, written, or spoken. NSU is considered a "hybrid entity" for purposes of compliance with the HIPAA Privacy and Security Regulations, as NSU's business activities include both covered and non-covered functions. As such, NSU's covered health care centers are subject to the requirements of the HIPAA Privacy and Security Regulations, as well as policies implemented by NSU.

Pursuant to the HIPAA Privacy and Security Regulations, each covered NSU health care center is responsible for enacting privacy and security policies and procedures. Thus, the various NSU health care centers that provide patient care in a HIPAA-covered setting have enacted such policies and procedures. All NSU health care center workforce members including—but not limited to—faculty members, employees, and trainees, are responsible for following the policies and procedures implemented by the applicable NSU health care center.

In addition, the HIPAA Regulations require that NSU provide training to its health care center faculty members, employees, and trainees with respect to its HIPAA Privacy, Security, and Research policies and procedures. NSU has developed a comprehensive online education program designed to comply with the HIPAA Regulations and to educate its workforce members and others who use, disclose and/or access protected health information. Applicable NSU health/mental health profession students and trainees will be required to complete the education program coordinated through his or her respective College/School/Academic Program.

Violations of the NSU policies and procedures regarding privacy and security of protected health information will be reported to the appropriate supervising authority for potential disciplinary action, up to and including dismissal in accordance with the applicable College/School/Academic Program policies.

Further, NSU faculty members and students may be subject to the HIPAA privacy and security policies and procedures enacted by various non-NSU health care facilities in which they train. It is the responsibility of the faculty member and student to familiarize himself or herself with such policies and procedures upon entering each facility.

Any questions concerning the HIPAA privacy policies can be directed to the HIPAA Liaison of your NSU health care center, the NSU HIPAA Privacy Officer, or the NSU HIPAA Security Officer.

Public Laws
Students are responsible for compliance with all public laws. Any act that could constitute a violation of public laws will establish cause for legal and/or disciplinary action by the university.

Sexual Misconduct and Harassment
The following three sections relate to NSU policy and definitions of sexual misconduct and sexual harassment.

Sexual Misconduct Policy
NSU, in compliance with the spirit of various federal and state laws (e.g., Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Title VII of the Civil Rights Act of 1964, and other similar state and federal statutes or regulations), adopts the policy and fosters an environment where no individual may threaten the health, safety, and welfare of a member of the
university community; or any person on university property; or at a university-sponsored or -supervised activity, through the commission of a sexual assault, engaging in sexual harassment, discrimination, battery, and/or misconduct, including acquaintance rape.

**Definition:** Sexual assault is an act of violence, aggression, and power, in which the victim, under protest or without consent, is forced to experience a sexual act through verbal coercion, threats, physical restraint, and/or physical violence. NSU acknowledges acquaintance rape in its definition of sexual assault. Acquaintance rape is defined as forced, manipulated, or coerced sexual intercourse by a friend or acquaintance. Sexual misconduct that occurs off campus can be the subject of a complaint or report and will be evaluated to determine whether or not it violates this policy.

In accordance with Title IX of the Higher Education Amendments of 1972 and its implementing regulations, 34 C.F.R. part 106, both the alleged victim and the accused student shall have the right to the following:

1. Adequate, reliable, and impartial investigation of complaints including the opportunity for both parties to present witnesses and other evidence.

2. Notice of each step of the investigation and adjudication of the case, including charges presented, notice of hearing, notice of the outcome of the hearing, the right to appeal the final outcome, and notice of the outcome of the appeal.

3. Normally investigations shall take no longer than 15 class days and any subsequent adjudication of policy violations will follow immediately. In total, the entire process will be completed within 60 days.

Consideration and rights to be afforded to all campus community members regarding the type of sexual assault:

- the right to have all sexual assaults against them treated with seriousness; and the right, as victims, to be treated with dignity
- the right to have sexual assaults committed against them investigated and adjudicated by the duly constituted criminal and civil authorities of the governmental entity in which the crimes occurred; and the right to the full and prompt cooperation and assistance of campus personnel in notifying the proper authorities
- the right to be free from pressure that would suggest that the victims: (i) not report crimes committed against them to civil and criminal authorities or to the campus public safety and disciplinary official; or (ii) report crimes as lesser offenses than the victims perceive them to be
- the right to be free from suggestions that sexual assault victims not report, or underreport, crimes because (i) victims are somehow responsible for the commission of crimes against them; (ii) victims were contributorily negligent or assumed the risk of being assaulted; or (iii) by reporting crimes, they would incur unwanted personal publicity
- the right to the full and prompt, reasonable cooperation from campus personnel in responding to the incident
- the right to have access to counseling services established by the university or other victim-service entities
- after campus sexual assaults have been reported, the victims of such crimes shall have the right to require that campus personnel take the necessary steps or actions reasonably feasible to prevent unwanted contact with, or proximity to, alleged assailants
- the right to be informed of disciplinary proceedings, in writing, as well as the outcome of such proceedings
i. the same right to assistance, or ability to have others present, that is afforded to the accused during any campus disciplinary proceedings

**Disciplinary Action:** In addition to any criminal or civil actions that may be pending or in process, the university reserves the right to pursue separate disciplinary action against any individual who violates any portion of this policy through the student judicial/disciplinary process.

**Education and Information:** The university, through the departments of the Office of the Vice President of Student Affairs, residential life, recreation and wellness, and public safety, provides educational and informational programs and materials regarding awareness of rape, acquaintance rape, and other sex offenses. This information is provided through scheduled and on-demand programs. To obtain such information, contact the Office of the Associate Dean of Students.

Nova Southeastern University students are encouraged to report to the police (9-911 on campus and 911 off campus), public safety (extension 28999 on campus and (954) 262-8999 off campus), and a university administrator all occurrences of sexual assault. Professional staff members in the Office of the Vice President of Student Affairs, residential life, student counseling, and public safety are among those who are trained and willing to assist students who are victims of sexual assault. Students aggrieved by a violation of this policy may file a grievance under Title IX. All reports of sexual assault will be thoroughly investigated by the Title IX coordinator or the vice president of Human Resources.

All of allegations of sexual misconduct and harassment of or by a student should be reported to the university Title IX coordinator, Gay Holliday, associate dean of Student Affairs, Rosenthal Building, 3301 College Avenue, Fort Lauderdale, Florida 33314-7796. Call (954) 262-7281, or email gayhol@nova.edu. All reports of allegations of sexual misconduct and harassment of or by an employee, vendor, or client should be reported to Robert Pietrykowski, vice president of Human Resources, 3100 SW 9th Avenue, Fort Lauderdale, Florida 33315-3025. Call (954) 262-7893, or email rpietrykowski@nova.edu.

The following procedure will prevail for reports of sexual assault.

- **Third-Party Reports:** When there is a report of sexual assault, the person receiving the report whether a student, faculty member, or staff member is encouraged, in turn, to report the incident to a Title IX coordinator. If the person reporting that assault is a third party (not the victim), the administrator will do the following:
  a. advise the reporter to counsel the victim to seek medical assistance
  b. advise the reporter to encourage the victim to talk with a counselor from the Rape Center in Broward County, a staff counselor at the Henderson Student Counseling Center, a student affairs and/or residential life administrator, the director of public safety, or some other university official
  c. protect the confidentiality of the victim (if name is known)

- **Victim Reports:** If a student who is a victim of sexual assault reports the matter to a university administrator or any other university employee, the administrator and/or employee will encourage the victim to seek immediate medical attention and assist the victim in appropriate methods and avenues to receive medical care. In reporting a sexual assault, the victim controls the process. The administrator and/or employee will encourage the victim to authorize notification of the university Public Safety Office (PSO) of the occurrence of the crime, and then to cooperate with PSO and student life and/or residential life and housing in reporting the matter to the rape victim advocate in the state attorney's office and to local police. The victim will be assured of university support including reasonable confidentiality, full cooperation with any police investigation, and counseling through the Henderson Student Counseling Center and the Rape Crisis Center. If the victim authorizes the notification of PSO, the administrator and/or employee will inform the Title IX coordinator, which will assist as liaison with PSO.
Harassment Statement
Harassment is defined as any conduct (words or acts), whether intentional or unintentional or a product of the disregard for the safety, rights, or welfare of others, which causes physical, verbal, or emotional harm; or conduct, which intimidates, degrades, demeans, threatens, hazes, or otherwise interferes with another person's rights to comfort and right to be free of a hostile environment. This includes, but is not limited to, loud or aggressive behavior; behavior that disrupts the orderly functioning of the university; disturbs the peace and/or comfort of person(s) on the campus of the university; creates an intimidating, hostile, or offensive environment. It also includes any conduct (words or acts) in which the university can determine a threat exists to the educational process or to the health or safety of a member of the NSU community.

Sexual Harassment Policy
It is the intent of Nova Southeastern University to protect all employees and students from sexual harassment. Sexual harassment is a violation of Title VII of the Civil Rights Act of 1964 and Title IX of the Educational Amendments of 1972. Sexual harassment undermines the integrity of the employment and academic environment, debilitates morale, and interferes with the effectiveness of employees and students.

At Nova Southeastern University, sexual harassment of or by employees or students includes:
1. unwelcome or unwanted sexual advances and unwelcome or unwanted conduct of a sexual nature. This includes unwelcome physical contact or sexual advances considered unacceptable by another individual.
2. requests or demands for sexual favors. This includes subtle or blatant pressures or requests for any type of sexual favor, accompanied by an implied or stated promise of preferential treatment or negative consequence concerning one's employment or academic program status.
3. verbal abuse that is sex-oriented or considered unacceptable by another individual, as well as sexually derogatory comments. This includes commenting about an individual's body or appearance when such comments go beyond mere courtesy, telling jokes that are clearly unwanted and considered offensive by others, or other tasteless sexually oriented comments, innuendoes, or actions that offend others.
4. engaging in any type of unwelcome conduct of a sexual nature that is sufficiently severe or pervasive that would unreasonably interfere with another's work or deny or limit a student's ability to participate in or benefit from the school's program, services, opportunities, or activities based on sex. This includes extending unwanted sexual attention to someone that reduces personal productivity or time available to work at assigned tasks.
5. creating a work or academic program environment that is intimidating, hostile, or offensive because of unwelcome or unwanted sexually-oriented conversations, suggestions, requests, demands, physical contacts, or attentions.

Nova Southeastern University will not tolerate sexual harassment. Sexual harassment is an insidious practice. It demeans individuals being treated in such a manner, and creates unacceptable stress for the entire organization. Persons harassing others will be dealt with swiftly and vigorously.

Normal, non-coercive interaction that is acceptable to both parties is not considered to be sexual harassment.

All allegations of sexual harassment of or by an employee, client, or vendor will be promptly and thoroughly investigated by the Office of Human Resources and should be reported promptly to the vice president of human resources.
At Nova Southeastern University, sexual harassment by employees, students, or third parties of students is defined as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when

1. submission to such conduct is made to appear to be a term or condition of enrollment, attendance, or participation in a class
2. submission to or rejection of such conduct affects academic decisions
3. such conduct is sufficiently severe or pervasive to deny or limit a student's ability to participate or benefit from the school's program, services, opportunities, or activities, or creating an intimidating, hostile, or offensive academic environment
4. unwelcome physical contact, including but not limited to patting, pinching, or touching
5. offensive or demeaning sexual remarks, jokes, or gestures

Students aggrieved by a violation of this policy may file a grievance under their center's grievance procedure, or may report the conduct to the dean of the center, any other faculty member, or the associate vice president of human resources. The vice president of human resources or the associate dean of students Title IX coordinator must be notified immediately by the center, the dean, or faculty member upon receiving a report and/or grievance of sexual harassment. All reports of sexual harassment will be thoroughly investigated by either the associate dean of students (Title IX coordinator) or the Office of Human Resources.

Any individual who violates any portion of this policy will be subject to disciplinary action, up to and including discharge for an employee and dismissal for a student.

At Nova Southeastern University, romantic and sexual relationships between a faculty member and a student are subject to the prohibition against sexual harassment.

Romantic or sexual relationships between a faculty member and a student then enrolled in the faculty member's class (including supervised student activities for which academic credit is given) may appear to be coercive, and are prohibited. Even when no coercion is present, such relationships create an appearance of impropriety and favoritism, which can impair the academic experience of all students in that class. It is, therefore, improper conduct and prohibited for a faculty member to engage in a romantic or sexual relationship with a student then enrolled in the faculty member's class.

**Solicitation and Posting Policy**

All on-campus sales and solicitations must be operated or sponsored by a university-recognized student organization and must receive the proper authorization. The Office of Residential Life and Housing must approve sales and solicitations in the residence halls.

The following flyers are acceptable

- looking for a roommate
- selling a car, book, furniture, etc.
- events or information associated with NSU clubs and organizations
- events or information associated with NSU administrative offices or academic programs

The following flyers are not acceptable in any campus location

Stalking

Any individual who willfully, knowingly, maliciously, or repeatedly follows; harasses; attempts to contact or communicate (written, verbal or electronic); and makes a credible threat placing the individual in reasonable fear of death or bodily harm may be in violation of NSU’s stalking policy. Such conduct is prohibited. Stalking causes substantial emotional distress in individuals and serves no legitimate purpose. Course of conduct means a pattern of conduct composed of a series of acts over a period of time, however short, evidencing a continuity of purpose.

Student Publications

Nova Southeastern University, as publisher, bears the legal responsibility for the contents of student publications. In the delegation of editorial responsibility to students, the university provides sufficient editorial freedom for the student publications to maintain their integrity of purpose as vehicles of free inquiry and free expression in the Nova Southeastern University academic community.

The delegated editorial freedom of student editors and managers is subject to corollary responsibilities to be governed by the canons of responsible journalism, such as the avoidance of libel; indecent, undocumented allegations; attacks on personal integrity; and the techniques of harassment and innuendo.

As safeguards for the delegated editorial freedom of student publications, the following provisions are made:

• the student press shall be free of censorship and advance approval of copy, and its editors and managers shall be free to develop their own editorial policies and news coverage

• editors and managers of student publications shall be protected from arbitrary suspension and removal because of student, faculty, administrative, or public disapproval of editorial policy or content. Only for proper and stated causes shall editors and managers be subject to removal, and then by orderly and prescribed procedures

• all university published and financed student publications shall explicitly state on the editorial page that the opinions therein expressed are not necessarily those of Nova Southeastern University or of the student body

Theft or Unauthorized Possession

Students involved in the taking, sale, or possession of property without the consent of its owner or without proper remuneration may be subject to university disciplinary action and a fine, as well as arrest and prosecution by legal authorities.

Title IX Compliance Policy

Title IX of the Educational Amendments of 1972, 20 USC Sections 1681 et seq., prohibits discrimination on the basis of sex in schools, whether in academics or athletics. In furtherance of Title IX, Nova Southeastern University has adopted a Title IX Compliance Policy. It is the university’s policy that no student enrolled at NSU shall, on the basis of sex, be excluded from participation in, be denied
the benefits of, or be subject to discrimination under any educational program or activity receiving federal financial assistance.

The Title IX coordinator at NSU is Gay Holliday, associate dean of student affairs, who can be reached at (954) 262-7280. Students are entitled to file a grievance or complaint with the Office of the Title IX Coordinator if they perceive they have been a victim of discrimination on the basis of sex. The grievance procedure is available from the Office of the Title IX Coordinator, Rosenthal Room 112.

Smoking and tobacco use is also prohibited in all university-owned or leased vehicles, including but not limited to, public safety vehicles, physical plant vehicles, the Shark Shuttle, and golf carts.

Trespass Policy
Nova Southeastern University reserves the right to prohibit trespass onto its property. University employees whose duties include building or property supervision or the general safety and protection of persons or property may issue a trespass warning. A trespass warning may be issued to students or nonstudents and may apply to an individual’s vehicle, as well. The revocation of a person’s privilege to be on the lands, within the buildings, or on the premises of the university may be restricted to time and place by the agent of the university issuing the trespass warning.

Unauthorized Entry
Any student who enters, attempts to enter, or remains in any room, building, motor vehicle, trailer, or machinery without proper authorization may be subject to university disciplinary action, as well as arrest and prosecution by legal authorities.
Unauthorized Possession of University Property

Students in possession of property owned or controlled by Nova Southeastern University without authorization for such property will be subject to university disciplinary action and/or restitution. In addition, students may be referred to legal authorities for prosecution.

Use of University Vehicles

Nova Southeastern University policy mandates that all personnel, staff, and students who either are required to or wish to use an NSU van must first successfully complete the Van Driver Training course provided by NSU Public Safety. The Public Safety Department provides as its van driver training course the most current version available, Coaching the Van Driver II, which is offered by FLI Learning Systems, Inc.

Prior to contacting Public Safety, a supervisor must first contact the director of risk management at (954) 262-5271 to determine a person’s eligibility to drive an NSU van. After receiving approval, an appointment can then be made with Jim Ewing, Public Safety-Safety Compliance, at (954) 262-8082, or at jewing@nsu.nova.edu. The van training program is available most weekdays, during daytime hours, instead of just once a month during the evening.

Upon satisfactorily passing the Van Driver II training, the person will receive a certificate of completion as well as an identification card, which is used to sign out an NSU van from the Physical Plant.

Vandalism or Destruction of University Property

Defacing, littering, or damaging property of the university is prohibited.

Weapons and Firearms

Weapons and firearms are prohibited on campus. A weapon includes:

• any item designed to inflict a wound or cause injury to another person
• any item used to harass, threaten, intimidate, assault, or commit battery
• any item the university deems dangerous

A firearm includes:

Any weapon that is designed, or may readily be converted, to expel a projectile by the action of an explosive; the frame or receiver of any such weapon; and any firearm muffler or firearm silencer.

See NSU weapon and Firearm policy at: http://www.nova.edu/publicsafety/forms/campus_safety_handbook.pdf

• Law enforcement personnel are exempt from this policy.

The Office of Student Financial Assistance
The Office of Student Financial Assistance (OSFA) is dedicated to helping students make smart financial choices while in college. There are four types of financial aid available to assist in meeting the cost of attending college: grants, scholarships, student employment, and loans. Grants and scholarships are considered “gift” aid and generally do not have to be repaid. However, if a student drops or withdraws from any classes for which financial aid has been received, the student may have to return any “unearned” funds. Loans are considered “self-help” aid and always have to be repaid. Student employment requires the student to work in exchange for a pay check. Please remember that students interested in federal financial aid must complete the Free Application for Federal Student Aid (FAFSA) and meet general eligibility criteria. For detailed information on the financial aid process and sources of aid, visit the financial aid Web site at www.nova.edu/financialaid.

Financial Aid Checklist

☑ 1. Complete the FAFSA and NSU State Aid Application.
   Complete the Free Application for Federal Student Aid (FAFSA) at www.fafsa.gov annually. It becomes available each January 1. The earlier you apply, the better chance you have of being considered for maximum available funds. To apply for Florida grants and scholarships, undergraduate students should also complete the NSU State Aid Application available at www.nova.edu/financialaid/forms/index.html.

☑ 2. Plan for Housing and Meal Expenses.
   Your budget includes a housing and meal component. Please ensure that your budget covers these expenses if you intend to live on campus.

   Regularly check your financial aid status via SharkLink to ensure that you have no outstanding requirements. The link to My Financial Aid is located in the center of your SharkLink Student tab. Now is a good time to confirm your admissions status. You will have to be fully admitted in order for your financial aid funds to disburse.

☑ 4. Submit Additional Documents and Complete a Master Promissory Note.
   Some students may be required to submit additional documents prior to being awarded. You will be notified of outstanding requirements via NSU (SharkLink) email. If you are interested in receiving Federal Direct Loans, you will be required to complete a Direct Loan Master Promissory Note (MPN).
5. Accept, Reduce, or Decline Your Loan and Federal Work-Study Award(s).
Your financial aid award notice will provide you with detailed instructions on how to accept, reduce, or decline your financial aid award. Your award will not be disbursed until this step has been completed.

6. Don’t Forget to Continually Apply for and Identify Scholarships.
Schedule time regularly to search for scholarships. The best place to start is the scholarship Web page at www.nova.edu/financialaid/scholarships/.

7. Check Your NSU (SharkLink) Email Daily.
NSU (SharkLink) email and SharkLink are the official means that the OSFA will use to communicate with students. Keep up-to-date by checking your NSU email daily.

8. Register for Classes (early).
Students awarded Federal Direct Loans must be enrolled at least half time. Half-time enrollment is defined as six credits per semester for all undergraduate students. For graduate and first professional students, your program of study defines half-time status. Enrollment requirements for federal and state grants vary. Familiarize yourself with the enrollment requirements defined by your program office as well as by the financial aid programs through which you are receiving aid. Be sure to register as early as possible to ensure timely disbursement of your financial aid funds.

Return of Title IV Funds
Any student who does not complete at least one course within an academic semester for which financial aid is received, or could have been received, will be reviewed for a Return of Title IV Funds calculation. For complete information, please review http://www.nova.edu/financialaid/grantsloans/title_iv_return.html.

Student Employment
There are three main student employment programs: Federal Work-Study (FWS), Nova Student Employment (NSE), and Job Location and Development (JLD). The NSE and JLD programs provide jobs to students regardless of financial need. The FWS program is need-based and requires the completion of the FAFSA. Students awarded FWS may participate in the America Reads/America Counts Programs through which students serve as reading or math tutors to elementary school children. For more information on NSU part-time and full-time student employment, visit www.nova.edu/financialaid/employment.

Satisfactory Academic Progress (SAP)
In order to receive financial assistance, a student must continually meet four criteria of Satisfactory Academic Progress (SAP). According to federal regulations, effective July 1, 2011, NSU has established university-wide quantitative, qualitative, maximum time frame, and pace SAP requirements.

Students who fail to meet SAP during the 2014–2015 academic year will not be eligible for Title IV federal and Florida state financial aid during the 2015–2016 academic year.

Comprehensive information is available on the financial aid Web site at www.nova.edu/sap.

Veterans Benefits
Department of Veterans Affairs educational benefits are designated to provide eligible individuals with an opportunity for educational and career growth. Eligible veterans and their dependents should contact the Veterans Benefits Office at (954) 262-7236; toll free 800-541-6682, ext. 27236,
Monday through Friday, between the hours of 8:30 a.m. and 5:00 p.m., at the William and Norma Horvitz Administration Building. You can visit the Veterans Education Benefits Web page at www.nova.edu/financialaid/veterans/ as well. If you have any questions concerning eligibility, you may also contact the U.S. Department of Veterans Affairs (DVA) at 888-442-4551 or visit their Web site at www.gibill.va.gov.

**Standards of Progress**

A student receiving veterans education benefits must maintain satisfactory academic progress (SAP). Standards for SAP are published at www.nova.edu/sap. A student who, at the end of the SAP evaluation period, has not met satisfactory academic progress may file an appeal based on extenuating circumstances. With an approved appeal, a veteran student may be certified veteran education benefits on a probationary basis. If the student does not meet satisfactory academic progress by the end of the probationary period (one evaluation period), the student's veterans education benefits will be terminated. For VA payment of benefits purposes, an I (Incomplete) designation for a course must be converted to a credit grade counting toward graduation, or a failing grade, by the end of one calendar year, unless permission for a delay is granted by the academic program office and/or dean for that program.

**Grade/Progress Reports for Students Receiving Veterans Benefits**

Nova Southeastern University furnishes each student with a Notification of Posting of Grade with instructions on how to view an unofficial transcript that shows current status of grades and earned semester hours for all courses completed and/or attempted, and grades for courses in which the student is currently enrolled. At the end of every evaluation period (e.g., term, semester) each veteran can request an official transcript that shows the current status of grades and earned semester hours for all courses completed and/or attempted. This transcript can be obtained from the One-Stop Shop at the William and Norma Horvitz Administration Building or Terry Administration Building or online at https://sharklink.nova.edu/ct/home/displaylogin.

**Conduct Policy for Students Receiving Veterans Benefits**

All VA students are expected to comply with the legal and ethical standards of Nova Southeastern University. Academic dishonesty and/or nonacademic misconduct will result in disciplinary action. Specific instances of misconduct include, but are not limited to, cheating, plagiarism, knowingly furnishing false information to the institution, and forging or altering institution documents and/or academic credentials.

The institution reserves the right to require a student to withdraw at any time for misconduct as described above. It also reserves the right to impose probation or suspension on a student whose conduct is determined to be unsatisfactory. Students who feel their rights have been denied are entitled to due process. Students should refer to the Appeals and Grievance Procedures listed in this student handbook.

**The Office of the University Bursar**

The Office of the University Bursar is responsible for billing students, collecting and depositing payments, issuing refunds from excess financial aid funds, and verifying students’ eligibility for financial aid funds.

**Bursar’s Office Policies**

- By registering for courses at Nova Southeastern University, the student accepts financial responsibility for payment of all institutional costs including, but not limited to, tuition, fees, housing and meal plan (if applicable), health insurance (if applicable), and any additional costs when those charges become due.
• Payment is due in full at the time of registration. NSU ebills are sent the middle of each month to the student’s NSU email address. However, to avoid late charges, students should not wait for their billing statement to pay their tuition and fees.

• A student will not be able to register for future semesters until all outstanding balances from previous semesters have been paid in full. If a student has a balance 30 days after the start of the semester, a hold and a $100 late fee will be placed on his or her account. This hold stops all student services, including, but not limited to, access to the University RecPlex, academic credentials, and future registrations. It will remain on the student’s account until the balance has been paid in full.

• Delinquent student account balances may be reported to a credit bureau and referred to collection agencies or litigated. Delinquent students will be liable for any costs associated with the collection of unpaid charges, including attorney fees and court costs. All registration agreements shall be construed in accordance with Florida law, and any lawsuit to collect unpaid fees may be brought in the appropriate court sitting in Broward County, Florida, regardless of the student’s domicile.

Methods of Payment
NSU accepts Visa, MasterCard, and American Express. Check payments include traveler’s checks, cashier’s checks, personal checks, and money orders. International checks must be in U.S. funds only and drawn on a U.S. bank. Wire transfers are accepted.

Electronic check and credit card payments can also be made through NSU eBill. Credit card authorization forms can be downloaded from the Bursar’s Web site at www.nova.edu/bursar/forms/cc_authorization.pdf and faxed to (954) 262-2473.

Payment Plans
Some graduate program offices offer payment plan options. Please check your program’s Web site for details. In addition, NSU offers the following plans:

• 3-Month and 10-Month Payment Plans
NSU students (with the exception of international students) who wish to defer payment of their tuition, fees, and other institutional charges due at the time of registration may sign up for a 3-month or a 10-month payment plan. The 10-Month Payment Plan is available for the combined fall and winter semesters. For details, visit www.nova.edu/bursar/payment/payment_plans.html.

• Employer Tuition Assistance Plans
Students participating in employer tuition assistance programs who wish to defer tuition payment need to submit a letter of eligibility, a purchase order from their employer, or details of the program from the employer’s human resources office or the company Web site. They must also provide postdated payments (checks or credit card authorizations) for the amount of tuition. Payment of tuition only (not fees), may then be deferred for five weeks after course completion. A $75 deferment fee is charged for this service and must be paid at registration, along with all other fees. Students must notify the Office of Student Financial Assistance if they are participating in the Employer Tuition Assistance Plan. Graduate students should inquire with their program office regarding any employer tuition assistance deferment plans.
Florida Prepaid College Plan
NSU accepts and bills the Florida Prepaid College Plan for tuition, fees, and on-campus housing costs. The plans are based on the tuition rates of the tax-assisted Florida public colleges and universities. The difference between NSU tuition, fees, and on-campus housing costs and the allocations through the Florida Prepaid College Plan is the sole responsibility of the student. If a student is on the unrestricted plan, the student must designate a dollar amount for up to the cost of tuition and fees. Students new to NSU must contact Florida Prepaid at 800-552-GRAD to authorize NSU for payment. Additionally, each semester, the student must submit a copy of the front and back of the ID card with a signed statement indicating the number of credits or the amount to be invoiced. To learn more about the Florida Prepaid College Plan, visit http://www.myfloridaprepaid.com.

Tutoring and Testing Center

The Tutoring and Testing Center (TTC) supports the academic progress of all NSU undergraduate students. Among the various services are individualized tutoring in writing, mathematics, and science as well as a diverse array of testing services.

Tutoring

Students can receive one-on-one tutoring in writing, math, and science courses. Tutoring sessions are offered in 45-minute increments.

Writing tutoring covers all stages of the writing process, from brainstorming and research to organization and revision. TTC does not provide editing services. Tutors help students identify ways in which they can improve their writing and research skills.

Math and science tutors clarify and reinforce specific topics. Students are expected to bring attempted assignments to the session.

Available Supplemental Resources and Services

University Health Care Centers
The Health Professions Division Health Care Centers serve an important function and are an integral part of the HPD training programs. They provide a vital community function by bringing health care service to areas whose medical needs traditionally have gone unmet.
Sanford L. Ziff Health Care Center
The Ziff Health Care Center is a state-of-the-art primary care facility with full-service, radiologic-diagnostic capabilities. Contained at the health care center are family medicine, pediatrics, X-ray, occupational therapy, pharmacy, physical therapy, rehabilitation, nephrology, hypertension, sports medicine, an optometric center, optical dispensary, OB-GYN, dermatology, and general internal medicine. Complete dental services are available next door at the clinics operated by the NSU College of Dental Medicine. Ambulatory medical, optometric, and dental care is made available during regular business hours for the university community. When a student or a family member needs care, they may make an appointment with the University Health Service. For those unable to make appointments in advance, hours will be posted. For urgent situations, contact the University Health Service at (954) 262-4100. Most insurance policies are accepted by the health facility for medical services. Consultation with specialists, when needed, will be arranged by the University Health Service, and such specialty care will be the student’s financial responsibility. Direct visits to specialties without referral by the University Health Service are strongly discouraged.

Campus Pharmacy
Located adjacent to the Ziff Health Care Center is the pharmacy where prescriptions, over-the-counter remedies, herbal, and homeopathic remedies are available. The pharmacy Wellness Center addresses diabetes, high blood pressure, and other diseases.

Charges and Payments
Tuition charges are automatically calculated when students register for classes. Students are expected to pay in full at the time of registration, or have made acceptable NSU payment arrangements (e.g.,
financial aid or NSU payment plans) that cover the balance due. Students may pay for tuition by check or by using credit cards: MasterCard, VISA, or American Express. Credit card and electronic check payments may be made online through eBill or Webstar.

**Late Payment Fee**

All tuition and fees not paid within 30 days after the start of the semester will result in the assessment of a nonrefundable, $100 late payment fee term and a hold being placed on the student account. This hold will prevent the student from viewing grades, registering for future classes, ordering transcripts or diplomas, and accessing the RecPlex at the Don Taft University Center until the financial obligation is reconciled.

**Late Registration**

Students who register after the late registration date or deadline will be charged a late fee or penalty established by the university or the division.

**Consequences for Nonpayment**

The student's failure to meet financial obligations in accordance with university policy at the end of 30 days will result in an automatic letter of notification being sent to the student informing him or her of that failure to resolve his or her financial obligation. The university bursar shall

- identify those students who have still failed to meet their financial obligation at the end of each 30-day period
- notify those students of their failure to pay
- forward to the program office the names of all students in delinquent status for the program office to take appropriate administrative action

Those students who fail to meet financial obligations shall not receive an academic transcript or diploma.

**Tuition Credit Policy—Voluntary Drops and Withdrawals**

Students who wish to withdraw must submit a written request for voluntary withdrawal to the dean, who will evaluate the student's request. After completing the required withdrawal form(s) and obtaining the dean's approval, an eligible student may receive partial credit of the tuition, according to the following formula:

Drops during the first week of the semester in which classes begin ......................................75 percent
Drops after the first week of the semester in which classes begin ..........................................No refund

The withdrawal period starts with the second week of the semester and ends three weeks prior to the end of the semester.

Students enrolled in the master degree programs in the College of Osteopathic Medicine (M.S.B.I., M.P.H., and/or M.S. in Disaster and Emergency Preparedness) will have until 11:59 p.m. the first Sunday of the semester, which is the end of the drop/add period, in order to make any changes in their schedule without incurring any financial expenses. Students who drop after this date will not be entitled to receive a refund.

Students enrolled in bachelor degree programs are required to follow policy procedures for drops and withdrawals as noted in the undergraduate catalog.
Students may not be given refunds for portions of tuition paid by financial aid funds. As appropriate, the respective financial aid programs will be credited in accordance with federal regulations. Students should notify the Office of Student Financial Assistance prior to withdrawing to determine the effect this will have on financial aid. For complete withdrawals, please refer to the Return of Title IV Funds section of the student handbook.

Failure to comply with these requirements could jeopardize future receipts of the Title IV student assistant funds at any institution of higher education the student may attend.

If a student is due a refund it will be mailed to the student’s address or deposited directly into his or her checking account as soon as the dean of the respective college has approved the withdrawal and the drop request has been processed. The tuition refund policy is subject to change at the discretion of the university’s board of trustees/the NSU administration.

Changes to a semester’s registration will not be accepted 30 days after the semester ends.

**Short-Term Preloans**

The Office of Student Financial Assistance at HPD administers preloans for students who encounter emergency situations prior to receipt of financial aid refunds. Students must be enrolled for the term, have a completed financial aid file, and must be receiving financial aid with sufficient funds to cover total charges due the university, the loan amount, and the processing fee charged. When approved, disbursement is made electronically through direct deposit within two weeks of disbursement date.

**Health Professions Division Library**

The HPD Library is located on the first floor at the north end of the Terry Building Complex in the Library/Lab Building. The collection consists of more than 20,000 print volumes, 600+ electronic books, and 4,000+ active medical/health journal subscriptions in both print and digital formats. Many of the available electronic texts are required textbooks in various courses. In addition, more than 150 medical/health databases are available 24/7 to meet the needs of the seven HPD colleges. All students have access to the full resources of all NSU libraries, both print and online. Medical/health databases include Medline, CINAHL, Clinical Key (which includes Procedures Consult and First Consult), Clinical Pharmacology, UpToDate, as well as many databases specific to individual programs. The Interlibrary Loan and Document Delivery Office will provide additional journal articles, books, and items not available digitally to any student at no cost. All resources are available through the HPD Library home page (www.nova.edu/hpdlibrary).

Professional reference services are available via phone, text, email, or face to face. Seven professional librarians are available for help with searching, finding full-text journals, citation reference management, and research strategies. Each HPD college/program is assigned a subject specialist liaison librarian who works closely with faculty and offer assistance with specific class assignments.

Quiet study areas are designated in the library with a variety of seating options available, from large tables to individual carrels and comfortable seating. There are 48 individual/small group study rooms in the library and adjacent Assembly II Building. Rooms may be checked out for up to three hours. All rooms are equipped with white boards and Wi-Fi. A small teaching lab is available for group instruction and there is a large group study hall. Two 50-station computer labs are open when the library is open. In addition, a production studio is available for student use for Tegrity, video recording, and video editing.
A common area provides space for collaborative projects and is equipped with two Mediase:cape units for collaboration using multiple laptops with single or double monitor displays for group work. The library has both PC and Mac computers for student use, as well as iPads for short-term checkout, each loaded with 100 medical and production apps. Other library services include binding, faxing, and scanning services; earplugs; sports equipment for the student lounge; and coffee service. Twenty-six individual rooms in the Assembly II Building are open from midnight until the library opens the next day, providing 24/7 access to study areas.

Hours of operation for the HPD Library, Study Center rooms in Assembly II, and adjoining computers labs are: Monday-Thursday: 7:00 a.m.-midnight; Friday: 7:00 a.m.-9:00 p.m.; Saturday and Sunday: 10:00 a.m.-midnight. The study rooms in the the Assembly II building are open 24/7.

**Lost and Found**

Items found on school property are turned over to campus security for disposition and storage. Please contact the NSU Public Safety Department to find the location for claiming such items and reporting lost items.

**Computer Labs**

The Office of Information Technologies maintains two separate computer laboratories at the Health Professions Division. One of these laboratories is located in the HPD Library to the right of the front desk. It contains three networked laser printers, a color scanner, and 15 desktop computers equipped with Windows 7 Enterprise, and Microsoft Office 2013 (including Word, PowerPoint, Excel, Access, Microsoft Publisher, Microsoft Office Picture, and Microsoft Manager OneNote). The second computer lab is located on the first floor of the Assembly II Building. It has 52 desktop computers and is equipped with the same software packages. In addition, other software programs for use in specific courses are also installed on the systems. Online connectivity from all desktop systems provides access to the Campus Wide Information System (CWIS), the Electronic Library, the Internet, and the World Wide Web (WWW). Computer-assisted instruction programs are also available. The HPD laboratories operate under the auspices of the university Office of Innovation and Information Technologies.

Additional student lounges are available at the Miami, Palm Beach, Jacksonville, Orlando, Fort Myers, Tampa, and Puerto Rico regional campuses.

Students have always shown responsibility for general cleanliness and preventing damage to the area. The administration expects this precedent to continue in the future.

HPD POLICIES AND PROCEDURES

Acceptance of Professional Fees
The activities of students are not to be construed as the practice of medicine, optometry, pharmacy, audiology, occupational therapy, physical therapy, physician assistant, anesthesiologist assistant, cardiovascular sonography, medical sonography, vascular sonography, respiratory therapy, nursing, dentistry, or public health. It is a violation of the law and contrary to the policy of this university for any unlicensed person to attempt to engage in the professional practice of health care. Students who are appropriately licensed in a profession may engage in that professional work to the extent provided by law.

AIDS Policy
The university has adopted the following AIDS policy: Nova Southeastern University Health Professions Division recognizes its responsibilities for the health and welfare of its students and faculty and staff members, as well as its responsibilities to patients suffering from AIDS or harboring the human immunodeficiency virus (HIV). While the division does not subscribe to compulsory HIV testing either as a screening device or in individual cases, some rotation sites require this test and students must comply. As an institution of medical learning, the division provides each student knowledge to understand the AIDS problem, including AIDS testing, treatment, and counseling by community services. The division recommends universal precautions in all laboratory and clinical settings. The division reserves the right to alter this policy as new information on AIDS becomes available.

Policies relating to incidents of exposure are found in Nova Southeastern University Post-Exposure Policies and Procedures.
Attendance Policy

At Nova Southeastern University's Health Professions Division, attendance at all scheduled instructional periods is mandatory. Students are required to follow their college section for specific center or program policies where these policies may differ from NSU HPD policy. Failure to consider any additional requirement—as set forth by the college, specific center, or program—is noted in the evaluation of a student's academic performance and professional attitude and may result in a failing grade for the course. Students shall report to the individual college's Office of Student Affairs, in writing, the reasons for all absences within 24 hours of each occurrence. Students whose reasons are unacceptable will be subject to disciplinary action.

In the event of an emergency absence, requests for an excused absence must be made to the individual college's Office of Student Affairs for a decision. All students are instructed to consult their specific program handbook with regard to additional or supplemental attendance policies.

1. Excused absences
   A. Illness: The division must be notified as soon as possible, or at the latest, on return to school, of all absences due to illness. For unusual or prolonged illness, the appropriate Office of Student Affairs must be notified as soon as possible. These absences will be evaluated on an individual basis.
   B. Special circumstances: Unusual circumstances resulting in absences (e.g., death in the immediate family) must be cleared with the appropriate Office of Student Affairs on an individual basis, preferably before the student is absent from class.

2. Unexcused absences
   Absences not falling into the first category are unexcused absences. The administration realizes that special circumstances may arise on rare occasions leading to an unexcused absence. However, unexcused absences are neither a right nor an entitlement of the student.

   Unexcused absences may result in a written reprimand from the dean with a copy to be placed in the student's permanent file, plus a loss of 10 percentage points in the course or failure in the course.

   Each laboratory, assignment, or examination missed must be made up at the discretion and convenience of the instructor.

   If, in the judgment of the dean, a pattern of absences appears to surface, action may be taken, up to and including failure in the courses involved or dismissal from school.

3. Clinical rotations
   Attendance while on clinical rotations follows different procedures and they are noted in the policy and procedures Clinical Rotation Handbook or Clerkship/Externship Manual distributed prior to going on rotations.

4. Promptness
   Promptness is another trait a proper health care practitioner must display. Additionally, tardiness in class disturbs both the lecturer and other members of the class and is thus markedly inconsiderate and rude.

   Classes begin at various times within each college. Any student not seated in his or her assigned seat by the time class begins may be marked absent. Students will await the instructor's arrival until at least 20 minutes after the specified starting time, unless notified otherwise by an
authorized person. Class schedules are issued from time to time as an aid to faculty members and students, but the administration reserves the right to make changes, assign Saturday hours, or deviate from published schedules without notice.

5. Religious holidays
Absences for major religious and ethnic holidays may be excused at the discretion of the administration. Students are required to obtain approval for their absences one week prior to the holiday.

Background Checks
Accepted applicants and students are required to authorize the NSU Health Professions Division to obtain background check(s) as per adopted policy of March 2011. If the background check(s) reveal information of concern, which the NSU Health Professions Division may deem unfavorable, HPD will request that the individual provide a detailed written explanation of the information contained in this report, along with appropriate documentation (e.g., police reports). Students may also be required to authorize clinical training facilities that they are assigned to by the Health Professions Division to obtain a background check with the results reported to the clinical training facility.

Offers of admission will not be considered final until the completion of the background check(s), with results deemed favorable by the NSU Health Professions Division, and where appropriate, by the clinical training facilities. If information received indicates that the student has provided false or misleading statements, has omitted required information, or in any way is unable to meet the requirements for completion of the program, then the admission may be denied or rescinded, the student may be disciplined or dismissed, or his or her enrollment may be terminated.

Following the initial background check(s), students will be asked annually to provide a certification relating to any convictions or guilty or no-contest pleas to any criminal offense other than traffic violations.

Certificate of Physical Examination
Students must have a certificate of physical examination completed by their physician. Forms will be provided to each matriculant as part of the admissions package or can be downloaded.

Students may request that the University Health Service perform these examinations. The University Health Service will make appointments in as timely a manner as possible. The appointments, once made, become an obligation of the student and must be kept.

These certificates (whether done privately or by the university) will be placed in an appropriate facility.

Core Performance Standards for Admission and Progress
The Nova Southeastern University Health Professions Division is pledged to the admission and matriculation of qualified students and wishes to acknowledge awareness of laws that prohibit discrimination against anyone on the basis of race, color, religion or creed, sex, pregnancy status, national or ethnic origin, nondisqualifying disability, age, ancestry, marital status, sexual orientation, unfavorable discharge from the military, veteran status, or political beliefs or affiliations.

Regarding those students with verifiable disabilities, the university will not discriminate against such individuals who are otherwise qualified, but will expect applicants and students to meet certain
minimal technical standards (core performance standards) as set forth herein, with or without reasonable accommodation. In adopting these standards, the university believes it must keep in mind the ultimate safety of the patients whom its graduates will eventually serve as well as the efficacy and safety in the learning environment. The standards reflect what the university believes are reasonable expectations required of health professions students and personnel in performing common functions. Any exceptions to such standards must be approved by the dean of the student's particular college based upon appropriate circumstances.

The holders of health care degrees must have the knowledge and skills to function in a broad variety of clinical situations and to render a wide spectrum of patient care. In order to carry out the activities described below, candidates for Health Professions Division degrees must be able to integrate consistently, quickly, and accurately all information received, and they must have the ability to learn, integrate, analyze, and synthesize data.

Candidates for degrees offered by the Health Professions Division must have, with or without reasonable accommodation, multiple abilities and skills including intellectual, conceptual, integrative, and quantitative abilities; interpersonal communication; mobility and strength; motor skills; and hearing, visual, tactile, behavioral, and social attributes. Candidates for admission and progression must be able to perform these abilities and skills in a reasonably independent manner.

Intellectual, Conceptual, Integrative, and Qualitative Abilities
These abilities include measurement, calculation, reasoning, analysis, and synthesis. Problem solving—a critical skill—requires all of these intellectual abilities. Candidates and students must have critical thinking ability sufficient for good clinical judgment. This is necessary to identify cause-effect relationships in clinical situations and to develop plans of care. In addition, candidates and students should be able to comprehend three-dimensional relationships and to understand the spatial relationships of structures. An individual is expected to be able to perform multiple tasks in a diverse, dynamic, highly competitive, and challenging environment. All individuals are expected to meet their program requirements on a satisfactory level as determined by HPD administration or the applicable college/program administration. Osteopathic medical students must be able to perform multiple tasks in a diverse, dynamic, highly competitive, and challenging environment. They must be able to think quickly and accurately in an organized manner, despite environmental distractions.

Interpersonal Communication
Candidates and students must be able to interact and communicate effectively with respect to policies, protocols, and process, with faculty, students, staff, patients, patient surrogates, and administration during the student’s educational program. They must be able to communicate effectively and sensitively with patients. Communication includes not only speech, but also reading and writing. Candidates and students must also be able to communicate effectively and efficiently in all written forms with all members of the health care team. They must have interpersonal abilities sufficient to interact with individuals, families, and groups from a variety of social, emotional, cultural, and intellectual backgrounds.

Motor Skills
Candidates and students must have sufficient motor function to execute movements reasonably required to provide general care and emergency treatment to patients. Examples of emergency treatment reasonably required of some health care professionals are cardiopulmonary resuscitation (CPR), administration of intravenous medication, the application of pressure to stop bleeding, the opening of obstructed airways, and the ability to calibrate and use various pieces of equipment. Such actions require coordination of both gross and fine muscular movements, equilibrium, and functional use of the
senses of touch and vision. Physical therapy and occupational therapy students must be able to position patients for treatment, as well as teach the functions involving gross and fine movements. Pharmacy candidates and students must have sufficient motor skills to weigh chemical and pharmaceutical (including intravenous) solutions, prepare prescriptions, and carry out sterile procedures.

**Strength and Mobility**
Candidates and students must have sufficient mobility to attend emergency codes and to perform such maneuvers as CPR when required. They must have the physical ability to move sufficiently from room to room and to maneuver in small places. Osteopathic medical students must have the ability to position patients for the administration and delivery of osteopathic manipulative treatment in a variety of settings and to position and move patients when required.

Pharmacy students must be able to move about within a pharmacy setting and a patient’s room.

Physical therapy and occupational therapy students must be able to administer treatment in a variety of settings and positions and move patients when required.

**Hearing**
Candidates and students must have sufficient auditory ability to monitor and assess health needs. They must be able to hear information given by the patient in answer to inquiries; to hear cries for help; to hear features in an examination, such as the auscultatory sounds; and to be able to monitor equipment.

**Visual**
Candidates and students must have visual ability sufficient for observation and assessment necessary in patient care. It must be consistent in many cases with being able to assess asymmetry, range of motion, and tissue texture changes. Osteopathic medicine, optometry, and physician assistant students must have sufficient visual ability to use ophthalmologic instruments. It is necessary to have adequate visual capabilities for proper evaluation and treatment integration. Candidates and students must be able to observe the patient and the patient’s responses, including body language and features of the examination and treatment. Pharmacy students must be able to interpret prescriptions and medical orders, as well as to inspect medicine for deterioration or expiration.

**Tactile**
Candidates and students must have sufficient tactile ability for physical assessment. They must be able to perform palpation and functions of physical examination and/or those related to therapeutic intervention. Pharmacy students must be able to measure and compound, sometimes transferring from container to container, and to carry out sterile procedures. Dental students must be able to deliver appropriate treatment using high technology equipment such as dental drills and surgical instruments.

**Sensory**
Osteopathic students and physician assistants are required to have an enhanced ability to use their sensory skills. These enhanced tactile and proprioceptive sensory skills are essential for appropriate osteopathic evaluation and treatment of patients.

**Behavioral and Social Attributes**
Candidates and students must possess the emotional health required for full use of their intellectual abilities; the exercise of good judgment; the ability to take responsibility for their own actions with respect to policies, protocols, and process, with faculty, students, staff, patients, patient surrogates, and administration during the student’s educational program; the prompt completion of all responsibilities attendant to the diagnosis and care of patients; and the development of mature, sensitive, and
effective relationships with the patients. Candidates and students must be able to physically tolerate taxing workloads, to adapt to changing environments, to display flexibility, and to learn to function in the face of uncertainties inherent in the clinical problems of many patients. Compassion, integrity, concern for others, interpersonal skills, interest, and motivation are all personal qualities that will be assessed during the admissions and education process.

**Dress Code**

Students in the Health Professions Division must maintain a neat and clean appearance befitting students attending professional school. Therefore, attire should convey a professional appearance whenever the student is on the division campus and in classes or laboratory or on an experiential rotation or program. The following constitute acceptable attire:

1. **Students must wear their white consultation jackets with their names and appropriate college/program designation embroidered over or on the left breast pocket.** A white jacket is to be worn daily over the prescribed attire.

2. **Shirt, tie, slacks, socks, and regular shoes for men, and for women it should be professional business dress, which includes slacks, pants, or skirt with blouse, or dress and appropriate shoes.**

3. **Matching scrub sets, socks, and shoes.**

4. **Identification badges** will be issued at the One-Stop Shop in the Health Professions Division, in the Don Taft University Center, or from the Office of Student Affairs for distance program students, and must be worn at all times when the student is on campus or clinical rotation. Please note that ID badges are necessary for proper use of on-campus auditoriums, library and recreational facilities, offices, laboratories, and certain restricted parking areas. These badges are given to the students at no charge, except for replacement.

Students **may not** wear the following:

- shorts
- cut-offs
- mini-skirts (higher than mid-thigh)
- jeans
- see-through clothing or halter-tops
- open-toed shoes—including beach/flip-flops, sandals, thong footwear, or plastic clogs with holes on sides or top (Croc type)
- T-shirts (as the outer shirt)
- jogging or exercise clothing
- hats or caps, unless of a religious nature

All individuals who work or study in the clinic environment must be proactive in reducing the potential for workplace foot injuries. No open-toed shoes are to be worn in the clinics. These guidelines apply on campus from 8:00 a.m.–5:00 p.m., Monday through Friday, and while on duty on rotations.

Students inappropriately dressed or groomed may be requested to leave the campus. In this circumstance, an unexcused absence will be recorded until the student returns properly attired. Questionable or disputed cases of dress or grooming shall be presented to the dean, whose decision shall be final. Repeated violations will be considered improper professional behavior and may result in disciplinary action. When a class requires special dress (such as the wearing of scrub suits in anatomy laboratory or shorts in clinical skills laboratories), it will be the only exception to the dress code allowed during that time.
The dress code is to be observed at all times including midterms and examination periods. **Students** are expected to consult their specific program handbooks for compliance with any program-specific, clinical rotation site-supplemental dress code policies.

**Food in the Lecture Halls**
Food and beverages are not permitted in the lecture halls, laboratories, or university clinics.

**Identification Requirements and Fieldwork Prerequisites**
An affiliated clinical/fieldwork teaching facility may also require a student to pass a state of Florida Department of Health screening before rotation. Other requirements that may be held by the affiliated facility include, but are not limited to, fingerprinting, a criminal background check, urinalysis for drugs and alcohol, and proof of immunization. If a student does not meet all requirements held by the affiliated facility before the first day of the scheduled placement, the student's placement will be canceled. If the placement has already begun, the student will be asked to leave.

**Immunization Requirements**
Students must complete a mandatory immunization form, which must be signed by a licensed health care provider. The form can be found at [www.nova.edu/smc/](http://www.nova.edu/smc/).

The Colleges of Osteopathic Medicine, Pharmacy, Health Care Sciences, Dental Medicine, and Nursing use the company, Certified Background, to maintain the student’s immunization forms. Students in those colleges may go to [www.certifiedbackground.com](http://www.certifiedbackground.com) to upload the immunization form.

The following immunizations/vaccinations are required of student at the Health Professions Division based on the current Centers for Disease Control (CDC) recommendations for Health Care Personnel:

Basic Immunizations: Every student is required to have had an immunization for, or show evidence of immunity to, the following diseases before matriculating at Nova Southeastern University:

- **Varicella (Chicken Pox)**
  One of the following is required: Proof of two vaccinations or positive antibody titer. (Lab report is required.)

- **Measles, Mumps and Rubella (MMR)**
  One of the following is required: Proof of two vaccinations, or positive antibody titer for measles (rubeola), mumps, and rubella. (Lab report is required.)

- **Tetanus Toxoid, Diphtheria Toxoid, and Acellular Pertussis Vaccine (Tdap)**
  All students are required to have had a Tetanus Toxoid, Diphtheria Toxoid, and Acellular Pertussis Vaccine (Tdap) booster within 10 years prior to matriculation and must maintain immunity by continuing to remain current according to the CDC recommendations for health care personnel during their program. Due to the increased risk of pertussis in a health care setting, the Advisory Committee on Immunization practices highly recommends health care workers receive a one-time Tdap (ask your health care provider). Tdap is required, without regard to interval of previous dose of Tetanus-Toxoid (Td).
Hepatitis B
• Both of the following are required: three vaccinations and positive surface antibody titer. (Lab report is required.)

• If the series is in progress, evidence of at least one shot must be provided, and the renewal date will be set accordingly.

• If the titer is negative or equivocal, the student must repeat the series and provide repeat titer report.

PPD Skin Test (2 Step)
One of the following is required: negative two-step test or negative blood test (such as QuantiFERON Gold Blood Test or T-Spot Test) or if positive PPD results, provide a chest X-ray and/or prophylactic treatment information within the past six months.

Arrangements: Students may request that the Student Medical Center administer these immunizations. The Student Medical Center will make appointments in as timely a manner as possible. Students may call (954) 262-1270 to make an appointment. Once made, the appointment becomes the student’s obligation and must be kept. For students at the SECs, the appointments may be scheduled with the NSU designated physician for their area.

HPD fee: The HPD general access fee covers a series of three Hepatitis B vaccines and an annual PPD screening. All other immunizations and health care services are the responsibility of the student.

Failure to comply: The university is not required to provide alternative sites for clinical practicum or rotations should immunization be a requirement for placement. Therefore, failure to comply with this policy may result in a student’s inability to satisfy the graduation requirements in his or her program.

Relative to clinical rotation site requirements, students are expected to consult their specific college/program handbooks for compliance with any college/program specific requirements.

Email
Email notices to students from faculty and staff members or other students must be sent via a university assigned email address. It should be noted that forwarding (either automatic or manual forwarding) of emails containing patient/protected health information or other sensitive information to non-NSU managed email addresses is strictly prohibited and may result in disciplinary action. PHI or other sensitive information may be emailed within the University utilizing an NSU University email address when necessary to perform a job task and only if the email is accompanied by a confidentiality statement. PHI or other sensitive information may be emailed to an external recipient only if absolutely necessary and only when secured via email encryption technology and procedures as approved in advance by the NSU Chief Information Security Officer.

Notices, Messages, and Posters
After approval from Student Affairs, students may post notices on the bulletin boards located in the student lounge and other locations. Other boards are provided for university or division business only. Students are prohibited from posting, altering, or removing notices or messages from these boards. No notices, announcements, posters, or any other papers may be posted anywhere, including doors, windows, and elevators, except on bulletin boards provided for that purpose.
**Parking Lot/Garage**

You are encouraged to use the parking areas designated for our students. **You must obtain a parking decal from the security office.** Please keep in mind that the parking spaces adjacent to or in front of our building(s) are for administrators, visitors, and patients only. Parking in spaces other than those appropriated may result in a ticket violation or towing of the vehicle. Remember to lock your car everyday and park within the specified areas. Do not leave valuables in your vehicle.

Courtesy and common sense in parking will avoid accidents, personal injuries, damage to your vehicle and to the vehicles of other students and employees. If you should damage another car while parking or leaving, immediately report the incident, along with the license numbers of both vehicles and any other pertinent information you may have, to the NSU Public Safety Department.

The Health Professions Division and NSU do not assume any liability for any loss or damages you may sustain while parked in the parking garage. Use of NSU parking facilities are always at your own risk.

**Photographs and Recordings**

No one may take photographs or record audio or video in classrooms or laboratories without prior permission of the instructor and student(s) within those facilities. Absolutely no photographs or video may be taken in the anatomy laboratories. Students wishing to record lectures must obtain permission from the instructor. Consent forms may be obtained from your academic center’s office.

**Post Exposure Policies and Procedures**

An occupational exposure is considered an urgent medical concern which requires immediate attention for proper medical management. An exposure that might place a student at risk for Hepatitis B Virus, Hepatitis C Virus, or HIV infection is defined as a percutaneous injury (e.g. a needle stick or cut with a sharp object) or contact of mucous membrane or non-intact skin (e.g. exposed skin that is chapped, abraded, or afflicted with dermatitis) with blood, tissue, or other body fluid that are potentially infectious.

If a student has experienced such an exposure he or she must not delay in seeking medical care. If the exposure happens Monday-Friday during business hours, a student who is on the Fort Lauderdale campus is to immediately contact the Student Medical Center (8:30 a.m. to 5:00 p.m.) at (954) 262-1270 to report such an incident or call Infection Control at (954) 262-7353 to receive appropriate care. If the student is on rotation or at a student educational center, the student must go to the nearest local emergency room for evaluation and treatment.

The student also is responsible for notifying a supervisor and the Office of Risk Management as soon as possible.

Return of University Property

Any Health Professions Division or university property issued to you must be returned at the time of your dismissal or graduation, or whenever it is requested by administration, the department in control of the item, or the program. You are responsible to pay for any lost or damaged items. The value of any property issued and not returned may be charged to your financial account, and you may be required to deal with the bursar’s office for this purpose. Also, diplomas will be withheld for any outstanding financial obligation.

Security Checks

The university, the Health Professions Division, Public Safety Department/Davie Police, or community police departments may exercise the right to inspect all packages and parcels entering and leaving our premises to ensure the safety and physical integrity of the building and the premises. Please cooperate with security in providing this service and important function.

Social Events and Extracurricular Activities

All extracurricular activities by division-recognized organizations, on campus and off campus, must be approved in advance by that specific college’s Office of Student Affairs/Office of Student Activities. A student or group of students may not officially represent the division or the university, on or off campus, at any time without prior authorization in written form. All events sponsored by student body groups must receive prior approval from the specific college’s Office of Student Affairs/Office of Student Activities and faculty advisers affiliated with the group. Requests for permission for speakers, student meetings, and other activities on campus should be made on the student activities request form at least two weeks in advance. The specific college’s Office of Student Affairs/Office of Student Activities must approve activities before the coordinator of educational support can assign a room, and no meeting announcements may be made until approval is received. At that time, a specific room will be assigned for the function. No announcements can be posted unless authorization is given.

Student Assistance Program

As a condition of enrollment in the Health Professions Division (HPD) of Nova Southeastern University (NSU), all students agree to abide by university standards concerning: 1) Drug-Free Schools and Campuses and 2) Zero Tolerance Drug Policy.

The objective of the Student Assistance Program is to assist students in need of substance abuse services in order to: 1) protect the public welfare and 2) encourage those students to pursue a life of recovery so that they may regain and maintain physical and psychological health, as well as academic success within the Health Professions Division (HPD). Any student enrolled in HPD in need of substance abuse services is encouraged to voluntarily seek such assistance, with their respective college’s Office of Student Affairs.

The Student Assistance Program is a nondisciplinary student resource. However, in cases of suspected substance abuse, intoxication, influence or impairment, a student may be referred by their college to the Student Assistance Program in order to initiate an investigation. A Student Assistance Program investigation may include drug/alcohol screen(s), or, assessment, evaluation and/or treatment for substance abuse-related issues. All drug screen(s), assessment(s), evaluation(s), and/or treatment for substance abuse-related issues will be provided by an independent licensed health care provider(s) authorized by the Student Assistance Program. All students agree to abide by Student Assistance Program instruction and recommendation(s) as a condition of enrollment at NSU.
A student referred to the Student Assistance Program shall sign an authorization and consent for release of information, including an authorization for the release of a student's medical records so that the Student Assistance Program director and authorized representatives of the applicable college may monitor the student’s performance and compliance with the conditions of the Student Assistance Program. Any failure to comply with the conditions of the Student Assistance Program, or, failure to comply with any recommendation of an authorized independent licensed health care provider authorized by the Student Assistance Program may result in dismissal from the respective college.

Any student referred to the Student Assistance Program may have his or her clinical rotations or other clinical assignments suspended or re-scheduled at sites that will allow the student to be more appropriately monitored during the course of participation in the Student Assistance Program. The student may also be asked to take a medical leave of absence from NSU while participating in the Student Assistance Program. Any act of inappropriate behavior or violation of student handbook policy by a student participating in the Student Assistance Program may be considered grounds for discipline and may result in dismissal from the respective college.

A faculty member who observes a student with symptoms suggestive of intoxication, substance influence, and/or impairment may report the matter to the dean or authorized representative of his or her respective college. The Student Assistance Program is independent from the disciplinary process for each respective HPD college.

**Student Employment**

Due to the intensity of all academic programs, outside employment during regular school terms is strongly discouraged.

**Student Insurance Requirement**

It is required that each Health Professions Division Student including online M.P.H. students carry adequate personal medical and hospitalization insurance. (Other online program students may not be required to submit proof of personal medical and hospitalization insurance; please check with your program office.) It is strongly suggested that students and their families avail themselves of the insurance plan obtainable through the university. Information about the policy can be obtained by accessing the Web site at [www.nova.edu/studentinsurance](http://www.nova.edu/studentinsurance). Please note that students will see a charge for health insurance appear on their student account as part of the academic registration process.

For those students who already have health insurance coverage and do not need the NSU-endorsed insurance plan, this charge will be removed from their account once proof of coverage has been submitted by completing the online waiver. To complete the waiver form, go to [www.nova.edu/insurancewaiver](http://www.nova.edu/insurancewaiver). The online waiver is the only process by which insurance charges will be removed and coverage will be cancelled. Students who fail to complete the waiver form and provide proof of health insurance by the stated deadline will not be eligible to have charges removed and will continue to be enrolled in the insurance plan endorsed by NSU. Waivers must be completed each academic year.

In view of health care reform and the Affordable Care Act, as well as all forms of health care insurance, we wish to advise those students who have health care coverage from commercial carriers—or the marketplace health care exchanges from other states than Florida—to check with their carriers in order to be sure they have comprehensive health care coverage in the region of Florida where they will be attending classes or practicum rotations.
**Telephone Calls**

A student will not be called from class for a telephone call except in cases of an emergency. Use of the division office phones is not permitted unless an extreme emergency exists.

**Visitors**

Unescorted visitors in our facilities are not allowed. Visitors are not permitted in classrooms or laboratories on HPD property without prior permission from the college or department. No visitors are permitted in a restricted area at any time. If you are expecting visitors, you must request permission from the college or department coordinator and obtain permission from the instructor(s) giving the lecture that the visitor will be attending. No permission will be granted the day of visitation. Ask your visitors to sign in with the college or department receptionist and/or department coordinator when they arrive. Student escorts are permissible after sign-in.

**Visits to Other Institutions**

Students in the Health Professions Division may not visit, in an official or presumably official capacity as a professional school student, any health-related institution (hospital, pharmacy, practitioner's office, clinic, etc.) or any health school without express permission of the dean. Visits to relatives or friends who are hospitalized are permitted, provided they are within visiting hours and all hospital rules are observed.

FINANCIAL AFFAIRS

Charges and Payments
Tuition charges will be posted for all registration requests. Students are expected to pay in full at the time of registration or have availed themselves of the opportunity to take part in an approved university deferred payment program, or have completed the necessary paperwork for financial aid. Students may pay for tuition using credit cards: MasterCard, Visa, American Express, or College Card.

Students will be billed for any balance due at 30-day intervals. Failure to make payment when due will result in an assessment for each 30-day billing period for which payment has not been completed with the additional assessment charged and posted at the end of the period or when payment is made.

A review of student accounts at the appropriate time will occur to determine whether or not a student shall be allowed to register in a subsequent term. Students with balances due in the current term and who have not been meeting their financial obligation or who have not completed the financial aid process in a timely manner will have a financial hold placed on their record and will not be allowed to take advantage of the registration process established for their program of study for subsequent term registration. Continuous registration for future terms before having current term charges satisfied will not be allowed.

Late Payment Fee
Students with any balance unpaid by the 30th day of the semester will be assessed a $100 late payment fee and a hold will be placed on their account. In addition, no further registrations will be accepted until balance is paid in full.

Late Registration
Students who have completed one full year at the university and who cannot meet their financial obligations by the first day of class are considered late registrants. Students who register after the late registration date will be charged a $100 late registration fee. Students must be registered to attend classes and pharmacy practice sites. Students will be dropped from assigned pharmacy practice sites if they have failed to register for the semester.

The following will apply:

• Recipients of Armed Forces scholarships shall be allowed up to two months grace period without penalty.
• When confirmation of guaranteed loans has been received, but checks are delayed, credit will be extended for three months.
Consequences for Nonpayment

Students will not be allowed to register for subsequent terms, nor attend classes or pharmacy practice sites, until financial obligations to the university are met, except for those cases described in Late Registration above. Students will be dropped from assigned pharmacy practice sites if they have failed to register for the semester. The student’s failure to meet financial obligations in accordance with university policy at the end of 70 days will result in an automatic letter of notification being sent to the student informing him/her that failure to resolve the financial obligation within 10 days will result in administrative withdrawal from class. The university bursar shall

- identify those students who have still failed to meet their financial obligation at the end of the 70-day period
- notify those students of their failure to pay
- forward to the program office the names of all students in delinquent status for the program office to take appropriate administrative action

The university registrar shall notify those students an administrative withdrawal has been posted for their classes and they shall not receive any academic credit for the coursework taken.

Florida Residency

Eligible students in the entry-level Pharm.D. degree program must request in-state tuition by application. For tuition purposes, students’ Florida residency status (in state or out-of-state) will be determined based on initial matriculation and will remain the same throughout the entire enrollment of the student at NSU. The determination as to eligibility for in-state tuition at NSU shall be made exclusively by NSU. Students may direct questions to the admissions residency specialist via phone at (954) 262-1126 or via email at HPDfloridaresidency@nova.edu.

STUDENT AND ACADEMIC SERVICES

Email Accounts

All entering students are issued a university email account. Important college and university information will be released via these email accounts; therefore, it is important for students to check their accounts at least once each weekday. Any official university business being sent by email will be sent to a student’s NSU email only. Students must use their official NSU email accounts for email correspondence within the university. NSU employees will not respond to student email from outside accounts (e.g., AOL, Hotmail, Bellsouth, Gmail, etc.).

Students are expected to maintain professional behavior in all email correspondence. Emails sent to university or college employees, including faculty and staff members and administrators, must include the student's full name, NSU ID number, the expected year of graduation, and primary school site (i.e., Fort Lauderdale, Palm Beach, or Puerto Rico). For example, Jane Doe N01234567, Class of 2014, Fort Lauderdale Site.

All students must comply with the university’s acceptable use of computing resources policy.
Computer Requirements
Entering students must purchase a device for in class online testing. Specifics will be provided by the college. All students are required to have ongoing access to a computer capable of connecting to the Internet and playing streaming video files. Online course notes and discussions will be provided to the student through the online course management system. Students may use laptop computers in class to take notes or access pertinent materials. Students accessing material unrelated to the coursework may be asked to turn their computers off and may be subject to disciplinary action. Students are strongly encouraged to charge all electrical devices prior to class as there is very limited access to electrical outlets in lecture halls.

Change of Name or Address
Students are required to fill out the data change form, then update their personal information in WebSTAR (http://webstar.nova.edu) or through SharkLink (http://sharlink.nova.edu) and update their PepRx record. In addition, students must submit the request via email to studentupdates@nova.edu and copy phss@nova.edu so that the College of Pharmacy is aware of the name change. You may also fax the request to (954) 262-2915, or mail it to: Nova Southeastern University, Office of the University Registrar, 3600 South University Drive, Fort Lauderdale, Florida 33314-7796. More information is available on the University Registrar's Web site at http://nova.edu/registrar/services.html.

Registration
All student registrations must be completed and submitted via WebSTAR or directly to the program office or the Office of Academic Support Services prior to the first day of classes for the semester in which the student is attempting to register. This will allow tuition charges and fees to be posted in a timely manner and the distribution of any financial aid to be accomplished within established state and federal guidelines. Additional fees will be incurred for late registration.

Students must register for all classes to be taken during the term at the same time.

Adding a Course
Students may add courses only during the drop/add period of the semester.

Transfer Credit
Requests for transfer credit must be submitted in writing to the associate dean, Professional Program. The request must include an official copy of the transcript containing the course, the final course grade, and a course syllabus. Transfer credit will be considered only for courses taken at pharmacy schools accredited by ACPE, or for those courses given prior approval by the associate dean, Professional Program. Up to, but no more than, four elective hours may be transferred from an approved graduate institution. An official transcript from the institution attended must be provided before transfer credit will be awarded. All transfer credit requests for previously completed coursework must be received prior to August 1 of the first year of pharmacy school.

The dean’s office will evaluate the courses and determine appropriate credits. A minimum of 30 credit hours of didactic coursework and all advanced practice experiences must be completed at NSU.
Maximum Number of Credits Per Semester
A student may enroll in a maximum of 21 credit hours each semester. This policy may be waived under the following exception:

• with written permission from the associate dean, Professional Program

With the exception of required curricular review courses, students may not concurrently enroll in both didactic coursework and advanced pharmacy practice experiences without permission from the dean's office.

Withdrawals/Drops from a Course for Grading Purposes
Any course dropped within two weeks of the start of the semester will not be reflected on the transcript.

A student may withdraw from a course no later than 5:00 p.m. two weeks after the midpoint of the semester with prior consultation and approval of the associate dean, Professional Program. The student must be in good standing. The student will receive a grade of W (withdrawal passing) or WF (withdrawal failing), depending on his or her grade at the time of the withdrawal.

The deadline for withdrawing from any advanced pharmacy practice experience is 5:00 p.m. Monday of the third week. If a student withdraws from an advanced pharmacy practice experience, he or she may not repeat that same experience (same course number) during that semester. If a student is failing at the time of withdrawal from an advanced pharmacy practice experience (APPE) a final grade of WF will be recorded on the student's transcript. No refunds or credit will be given.

A Student Transaction Form must be completed for all withdrawals and submitted to the Office of Academic Support Services or the program office.

Withdrawal from the College of Pharmacy
Students who withdraw from the College of Pharmacy must complete a Student Transaction Form and submit it to the program office for approval and signature. A letter should accompany the request for withdrawal explaining the circumstances. If approved, the student will receive a grade of W (withdrawal passing) or WF (withdrawal failing) for each course, depending on his or her grade in each course at the time of the withdrawal. Failure to submit the form will result in a failing grade for all courses registered for that term. The student also forgoes any tuition refund, if applicable.

Peer Mentor Program
Each incoming student is assigned a peer mentor. Approximately four to six mentees are randomly placed with one peer mentor. The director of Student Services, along with selected Peer Mentor Program leaders, facilitates the application process and subsequent training sessions for the peer mentors. Additionally, the group provides a framework for how mentors can interact with mentees in the fall semester, and then provides a follow-up session in the winter semester to get feedback from all program participants.

Policy on Examinations
Students may be denied access to an examination after the exam has started. Students reporting to an examination after the first student has left the examination room will be prohibited from taking the examination.
**Policy on Returning Examinations**

In order that examinations may be a learning experience, as well as a means of evaluation, all examinations will normally be made available to the students for review no later than two weeks after the examination.

**Grading**

At the end of each course, after review by the department chair, the course coordinator or department chair submits to the associate dean, Professional Program a grade for each student. Once approved, the grades are released to the students by the course coordinator. Percentage grades are used except in certain designated courses in which Pass (P) or Fail (F) is employed. Grades will be issued for experiential as well as didactic courses.

Grading for all students will be based on the following:

- **A** 90–100
- **B** 80–89
- **C** 70–79
- **F** Below 70
- **W** Withdrawal Passing
- **WF** Withdrawal Failing
- **AU** Audit
- **P** Pass
- **F** Fail
- **70E** Reexamination (An I must be removed by the end of the next semester, or the end of the semester when the course is offered again; otherwise, it will automatically convert to an F or 35 percent.)
- **NPR** No Progress
- **PR/PG** Progress

In the event a student needs to have his or her GPA converted to a 4.0 scale, the following will be used:

- **A** = 4.0 95+
- **A-** = 3.7 90–94
- **B+** = 3.3 87–89
- **B** = 3.0 84–86
- **B-** = 2.7 80–83
- **C+** = 2.3 77–79
- **C** = 2.0 74–76
- **C-** = 1.7 70–73

**Audit Policy**

The privilege of taking classes on a noncredit basis is available to students. If the credit hour total (including the audit course) exceeds 21 credit hours, written permission from the associate dean, Professional Program is required. Auditing a course requires registration, which must be completed during the standard registration period. The practice of “sitting in” on classes (attending, with or without participation, classes for which the student is not registered and paying fees) is not allowed.
Auditors are expected to attend classes regularly and to complete such assignments as required by the instructor. It is the student's responsibility to determine and fulfill the course requirements expected of an auditor by the instructor. The auditing privilege carries full rights of class participation and instructor appointments.

Auditing a course offers no academic credit. Although an instructor may require that the student complete graded assignments and examinations, only an AU (Audit) grade is assigned. Subsequent credit for the course is not available through any means (e.g., registration may not be changed from audit to credit; a student may not enroll at a future time for the audited course).

**Chancellor's List**

Students who are enrolled in the Doctor of Pharmacy degree program and whose cumulative Grade Point Average (GPA) is in the top 5 percent of their class are placed on the Chancellor's List for that semester. A letter of commendation is sent from the chancellor to the student, and the honor is recorded on the student's official transcript.

**Dean's List**

Students who are enrolled in the Doctor of Pharmacy degree program and whose cumulative Grade Point Average (GPA) is in the top 6 to 15 percent of their class are placed on the Dean's List for that semester. A letter of commendation is sent from the dean to the student, and the honor is recorded on the student's official transcript.

**Student Records**

**Transcripts**

Each student's academic achievement is reviewed each semester via the student's academic transcript. It is the responsibility of the student to review the transcript via WebSTAR and report any errors to the associate dean, Professional Program.

The transcript includes

- grades earned
- deficiencies (incompletes, failures, probation, etc.)
- semester and cumulative grade point average (GPA)
- withdrawals

Failing grades will be included in calculating the GPA for that semester and the cumulative GPA to that point. If the student is permitted to take a reexamination and passes the reexamination with a grade of 70 or greater, a grade of 70E is recorded. The reexamination grade (70) will be included in the student's cumulative GPA.

When a student repeats a course, the new grade will be entered on the transcript and calculated into the GPA.

**Transcript Requests**

Students may request official transcripts through WebSTAR with their NSU ID and PIN. This process allows the student to request and pay for the transcript online. Generally, transcript requests will be processed within one business day of receipt. (For standard U.S. mail, please allow up to 10 days for delivery.) After making a request, the transcript processing can be tracked through the
Definitions: For the purpose of this policy, Nova Southeastern University has used the following definitions of terms.

Student—Any person who attends or has attended the university.

Education Records—Any record (in handwriting, print, tapes, film, or other medium) maintained by the university, which is directly related to a student, except:

- a personal record kept by a staff member, if it is kept in the personal possession of the individual who made the record, and information contained in the record has never been revealed or made available to any other person except the maker's temporary substitute
- an employment record of an individual whose employment is not contingent on the fact he or she is a student, provided the record is used only in relation to the individual's employment
- records maintained by the Health Center if the records are used only for treatment of a student and made available only to those people providing the treatment
- alumni records, which contain information about a student after he or she is no longer in attendance at the university, and the records do not relate to the person as a student

Student Progress Committee
At the end of each semester, all failing grades are reported to the Student Progress Committee (SPC). The SPC will meet as soon as possible after the end of semester to review and make recommendations to the dean based on guidelines set forth in the student handbook (see Academic Standing on page 119). Students wishing to send a letter to the SPC should do so within 10 days of the end of the term where the failing grade is recorded. The student's letter should clearly state any extenuating factors, which should be considered by the SPC, and which may have impacted the student, preventing the student from making satisfactory academic progress and successfully completing all required coursework. Recommendations for probation, suspension, and dismissal are made from the SPC to the dean of the college. A certified letter from the dean's office will be mailed to each student. An email will also be sent to the student's NSU email address. Suspended and dismissed students will be administratively dropped from all COP courses and will not be allowed to continue in classes in the upcoming semester. The dean's letter will outline the reason for the decision and recommendations made by the SPC. Students wishing to appeal a decision made by the dean must submit a written appeal letter to the chair of the Appeals Board within 14 calendar days from the date of the letter.

The Student Progress Committee also meets to address student violations of university or college regulations. The Student Progress Committee recommends to the dean actions relative to the academic progress and status of individual students. In the case of regulation violations, the committee recommends to the dean disciplinary actions relative to the violation.

Academic Honor
Because complete confidence in the honor and integrity of health care practitioners is essential, students are held to the high standards of intellectual integrity befitting the learned profession they are entering. While students have an obligation to assist fellow students in meeting common goals
of their education, dishonest acts will subject the student to immediate disciplinary actions up to, and including, expulsion from the college. Such acts include any attempt to pass examinations by improper means, to present work not performed by the student, or to aid or abet any dishonest act.

Academic dishonesty is considered a serious academic offense by the faculty and administration of this university. The College of Pharmacy has a zero tolerance policy toward cheating, plagiarism, or deceptions of any manner and material. Academic dishonesty includes, but is not limited to, copying answers from another student's test paper, using notes or answers during a test without approval of the instructor, having another student take your examination or sign an attendance roster for you, and submitting a paper without proper citations for another's ideas or quotations. These are only some examples of academic dishonesty, and students are required to acquaint themselves with the specific course requirements and regulations of the college and the university.

Instructors have the authority to give a failing grade for the test and/or course to students who demonstrate academic dishonesty. Instructors may also refer cases to the Student Progress Committee for review. Department chairs, associate and assistant deans, and the dean may enforce additional penalties ranging up to expulsion from the program. Students who wish to appeal a penalty imposed by an instructor or administrator may request that the case be forwarded to the Student Progress Committee.

**Academic Standing**

There are five major classifications for student academic standing: good academic standing, satisfactory academic progress, academic probation, academic suspension, and academic dismissal. Passed reexaminations are not considered course failures in determining academic standing. A final decision on a student's academic standing will be made by the dean of the college based on available information and a recommendation from the Student Progress Committee. Guidelines used by the Student Progress Committee are listed on the following pages.

**Good Academic Standing**

A student in good academic standing is defined as one who passes all courses and maintains a cumulative and semester GPA of 70 percent or higher.

Students who fail to maintain good academic standing in the program may be subject to sanctions, including probation, suspension, dismissal, or an extended program. Any student failing a course must repeat it and may incur additional expenses.

**Satisfactory Academic Progress**

A student making satisfactory academic progress is defined as one who has passed at least 66.7 percent of his or her attempted credits, successfully passes any repeated courses, and is on track to complete the degree program in six years or less.

**Academic Probation**

(Any one of the following may result in academic probation.)

- cumulative and/or semester GPA below 70 percent
- failure of or withdrawal from any didactic course
- failure of or withdrawal from any experiential course in any grading period
- repeating an academic year
- placement in the extended program
Academic Suspension
(Any one of the following may result in academic suspension.)

• failure of or withdrawal from any didactic course upon repeating it
• failure of or withdrawal from any experiential course upon repeating it
• failure of two didactic courses in a semester
• failure of two advanced experiential courses
• failure of three or more courses during a student’s academic enrollment
• failure of any course while on an extended program

Academic Dismissal
(Any one of the following may result in academic dismissal.)

• semester or cumulative GPA below 70 percent in two consecutive grading periods
• failure of three or more courses or 66.7 percent of attempted credits in one grading period
• failure of four or more courses during a student’s academic enrollment
• failure of an experiential course in any two grading periods whether or not they are consecutive
• failure of any course upon returning from suspension
• remaining on academic probation for more than one year with continuing failures
• more than six years to complete the entry-level program
• more than five years to complete international/advanced standing program
• more than five years to complete the postbaccalaureate program
• legal, moral, behavioral, ethical, or academic dishonesty or professional misconduct
• determination by the dean that there are factors that would interfere with or prevent the student from practicing the highest quality of pharmacy

Students on academic probation will remain at that status until their GPA is raised appropriately or failed courses/experiences are remediated, retaken, or retested and passed, or as determined by the dean or the dean's designee. During the warning or probation period, students will not be allowed to register on the Web and must meet with an academic adviser each semester for manual registration. Students should limit extracurricular activities and refrain from obtaining employment. Students on academic probation will not be permitted to hold any office in any student organization.

Academic Promotion
Promotion is defined as progression from one professional student level to the next. A student will be promoted to the next professional student level if the student has

• satisfactorily completed all courses in that academic year
• maintained satisfactory academic progress, with a GPA of 70 percent or better

Students will be classified as first-year (P-1) students until all P-1 courses have been satisfactorily completed. Similarly, second-year (P-2) students are classified as P-2 until all second-year courses have been successfully completed. This same standard applies to third-year (P-3) and fourth-year (P-4) students.
Students may enroll in the advanced pharmacy practice experience (APPE) in their final year only upon satisfactory completion of all didactic and introductory pharmacy practice experiences (IPPE) courses.

The academic program for entry-level students must be completed in six calendar years, or five years for international pharmacists accepted with advanced standing.

Students whose academic performance is unsatisfactory may be placed into the Extended Program.

Students placed in the Extended Program are automatically on academic probation. As such, any failures may result in additional sanctions, including suspension and dismissal.

**Extended Students**

Individuals who have finished the academic year but have not successfully completed all of the courses in the respective year are classified as extended students. For example, a first-year student who finished the academic year but failed or withdrew from a course will be classified as a P-1 extended until all first-year courses have been satisfactorily completed. This same principle applies to P-2 extended and P-3 extended students.

Students are not eligible to be placed on an extended program until after they have completed at least one academic semester in the college.

Students whose academic performance is deemed unsatisfactory by the Student Progress Committee may be placed on an extended program.

Students on a one-year extended program may be eligible for a one-semester tuition reduction. Tuition reductions will only be applied to students who have not had additional failures while on an extended program, and who have had at least one semester with 10 or fewer academic credits. The tuition reduction will be applied during one of the semesters of the student's last didactic year of the program.

**Academic Probation**

All students who have an outstanding failure, are on an extended program, or have outstanding academic requirements from a prior academic year are automatically placed on academic probation. Probation will be recorded on the student’s official transcript and he or she will be notified of this action by the associate dean, Professional Program’s office. A student who is on academic probation will be restricted from holding office in any student and/or college-sponsored organization. The Office of Student Services for both the college and health professions division will be notified accordingly. Other activities may be restricted by the associate dean, Professional Program.

Failure to bring the GPA up to a satisfactory level and to remove failure grades within the academic year may result in additional sanctions, including suspension and dismissal.

The college reserves the right—and the student, by his or her act of matriculation, concedes to the college the right—to require withdrawal at any time the college deems it necessary to safeguard its standards of scholarship, professional behavior, and compliance with regulations, or for such other reasons as are deemed appropriate.
Remediation Policies
Remediation of failures is determined by the dean's office and/or the dean's designee on an individual basis and may be assigned by the dean's office in one of the following modes:

1. by course repetition
   - The course may be repeated at Nova Southeastern University College of Pharmacy.
   - The course may be taken at another institution or academic unit within NSU after the department chair and the Office of the Associate Dean, Professional Program determine the equivalency of the course to the Nova Southeastern University College of Pharmacy course it will be replacing and makes a recommendation to the dean. The student must obtain the prior approval from the dean (or designee) prior to course registration.

2. by reexamination
   A student who receives a grade of less than 70 percent for a course may be allowed a single reexamination in that course under the following circumstances:
   - if the student has achieved a grade of 70 percent or better on at least one half (50 percent) of the examinations/tests in the course
   - if the course mean is below 80 percent and the student's grade is within two standard deviations
   - on the recommendation of the dean or the associate dean, Professional Program
   Remedial reexaminations are not automatic and are granted through permission of the associate dean, Professional Program. A successful reexamination will be recorded as 70E on the student's transcript.
   A student may take only one remedial reexamination per semester.

   NOTE: A student who earns less than a 70 percent in three or more courses during the term will not be eligible for reexaminations.

   Remediation of a course failed during one academic year does not remove it from the total failures allowed per year. Failing a reexamination does not count as a second course failure. In cases of repeat course failure, reexamination will not be permitted.

Graduation Requirements
Students are not awarded their degrees only on the completion of any prescribed number of courses or on passing a prescribed number of examinations. Degrees are awarded when the faculty believes the students have attained sufficient maturity of thought, proficiency, and professionalism. If a student fails to graduate, he or she does not necessarily fail in any one subject but is judged by the faculty to be unqualified for the practice of the health profession as a whole.

Requirements for Entry-Level Doctor of Pharmacy Program
To receive a degree, every student must fulfill the following requirements:

1. be of good moral character
2. pass all required examinations
3. satisfactorily complete the degree requirements within six years (or five years for international pharmacists accepted with advanced standing)
4. satisfactorily complete the assigned curriculum requirements for the degree, including all assignments, with a GPA of 2.0 on a 4.0 scale or a numerical average of 70 or above
5. satisfactorily meet all financial and library obligations
6. if transferring, complete a minimum of 30 semester hours of didactic coursework, in addition to seven advanced experiential courses in the pharmacy program
7. submit to the registrar's office an Application for Degree/Diploma by March of the anticipated year of graduation
   (Applications received after the due date will not be considered for that year's commencement.)
8. attend in person the commencement program, at which time the degree is awarded

**Ph.D. Program in Pharmacy**

All of the policies and procedures previously described for the Entry-Level Doctor of Pharmacy Program also are applicable to the Ph.D. program, with the following few exceptions:

- graduation requirements (see narrative below)
- dress code
- transfer credits
- grading scale
- student progress
- licensure (not applicable)
- introductory and Advanced Pharmacy Practice Experiences (not applicable); and
- student organizations

These exceptions are presented to the new Ph.D. students during the Annual New Ph.D. Students Orientation, which is held during the first week of the fall semester.

**Graduation Requirements for the Ph.D. Program in Pharmacy**

To receive a Ph.D. degree, every student must fulfill the following requirements:

1. Select a Dissertation Committee Chair (DCC), or major adviser in one of the three areas of emphasis during the second semester.

2. During the second year, the student and the DCC will select a Dissertation Committee (DC) to help set, guide, and oversee the student's plan of study and research.

3. At the end of the second year (or shortly thereafter), after completing the prescribed program coursework with a B or better average, the student takes a series of written comprehensive exams prepared by the major advisor (DCC) and the faculty who taught the courses in the student's curriculum. The purpose of the exams is to evaluate the suitability of continuing the student in the Ph.D. program. Failing students may be offered additional coursework or be dismissed from the program.

4. After successfully completing the written comprehensive exams, the student will prepare and defend (oral comprehensive exam) a proposal for the dissertation research. The proposal will have the format of one seeking grant support. On approval of the proposal by the major adviser and the DCC the student becomes a Ph.D. candidate.
5. Research and seminar comprise the efforts of the remaining years in the program, at the end of which the student writes and orally defends a dissertation for which the research was conducted.

6. After successfully defending the dissertation, the candidate will prepare a paper for publication in a scientific journal and see to the preparation, binding, and distribution of the dissertation manuscript. The Ph.D. will be conferred at the ensuing graduation ceremony.

7. All of the above requirements must be completed within a maximum of seven years.

**Graduation with Honors**

Students in the entry-level and international advanced standing Pharm.D. programs with a cumulative GPA in the upper 5 percent of their class will receive a diploma inscribed with highest honors. Students in the next 10 percent of their class will receive a diploma inscribed with honors.

**Licensure Examinations**

Applications for licensure within the state of Florida may be obtained through the Florida Board of Pharmacy's Web site (www.doh.state.fl.us/mqa/pharmacy/). Applications for licensure from other states may be obtained from that state's respective board of pharmacy Web site. Please note that each state has different requirements. Applications for states other than Florida should be submitted to the Office of Experiential Education with a cover letter explaining what sections need to be completed by the school and where the application should be sent (i.e., directly to the respective board of pharmacy office or returned to the student). Documentation will not be completed until after degree conferral.

**STUDENT CONDUCT**

**Conduct**

Students are expected to conduct themselves in a responsible manner, which will reflect well on themselves, the college, and the university, in terms of morality, honor, truth, and good citizenship. Students are also expected to abide by the regulations of the division and the university.

Furthermore, students are expected to conduct themselves in a professionally ethical fashion and to maintain and observe high standards of conduct so that the integrity of the university may be preserved. A student should avoid impropriety and the appearance of impropriety in all activities.

**Attendance**

**Attendance Policy for Lectures**

- Attendance is strongly recommended and students are expected to attend all assigned classes and lectures unless otherwise indicated by the instructor.
- Attendance is mandatory for all laboratories, small group learning activities, interactive learning activities, clinical activities, special events, and guest speakers.
- The college/faculty reserves the right to require attendance at designated lectures, presentations, and special events. See course syllabus for faculty policy on attendance.
- Incentives and/or penalties may be applied at the discretion of the faculty.
Attendance Policy for Exams and Quizzes
Attendance at exams and quizzes are mandatory and requires the student’s physical presence in class unless otherwise stated by the instructor in the syllabus, i.e. online quizzes, exams.

Attendance at Pharmacy Practice Experiences
Attendance is mandatory at all Introductory Pharmacy Practice (IPPEs), and Advanced Pharmacy Practice Experiences (APPEs). While on IPPEs and APPEs, holidays DO NOT APPLY. All hours are required to meet licensure requirements.

Examples of College Required Activities
P1, INP1: Orientation
P1-P3, INP1-INP2: The first week of classes, HPD Research Day.
P3, INP2: Seminar Day
P4, INP3: Career Day Expo, Capstone Week on Campus, Graduation

Tardiness
Health Professions Division class hours are from 8:10 a.m. to 8:00 p.m. daily, as scheduled. Promptness is another trait a proper health care practitioner must display. Additionally, tardiness in class disturbs both the lecturer and other members of the class, and is thus markedly inconsiderate, rude, and unprofessional.

Class schedules are issued from time to time as an aid to faculty members and students, but the administration reserves the right to make changes, assign Saturday hours, or deviate from published schedules.

Classes begin at 10 minutes after the hour. Any student not seated by the time class begins will be marked absent. Tardy students may be denied admission to the class. Classes finish on the hour. Students will await the instructor’s arrival until at least 20 minutes after the specified starting time, unless notified otherwise by an authorized individual.

Leave of Absence
A leave of absence is a request by a student to temporarily withdraw from classes. A student desiring a voluntary leave of absence must submit a written request to the associate dean, Professional Program. If approved, the student must reenter the program no later than the following year at the beginning of the same semester in which he or she left

A leave may be granted for

• medical reasons including, but not limited to, pregnancy, surgery, or other health-related problems pertaining to the student’s health
• personal reasons pertaining to the student’s personal life

A Leave of Absence is defined as time away from class attendance for more than 14 calendar days. Medical, personal, and financial absences that are less than 14 calendar days fall under the Student Conduct Attendance policy in the college specific section of this handbook

Medical/personal leaves may be granted by the dean or associate dean, Professional Program of the college to students who have compelling personal circumstances that are temporarily impeding their
academic progress, or for documented medical reasons. A student requesting a leave of absence for medical or personal reasons must submit a written request to the dean's office. The request must be accompanied by one of the following documents:

- **Medical Leave**—This is a letter from the student's licensed health care provider documenting the student's condition and assessing when he or she can return to active academic status. The purpose of medical leave is to allow a student to take time away from his or her studies to obtain medical care. Leave cannot be requested retroactively.

- **Personal Leave**—This is a personal statement from the student documenting the reason why a personal leave is needed.

A student on medical leave may be asked to provide a licensed health care provider's evaluation before being allowed to resume studies.

A student on personal leave may be asked to provide a personal statement before being allowed to resume studies. If a personal leave is granted for financial reasons, the student may be asked to provide the financial departments of the university with proof that he or she has the financial capability to continue his or her studies.

A leave of absence will not be granted in excess of two semesters (one calendar year) over the course of a student's degree program, either cumulatively or within a single leave, during the student's matriculation.

If a student is granted a leave of absence while current coursework is still in progress, he or she will be withdrawn from those courses. In all such cases, an appropriate designation for each course in progress will be entered on the transcript. A **W** will be given if no graded coursework has been completed or if graded coursework is at a passing level. A **WF** will be given if graded coursework has been completed and is not at a passing level.

A student taking a leave of absence also foregoes any tuition refund, if applicable.

**Attending Class at a Different Campus**

Students must have prior approval from the Office of Student Services before attending class at a different campus, rather than the one where they are registered. The Office of Student Services and the course coordinator must be informed at least 48 hours in advance.

**Dress Code**

Students in the Health Professions Division must maintain a neat and clean appearance befitting students attending professional school. Therefore, attire should convey a professional appearance whenever the student is on the division campus, at an NSU student educational center or distance site, in classes or laboratories, or on a pharmacy practice experience. Students must adhere to the HPD dress code found in the HPD section of this handbook. The following constitutes acceptable attire:

- shirt, tie, slacks, and regular shoes for men, and for women it should be professional business dress, which includes slacks, pants, or skirt with blouse, or dress and appropriate shoes
- matching scrub sets and shoes
- NSU College of Pharmacy polo shirts and dress slacks

In addition to the above attire, students must wear their white clinical jacket at all times while on campus or at experiential sites.
Identification badges will be issued by the One-Stop Shop and must be worn at all times when the student is on campus or rotation.

Students may not wear the following:

- shorts
- cut-offs
- mini-skirts (higher than mid-thigh)
- jeans
- see-through clothing or halter-tops
- beach/flip-flop sandals or thong footwear
- T-shirts (as the outer shirt)
- jogging or exercise clothing
- hats or caps, unless of a religious nature

These guidelines apply on campus from 8:10 a.m. to 8:00 p.m., Monday through Friday, during any scheduled evening or weekend classes, and while on introductory and advanced pharmacy practice experiences. Students inappropriately dressed or groomed may be requested to leave the campus. In this circumstance, an unexcused absence will be recorded until the student returns properly attired. Questionable or disputed cases of dress or grooming shall be presented to the dean or his or her designee, whose decision shall be final. Repeated violations will be considered improper professional behavior and may result in disciplinary action. Classes requiring special dress (e.g., patient care management laboratory or physical assessment) will be the only exceptions to dress code allowed during regular school hours.

The dress code is to be observed at all times, including during examination and school holiday periods.

**Illegal, Inappropriate, and Unprofessional Behavior**

No student shall display disorderly conduct, public intoxication, or lewd, indecent, or obscene behavior on the campus or at any college-sponsored or supervised function or event.

No student shall intentionally or recklessly endanger or threaten the mental or physical health or well-being of any other member of the college community or any visitor to the campus.

No student shall violate the policies established by the university, Health Professions Division, or the college, as well as by federal and state law regarding sexual harassment, discrimination, and the protection afforded under the Americans with Disabilities Act (ADA) and section 504 of the Rehabilitation Act.

A student shall not commit a dishonest act of any nature and shall comply with all university, division, and college policies.

Students are expected to exhibit professional behavior both in class and at introductory and advanced pharmacy practice experience sites. Unprofessional behavior may result in disciplinary sanctions, including warnings, probation, suspension, and dismissal. Unprofessional behavior includes, but is not limited to, disregard for authority, failure to comply with directives of NSU and/or clinical
affiliate faculty members, tardiness, failure to attend all required classes and meetings, displaying a poor attitude, conduct that violates the ethical and professional codes of conduct that govern the pharmacy profession as set forth in The Pledge of Professionalism entered into at the White Coat Ceremony, and conduct unbecoming an NSU pharmacy student and/or pharmacy professional.

**Cell Phones**
The use of cell phones, Blackberry/Iphone devices, PDAs, or laptop computers for texting, sharing information, taking photographs, capturing audio sounds, or computing calculations is prohibited during class. Laptop computers may be used for accessing and taking notes during class. No electronic devices are allowed on the student’s person during exams, tests, or quizzes. Calculators may be used as per the instructor’s directions.

**Firearms, Drugs, Alcohol, and Fire Equipment**
See Nova Southeastern University, Specific Policies and Procedures section.

**Food and Beverages**
Other than bottled water, food and drinks are not permitted in the classrooms, library, auditoriums, or laboratories.

**Policies and Procedures for Alleged Code of Behavioral Conduct Violations**
Any member of the college community may file a written complaint with the chair of the Student Progress Committee (SPC) setting forth specific violations.

During the period of time of any disciplinary action (except dismissal), the student may be directed to comply with the specific requirements intended to rehabilitate or monitor the student. These requirements may include counseling, auditing one or more courses, medical treatment, preparing scheduled reports, or any other requirement intended to rehabilitate the student and/or to ensure that the student is able to continue with his or her education without further monitoring.

Records of dismissal, suspension, or leave of absences and the date of each determination shall be placed in the student's permanent records.

The SPC shall have nonexclusive authority to evaluate all alleged student violations of misconduct, whether academic, moral, professional, or ethical. Exceptions to this authority include, but are not limited to, the following:

- Nothing shall limit the right of NSU-COP to immediately remove a student from the college who has been accused of a violent act or threat or any act that constitutes a violation of state, local, or federal criminal law subject to further proceedings consistent with these rules. A student who has been removed from the college shall not return until given permission to do so by the dean.
- Nothing shall prevent the dean from taking action deemed necessary, including removing a matter from the committee’s consideration, whenever, in the dean’s judgment, such action may prevent harm to health, safety, and welfare of any individual; to school property; or to the integrity of the educational process.
- Nothing shall limit the right of the college or any of its representatives or students to file a report with any law enforcement or civil agency.
Student Progress Committee Meeting Protocols and Process for Behavioral Violations

Proceedings to determine whether a student has violated a regulation, policy, or behavior, or engaged in academic misconduct of the college shall conform to the following protocols and process:

- When informed of alleged violation, the chair of the Student Progress Committee (SPC) will conduct a preliminary investigation and determine whether a full committee meeting is warranted.
- The chair will then call a meeting of the committee and shall notify the charged student(s). The student(s) shall receive written notice of the time, place, and subject of the meeting. Legal representation or any other form of representation is prohibited during the hearing.
- If necessary, the student will provide the chair with a list of any witnesses he or she may have, in writing, no later than two business days before the meeting date. The student will be responsible for ensuring the presence of his or her witnesses.
- Any witnesses will be called in individually to be questioned and to provide any statements. Any witnesses may be asked to remain outside the meeting room for later recall. The student will not be present during the questioning of any witnesses.
- The student will be given the opportunity to present his or her statements to the committee. The student will only be present during his or her statements and to respond to any questions from the committee.
- The chair will dismiss the student and any witnesses and close the meeting for discussion.
- At the conclusion of the discussion, the committee shall make a recommendation to the dean. The various disciplinary actions that may be recommended by the SPC are reprimand, probation, suspension, dismissal, and administrative leave of absence.
- The dean shall review the committee's recommendation and the student shall then be notified of the dean's decision by certified mail (return receipt requested) or personal delivery and electronic communication.
- The recommendations of the SPC and all reports, letters, and investigative records shall be maintained in the files of the dean for not less than five years. This information is not part of the student's permanent records or the student's transcript.

BEHAVIORAL DISCIPLINARY SANCTIONS

Reprimand

A reprimand is an oral or written notification to the student that continuation of repetitive wrongful conduct may result in more severe disciplinary penalties. Whether the reprimand is oral or written, it is recommended that the student sign a document in which the reprimand is explained and a copy of the document be given to the student and placed in the student’s file.

Probation

Probation is defined as a trial period during which a student has the opportunity to demonstrate that he or she can academically redeem failing grades or can effectively cease behavioral misconduct.

Probation can be for the remainder of a current term or may be for the remainder of the time the student is enrolled at NSU-COP.
While on probation, the student is prohibited from (1) participating in NSU-COP sponsored student activities, e.g., mission trips, health fairs; (2) holding an office or being elected to an office in the class or any NSU organization clubs, fraternities, and sororities; (3) registering for classes outside of the required COP curriculum; and (4) being elected to any honorary or other school organizations. Participation in any of the aforementioned activities by a student on probation is a violation of the probationary period.

During probation for disciplinary reasons, the student must especially show appropriate behavioral, professional, and personal good conduct as defined in the conditions of his or her probation.

Additionally, the student is required to refrain from any further violation of the code and may be required to comply with any other requirements intended to rehabilitate the student.

If, while on probation, the student violates the terms of his or her probation, actions may be taken up to, and including, dismissal from the NSU-COP.

A student is responsible for adhering to all laws, rules, or ethical codes that govern the pharmacy profession and its members of NSU-COP. Once the student has corrected all academic deficiencies, the SPC may recommend to the dean to remove the student from probation for academic reasons.

Suspension
Suspension bars a student from attending school for a defined period of time if, in the opinion of the dean, the student has deviated from the academic standards and/or standards of behavior established by the college. A suspended student will be removed from the academic enrollment with revocation of all other privileges or activities, including the privilege of entering the campus for a specified period of time. A student who chooses to appeal a suspension must do so within 10 business days of receipt of notification of suspension. Students going through the appeal process are prohibited from taking classes at the College of Pharmacy or participating in college activities.

Suspension is not included in the calculations of the six-year limit for completing all graduation requirements.

Dismissal
Dismissal is the permanent termination of a student's academic enrollment. As with disciplinary actions, the dean is responsible for imposing this recommendation. A student who chooses to appeal a dismissal must do so within 10 business days of receipt of notification of dismissal. While appealing a suspension based on a violation of the code of behavioral conduct and/or academic honesty standards, a student may continue to attend classes and take all examinations in the usual manner. Nothing in this section, however, shall preclude the right of NSU-COP to immediately remove a student pursuant to the Policies and Procedures for Alleged Code of Behavioral Conduct Violations, as contained in this handbook.

The reasons for which a student may be dismissed from the College of Pharmacy (COP) include, but are not limited to

1. academic failure, as outlined in the Dismissal Section under Academic Standing

2. a student representing himself or herself out as a doctor of pharmacy or to have practiced pharmacy, or any phase thereof, not under the direct supervision of a licensed pharmacist or a clinical affiliate faculty member of the university
3. the exceeding of the six-year limit for completing all graduation requirements, exclusive of any approved leave of absence in good standing

4. circumstances of a legal, moral, behavioral, ethical, or academic nature that warrant such action

5. determination by the dean that there are factors that would interfere with or prevent the student from practicing the highest quality of pharmacy

6. The college reserves the right—and the student, by his or her act of matriculation, concedes to the college the right—to require withdrawal at any time the college deems it necessary to safeguard its standards of scholarship, professional behavior, and compliance with regulations, or for such other reasons that are deemed appropriate.

**Readmission Policy**

If a student is dismissed or withdraws from the College of Pharmacy, he or she may not apply for admission for a class starting less than 12 calendar months after the date of dismissal or withdrawal. He or she may only apply as a first-year student. In order to be considered for admission, the candidate must provide adequate evidence that the conditions and/or factors that caused the prior dismissal or withdrawal have changed significantly, so that there is reasonable expectation that the applicant can perform satisfactorily if admitted.

Any applicant applying for admission must do so through the Office of Admissions of the Health Professions Divisions and must follow the same procedure as any other entering student. Admission will be solely at the discretion of the dean as are all admissions. The student's prior academic records will remain part of his or her overall academic record and will be recorded on the permanent transcript. If admitted, none of the student’s prior grades will be used in calculating his or her new grade point average.

**GRIEVANCES, GRADE DISPUTES, AND APPEALS**

**Non-grading Related Grievance(s)**

Any student has the right to seek redress of a grievance with immunity from disciplinary action or retaliation without regard as to the sex, race, religion, disability, color, creed, ethnic, or national origin as included in the regulations of Title VI, Title IX, the Americans with Disabilities Act, and section 504 of the Rehabilitation Act. For a student to address a grievance, he or she must use the following procedures:

1. The student will present the grievance to the faculty member. If the faculty member cannot affect a resolution to the problem, the student may then consult with the chair of the department or the assistant dean of the distant site, if applicable. If the chair/assistant dean can not affect a resolution, the student may then consult with the director of student services, followed by the assistant dean for experiential education and student services.

2. The assistant dean for experiential education and student services or the director of student services will hear the grievance. If a resolution cannot be affected, the student may consult with the associate dean, Professional Program.

3. If a satisfactory solution cannot be achieved, the student will be advised to prepare a written, signed request to the chair of the Student Progress Committee (SPC), setting forth the grievance and requesting a hearing with the SPC.
4. Copies of appropriate and relevant documentation must be appended to this request, which will include a statement to redress the student requests.

5. The chair of the SPC shall convene the committee after receipt of a written request.

6. The student will be notified in advance of the date, time, and place of the meeting.

7. The meeting shall be internal, private, and closed to those not associated with the university. Nonuniversity personnel are not available for consultation during these meetings. Legal representatives or any other form of representation is prohibited during the hearing. At the meeting of the SPC, the student will be afforded a full and fair opportunity to present the grievance and to respond to relevant questions posed by members of the committee.

8. The committee will, after deliberation, make a recommendation to the dean.

9. Following receipt of the committee’s recommendation, the dean or the dean’s designee will advise the student, in writing, of the action taken to resolve the grievance.

10. If the student is still not satisfied, he or she may request an additional review by the Appeals Board. This request must be made in writing and delivered to the dean within 10 days of the date of the letter advising the student of the grievance resolution. The request must specify additional relevant facts, which were not presented to the SPC and must state the specific redress desired.

The NSU-COP Appeals Board will conduct a review (see Appeals Board section). The decision of the Appeals Board shall be final with no official recourse or available appeal.

ACPE Complaints Policy
The Accreditation Council for Pharmacy Education (ACPE) is a national agency for the accreditation of professional degree programs in pharmacy. Complaints, as related to ACPE standards, policies, or procedures, should be written (in detail) and submitted to the ACPE office at csinfo@acpe-accredit.org.

For additional information about ACPE, please visit http://www.acpe-accredit.org.

Complaints related to ACPE standards may also be submitted in writing to any college administrator. All complaints and responses will be maintained by the Office of Student Services for review by ACPE.

Grading Disputes and Appeals Policy for Grading Disputes
Matters regarding grading disputes shall include all concerns related to specific grades received or the processes by which grades are determined. In all appeals regarding a grading dispute, the decision of the dean is final.

A student who has difficulty in negotiating the grading dispute appeals process may seek guidance from the college’s director of student services.

Classroom Grade
A student seeking to appeal a decision regarding a classroom grade should seek solutions through the following administrative channels by entering at the appropriate level and proceeding in the order stated:

1. course instructor
2. course coordinator
3. department chair

4. associate dean, Professional Program (final level of appeal)

A student seeking to resolve a grade problem through the administrative channels above must initiate such action in writing within 30 days from the date the grade is recorded at the registrar's office. Review of a student problem and complaint at each administrative level will be carried out as expeditiously as possible. If the student is not satisfied with the decision, he or she may appeal to the next administrative level. If the student chooses to continue to appeal, this must be done in writing within 10 business days of the date the decision was rendered, excluding weekends and official school holidays. No administrative grade changes will be accepted 60 days after the grade is recorded (unless a grade review is still active).

Experiential Grade
A student seeking to appeal a decision regarding an experiential grade should seek solutions through the following administrative channels by entering at the appropriate level and proceeding in the order stated:

1. experiential preceptor

2. site director of experiential programs

3. assistant dean for experiential and student services

4. associate dean, Professional Program (final level of appeal)

A student seeking to resolve a grade problem through the administrative channels above must initiate such action in writing within 30 days from the date the grade is recorded at the registrar's office. Review of a student problem and complaint at each administrative level will be carried out as expeditiously as possible. If the student is not satisfied with the decision, he or she may appeal to the next administrative level. If the student chooses to continue to appeal, this must be done in writing within 14 calendar days of the date the decision was rendered. No administrative grade changes will be accepted 60 days after the grade is recorded (unless a grade review is still active).

Appeals Board

1. Appeals Board Hearing Guidelines
The student appeal hearing is an informal proceeding. No rules of evidence will be used. The hearing shall be internal, private, and closed to nonuniversity persons. Nonuniversity personnel are not available for consultation during these hearings. All procedures and actions are aimed to safeguard and preserve the educational and developmental mission of the College of Pharmacy.

2. Appeals Board Responsibilities
The Appeals Board will hear all student appeals of decisions made by the dean of COP relating to either dismissal or disciplinary actions as defined in the Student Handbook. If a student appeals the decision of the dean, the appeal must be in writing and submitted to the chair of the Appeals Board within 14 calendar days after the date of receiving notification of the dean's decision. Any appeals not submitted to the chair of the Appeals Board within this time frame shall not be heard. The appeal must contain a concise statement of all relevant facts and the result sought.
3. Appeals Board Membership
The Appeals Board shall consist of the chancellor of the Health Professions Division or designee and four to five faculty members. One member will be designated as the chair of the board by the dean of the College of Pharmacy. The associate dean, Professional Program, the chair of the Student Progress Committee, and the assistant dean for experiential programs and student services or the director of student services will attend the hearing, but will not participate during the vote of the board's decision. The chair may request representatives from distant sites when appropriate.

4. Hearings Protocol
• The Appeals Board hearing will proceed under direction of the chair.
• Summary notes of the hearing may be taken.
• A quorum must be present to convene an official appeal hearing and will be constituted by 50 percent or more of the voting membership including chair.
• If deemed necessary by the board, the student's presence at the meeting may be requested. In this case, the student will be notified of the date, place, and time of the hearing via certified mail to the student's last-known address or hand-delivered with receipt. Any student whose presence is requested and who fails to appear at the designated date and time automatically will waive his or her right to appeal.
• The student will be present only during his or her testimony.
• If requested by the board, the student will provide the board chair with a written list of any witnesses he or she may have no later than two business days before the hearing date. Only witnesses with direct information that is new and relevant and has not been presented previously to the dean or SPC will be considered.
• Witnesses, if any, may be present only during their testimony. Each witness will be housed in a separate waiting area to avoid any contact among witnesses or with the student.
• The Appeals Board may question any witnesses present during the hearing.
• The Appeals Board will have the option of calling more witnesses. The student shall not be present during the questioning of any witnesses.
• The director of student services and the chair of the SPC shall be nonvoting, shall serve only in an advisory capacity, and may be present throughout the entire hearing.

5. Appeals Board Hearing Process
• The chair will convene the hearing with only board members present.
• The chair will advise the board members of the charge(s) and the dean's decision, review the evidence, respond to any questions, and provide opportunity for any additional input from ex officio members.
• If present, witnesses will be called individually by the board and questioned without the student being present.
• Witnesses may be asked to remain outside the hearing room for later recall or dismissed at the board's discretion.
• When all evidence has been heard and witnesses questioned, the chair will call the student into the hearing room.
• If present, the chair will introduce the student to the board members.
• The student will have an opportunity to present his or her appeal, provide statements and evidence in defense of the alleged violations(s), appeal the degree of disciplinary action, summarize his or her position, and respond to any questions from the board members.

• The chair will then dismiss the student from the hearing.

• The board members will render a decision on the student’s appeal by a majority vote of the voting members in attendance. The board may delay the vote if it determines that additional information or facts are needed before a vote.

• The chair will participate in the voting process only in the case of a tie or if the chair is counted to make a quorum.

6. Notification of the Appeals Board
The decision of the board will be forwarded in writing by the chair to the dean who will forward it to the student by certified mail to his or her last official address or hand delivered with receipt. All decisions of the Appeals Board will be final and binding. No further option for appeal will be considered.

MISCELLANEOUS INFORMATION
Counseling Services
See Nova Southeastern University, NSU Resources, NSU Student Counseling section.

Acceptance of Professional Fees
The activities of students are not to be construed as the practice of pharmacy. It is a violation of the law and contrary to the policy of this university for any unlicensed person to attempt to engage in the professional practice of health care.

Students who are appropriately licensed in the profession may engage in that professional work to the extent provided by the law.

Visits to Other Institutions
Students in the Health Professions Division may not visit, in an official or presumably official capacity as a professional school student, any health-related institution (hospital, pharmacy, practitioner’s office, clinic, etc.) or any health school without express permission from the dean. Visits to relatives or friends who are hospitalized are permitted, provided they are within visiting hours and all hospital rules are observed.

Responsibility for School Property
Students will be held responsible for damage to university property caused by their negligence or willful act, and may be subject to disciplinary action, dismissal, and/or prosecution by law. Students must pay for damages within 15 days after receipt of invoice. The university is not responsible for personal possessions under any circumstances.
Student Employment
Due to the intensity of all academic programs, outside employment during regular school terms is strongly discouraged.

The university does have a work-study program for students who qualify. For more information, contact the director of administrative operations, (954) 262-1150; the student financial aid office, (954) 262-3380; or the coordinator of student employment, (954) 262-8990.

This pharmacy organization represents all practice settings, and at present, has more than 10,000 student members attending the schools and colleges of pharmacy across the country. The APhA-ASP has representation within the organization and has its own standing committees on education programs, publications, awards, and policy. Each member also receives the full benefits of membership in APhA and, through periodic publications and meetings, can keep up-to-date on the developments and events that affect the practice of pharmacy. At the local level, student members can participate in service projects that benefit both the college and the community, as well as social activities that foster school spirit. Any pharmacy student can be a member of APhA-ASP and still be eligible for participation in any other campus organization.

American Society of Consultant Pharmacists (ASCP)
The American Society of Consultant Pharmacists is the international professional association that provides leadership, education, advocacy, and resources to advance the practice of senior care pharmacy. Consultant pharmacists specializing in senior care pharmacy are essential participants in the health care system, recognized and valued for the practice of pharmaceutical care for the senior population and people with chronic illnesses. In their role as medication therapy experts, consultant pharmacists take responsibility for their patients' medication-related needs; ensure their patients’ medications are the most appropriate, the most effective, the safest possible, and are used correctly; and identify, resolve, and prevent medication-related problems that may interfere with the goals of therapy.

Christian Pharmacists Fellowship International (CPFI)
The CPFI is a worldwide, interdenominational ministry of individuals working in all areas of pharmaceutical service and practice. The student chapter's mission is to help students grow spiritually and promote fellowship among pharmacists and students. The advancement of knowledge and ethics in the practice of pharmacy is encouraged.

College of Psychiatric and Neurologic Pharmacists (CPNP)
CPNP is devoted to the improvement or advancement of education, practice, and science, as well as the interests of those who practice in the area of psychiatric or neurologic pharmacy. The objectives of this organization are to facilitate the dissemination of information regarding psychotherapeutic agents, patient care, and community support; endorse the Psychiatric Pharmacy Certification Exam process and support programs for the preparation of candidates for the exam; facilitate programs in the areas of psychiatric and neurologic pharmacy at national meetings of organizations that support our interests; improve patient care; and promote research in patient care.
Florida Society of Health-System Pharmacists (FSHP)
The Florida Society of Health-System Pharmacists student chapter participates in shadowing programs that allow students to accompany a hospital pharmacist through his or her daily activities and broaden their exposure to health system pharmacies. Members also are involved in community service projects such as Poison Prevention Week and National Pharmacy Week.

International Pharmaceutical Students’ Federation (IPSF)
IPSF is the leading worldwide federation of student pharmacists. The organization’s goal is to advocate for student pharmacists and improve public health. This is accomplished through provision of information and opportunities to promote networking and cooperation between professionals globally.

International Society for Pharmacoeconomics and Outcomes Research (ISPOR)
The International Society for Pharmacoeconomics and Outcomes Research (ISPOR) promotes the science of pharmacoeconomics (health economics) and outcomes research (the scientific discipline that evaluates the effect of health care interventions on patient well-being including clinical, economic, and patient-centered outcomes) and facilitates the translation of this research into useful information for health care decision makers to increase the efficiency, effectiveness, and fairness of health care to improve health.

Jewish Pharmacy Student Organization (JPSO)

Being a member is a lifelong experience that promotes scholastic, professional, and social growth in order to advance pharmacy. Each member serves the public health and has a goal to be a leader in the profession.

Phi Lambda Sigma
The purpose of Phi Lambda Sigma, the national pharmacy leadership society, is to promote the development of leadership in pharmacy, especially among pharmacy students. Membership crosses fraternal and organizational lines and, therefore, the society does not compete with any other organization. By peer recognition, the society encourages participation in all pharmacy activities. It
recognizes those students, alumni, faculty members, and practicing pharmacists that have assumed leadership roles in pharmacy. Such recognition serves to instill self-confidence and to promote greater efforts toward furthering the profession of pharmacy. Students who are eligible for membership shall be of high moral and ethical character, shall be at least in their second year of education at an accredited college of pharmacy, and shall maintain an academic performance minimum of 78 percentile on a 100 percentile scale. Men and women are chosen on the basis of strength of character, personality, and leadership. They must rank in the highest 20 percent of the class, and have obtained a scholastic average equivalent to the second-highest letter grade. They are eligible for election after completing six semesters or nine quarters of scholastic work applicable toward the degree granted by their school of pharmacy. Rho Chi elections therefore take place in either the second year or the third professional year of most pharmacy curricula. The society also provides for graduate student, faculty, alumni, and honorary membership.

**Student College of Clinical Pharmacy (SCCP)**

The purpose of Student College of Clinical Pharmacy (SCCP) is to orient students in the practice of clinical pharmacy by providing information about careers and opportunities within the field of clinical pharmacy and to promote dedication to excellence in patient care, research, and education. The organization aims to encourage professional development of student pharmacists into knowledgeable and competent health care professionals. Student members are encouraged to participate in the American College of Clinical Pharmacy while they are students, as well as postgraduates.

**Student National Pharmaceutical Association (SNPhA)**

The Student National Pharmaceutical Association (SNPhA) is an educational service association of pharmacy students who are concerned with pharmacy and health care-related issues and promoting minority representation in pharmacy and other health-related professions. The purpose of SNPhA is to plan, organize, coordinate, and execute programs geared toward the improvement of the health, educational, and social environment of the community.

**Social Events and Extracurricular Activities**

All on- and off-campus extra curricular activities by division-recognized organizations, including fundraisers, must be approved in advance by the Office of Student Services in order to avoid conflicting functions. A student or group of students may not officially represent the division or university, on or off campus, at any time without prior authorization in written form. All events sponsored by student body groups must receive prior approval by the Office of Student Services and faculty advisers affiliated with the group. Requests for permission for speakers, student meetings, and other activities on campus should be made on forms provided by the Office of Student Services at least two weeks in advance. Activities must be approved by the Office of Student Services before a room can be assigned by the coordinator of educational support. No meeting announcements may be made until approval is received. No announcements for social and extracurricular events can be posted unless authorization is given by the Office of Student Services. Forms and additional information are obtainable from the Office of Student Services. For guidelines on the use of alcohol at NSU events, please see the Alcohol Policy pages of this handbook under the Specific University Policies and Procedures section.
