Dear Fellow Classmate,

Congratulations on beginning your first year of pharmacy school at Nova Southeastern University! Involvement in professional organizations is a very important aspect of your career. It is also an excellent way to get to know the faculty and students, as well as a way to set yourselves apart.

ASHP, American Society of Health-System Pharmacists, is a national organization; FSHP, Florida Society of Health-System Pharmacists, is a state organization. The Nova Southeastern University Student Society of Health System is a part of both professional organizations. These organizations provide information and opportunities in all areas of pharmacy, including hospital, home health care, clinical specialties, and nuclear pharmacy.

Our student chapter meets on the second Thursday of each month. Our focus is to help you become more aware of the many opportunities available to you in pharmacy. We offer tours of local facilities, community and service projects, guest speakers, and other professional and social events, including annual state and national conventions. We also provide you with information about ASHP-accredited residency programs throughout the country.

Once again, congratulations!

Sincerely,
Faaria Z. Ali
