Nova Southeastern University is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award associate’s, bachelor’s, master’s, educational specialist, and doctoral degrees.

Policies and programs set forth in this handbook are effective through the academic year 2019–2020. Changes in the content of the student handbook may be made, at anytime, by the university, division, or college administration. Adequate notice of anticipated changes will be given to the student, whenever possible. This student handbook supersedes all previous handbooks, documents, and directives where they may be in conflict. The student handbook is the governing document for all program-related information. Please become familiar with the policies and procedures listed within. Failure to read this handbook does not excuse students from the rules, policies, and procedures contained in it.

The university recognizes that individual programs require different times for the completion of academic studies leading to a degree. Therefore, the time frame is a matter within the discretion of each academic program. All program/center catalogs, bulletins, and handbooks carry this information. Students should refer to their individual program’s or center’s catalog and/or student handbook for further information about academic programs, policies, and procedures.

Foreword/Reservation of Power

Foreword

For the purpose of promoting its educational mission, Nova Southeastern University has the inherent right to preserve order and maintain stability through the setting of standards of conduct and the prescribing of procedures for the enforcement of such standards. In addition to maintaining order and stability, whenever possible, the university aims to utilize its disciplinary procedure as a developmental process. In accordance with this philosophy, educational assignments may be added to any disciplinary penalties. The foundation underlying such student standards relies on the tenet that the exercise of individual rights must be accompanied by an equal amount of responsibility. This assures that the same rights are not denied to others. By becoming a member of the university community, a student acquires rights in, as well as responsibilities to, the whole university community. These rights and responsibilities are included in this handbook.

Students are required to comply with all NSU regulations as well as all local, city, county, state, and federal laws. All students are subject to the policies and procedures as contained herein. The term “students” includes any individual enrolled in a course or academic program offered by Nova Southeastern University, whether in a degree-seeking program or not. In addition, any student residing in university residence facilities is subject to these policies and procedures for violations occurring within those facilities. Any act that constitutes a violation or an attempt to violate any of the policies or procedures contained herein may establish cause for disciplinary and/or legal action by the university. In circumstances where this handbook defines a violation more stringently or differently than local/state law, the handbook’s definition shall supersede. The university is not limited to or bound by the definitions contained in the local/state statutes or case law in addressing student conduct violations.

Students are also subject to rules and regulations that apply to academic programs of the various schools and colleges of the university, including but not limited to, the Code of Student Conduct and Academic Responsibility. Students should familiarize themselves with their individual college academic, conduct, and professionalism standards, in addition to the information contained in the NSU Student Handbook.

Students who engage in conduct that endangers their health or safety, or the health or safety of others, may be required to participate and make satisfactory progress in a program of medical evaluation and/or treatment if they are to remain at the university. The determination as to the student’s participation and progress is to be made by the NSU Student Behavioral Concerns Committee. The university reserves the right to require the withdrawal of a student from either enrollment and/or university housing, whose continuation in school, in the university’s judgment, is detrimental to the health or safety of the student or others. Students who withdraw for reasons of health or safety must contact the Office of Student Conduct before seeking readmission to NSU. Decisions made under this policy are final.
In lieu of, or in addition to, disciplinary action, NSU also reserves the right to impose fines, take legal action, rescind housing privileges, revoke study abroad privileges, withhold student records, revoke other privileges, and impose other penalties as may be deemed appropriate. Students should also be aware that disciplinary action may impact eligibility for scholarships or other institutional financial aid. Furthermore, admission of a student to Nova Southeastern University for any semester does not imply or guarantee that such student will be reenrolled in any succeeding academic semester. Students may also be subject to disciplinary proceedings for acts committed before their admission and/or enrollment at Nova Southeastern University.

**Reservation of Power**

The *NSU Student Handbook* is not intended to be a contract or part of a contractual agreement between NSU and the student. From time to time, it may be advisable for the university to alter or amend its procedures or policies. Reasonable notice may be furnished to the university community of any substantive changes, but is not required.

Whenever specific titles are used in these procedures, they shall include the appropriate designee of the person bearing these titles. Whenever references to the singular appear in this handbook, the plural is also intended; whenever the plural is used, the singular is also intended. Wherever a reference is made to the masculine gender, the feminine gender is included.

Failure to read this handbook does not excuse students from the rules, policies, and procedures contained within the student handbook. The rights and responsibilities that follow take effect immediately upon publication of this document.

**Family Educational Rights and Privacy Act (FERPA)**

The Family Educational Rights and Privacy Act of 1974 (FERPA) affords a student certain rights with respect to his or her education records. These rights include:

- The right to inspect and review the student’s education records within 45 days of the day the university receives a request for access. A student should submit to the Office of the University Registrar a written request that identifies the record(s) the student wishes to inspect. The Office of the University Registrar will arrange for access and notify the student of the time and place where the records may be inspected.

- The right to request the amendment of the student’s education record that the student believes is inaccurate or misleading. A student who believes that his or her education records contain information that is inaccurate or misleading, or is otherwise in violation of the student’s privacy
or other rights, may discuss his or her concerns informally with the Office of the University Registrar. If the decision is in agreement with the student’s requests, the appropriate records will be amended. If not, the student will be notified within a reasonable period that the records will not be amended and will be informed by the Office of the University Registrar of his or her right to a formal hearing.

- The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent. One exception that permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the university in an administrative, supervisory, academic, research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the university has contracted (such as an attorney, auditor, collection agent, loan servicing agent, or the National Student Clearinghouse); a person serving on the board of trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate education interest if the school official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the university may disclose educational records, without consent, to officials of another school in which a student seeks or intends to enroll or is already enrolled, so long as the disclosure is for purposes related to the student’s enrollment and transfer.

- The right to file a complaint with the Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, D.C., 20202-4605 concerning alleged failures by Nova Southeastern University to comply with the requirements of FERPA.

- email address
- Photo ID
- major field of study

Release of Student Information

A student can give consent to permit Nova Southeastern University to discuss and/or release personal identifiable information to a third party such as a spouse, a parent, a guardian, etc. This consent must be provided in writing with the student’s signature. To provide a written consent, complete the Authorization for Release of Information form available on the Office of the University Registrar’s website. A student may also withhold directory information (as defined above) by completing the Request to Prevent Disclosure of Directory Information form. A student is warned, however, that some of the consequences of preventing disclosure of directory information may be undesirable: a student’s name will not be published on the Dean’s List or commencement bulletins, and requests from prospective employers are denied.

Completed forms may be mailed to Nova Southeastern University, Office of the University Registrar, 3301 College Avenue, Fort Lauderdale, Florida, 33314-7796, or dropped off at the One-Stop Shop locations in the Horvitz or Terry Administration buildings, or scanned and emailed to nsuregistrar@nova.edu.

Conduct Notifications

University personnel may use administrative discretion with parental or legal guardian notification, in writing and/or by phone, of a student younger than 21 years of age when violations of university alcohol or drug policies occurs, or when a student’s health or safety is at issue.

Deceased Student Records

Records of a deceased student will be made available to the parent(s), spouse, or executor/executrix of the deceased student and other authorized parties upon written request. The request must include the need for the records, must identify the requestor’s relationship to the deceased student, and must be accompanied with an official record certifying authorization to receive the student records—e.g., assignment as executor/executrix. An official copy of the death certificate must accompany the request, if the university does not have prior notice of the student’s death. The university reserves the right to deny the request. For additional assistance on this matter, students should contact the Office of the University Registrar.

Health Care Privacy (HIPAA) Statement

The Health Insurance Portability and Accountability Act of 1996 (HIPAA) requires “covered entities” to abide by the regulations governing the privacy, confidentiality, and security of protected health information, defined as individually identifiable health information created, received, maintained, or transmitted at or by a covered entity, whether such information is electronic, written, or spoken. NSU is considered a “hybrid entity” for purposes of compliance with the HIPAA Privacy and Security Regulations, as NSU’s business activities include both covered and noncovered functions. As such, NSU’s covered health care centers are subject to the requirements of the HIPAA Privacy and Security Regulations, as well as policies implemented by NSU.

Pursuant to the HIPAA Privacy and Security Regulations, each covered NSU health care center is responsible for enacting privacy and security policies and procedures. Thus, the various NSU health care centers that provide patient care in a HIPAA-covered setting have enacted such policies and procedures.
All NSU health care center workforce members including—but not limited to—faculty members, employees, and trainees, are responsible for following the policies and procedures implemented by the applicable NSU health care center. In addition, the HIPAA Regulations require that NSU provides training to its health care center faculty members, employees, and trainees with respect to its HIPAA Privacy, Security, and Research policies and procedures. NSU has developed a comprehensive online education program designed to comply with the HIPAA Regulations and to educate its workforce members and others who use, disclose and/or access protected health information. Applicable NSU health/mental health profession students and trainees will be required to complete the education program coordinated through his or her respective college/academic program. Violations of the NSU policies and procedures regarding privacy and security of protected health information will be reported to the appropriate supervising authority for potential disciplinary action, up to and including dismissal in accordance with the applicable college/academic program policies.

Further, NSU faculty members and students may be subject to the HIPAA privacy and security policies and procedures enacted by various non-NSU health care facilities in which they train. It is the responsibility of the faculty member and student to familiarize himself or herself with such policies and procedures upon entering each facility. Any questions concerning the HIPAA privacy policies can be directed to the HIPAA liaison of your NSU health care center, the NSU HIPAA privacy officer, or the NSU HIPAA security officer. Please see the NSU Health Care Centers HIPAA Privacy Policies and Procedures on the NSU Office of HIPAA Privacy website at nova.edu/hipaa-privacy.

Statement on Student Responsibilities

Nova Southeastern University’s mission is to foster academic excellence and intellectual inquiry, as well as to provide service to our community and beyond. Committed to excellence and proud of the diversity of our university family, we strive to develop our students in a lifelong learning environment.

Students at Nova Southeastern University enjoy the right to exercise freedom of conduct that is consistent with the mission and values of the university. Protection of academic and social freedom is both an individual and community responsibility. Standards of behavior have been established by the university and are intended to ensure that the exercise of individual rights does not deny rights to other individuals or the community.

Admission to Nova Southeastern University is a privilege, and the values, principles, rules and regulations of the university are accepted by each student upon his or her voluntary registration. Central to the educational experience is the trust that all students will learn in, and benefit from, a rigorous academic environment. All Nova Southeastern University students are responsible for upholding the Code of Student Conduct and Academic Responsibility and promoting the Core Values of the university.
While it is not possible to address all eventualities, it is important that responsibilities of Nova Southeastern University students be embraced by the community and observed in the spirit of the university’s mission. Specific standards of behavior are outlined in the Code of Student Conduct. General responsibilities include, but are not limited to:

**Personal responsibility**
- responsibility to cultivate personal growth and development through academic, civic, and social engagement
- responsibility to pursue educational opportunities to the best of one’s ability
- responsibility for academic progression and career planning
- responsibility to participate in intellectual discourse/attainment or advancement of knowledge
- responsibility to explore personal growth and development
- responsibility to partner and/or cooperate with faculty and staff in the promotion of a positive living and learning environment

- responsibility to maintain the property and facilities of the university
- responsibility to maintain a positive image of the university
Code of Student Conduct

The university is a community of scholars in which the ideals of freedom of inquiry, freedom of thought, freedom of expression, and freedom of the individual are sustained. However, the exercise and preservation of these freedoms and rights require a respect for the rights of all in the community to enjoy them to the same extent. It is clear that in a community of learning, willful disruption of the educational process, destruction of property, and interference with the orderly process of the university as defined by the university administration or with the rights of other members of the university cannot be tolerated. Students enrolling in the university assume an obligation to conduct themselves in a manner compatible with the university’s function as an educational institution. To fulfill its functions of imparting and gaining knowledge, the university retains the power to maintain order within the university and to exclude those who are disruptive to the educational process.

In support of the Code of Student Conduct, any violations of the Code of Student Conduct and Academic Responsibility and/or university policies and procedures may result in disciplinary action and/or criminal prosecution. Violations of academic and/or supplementary standards will be handled through the student’s academic college or center. Student violations of conduct standards, university policies, and/or procedures will be handled by the Office of the Vice President of Student Affairs, or through the individual college when appropriate. An academic unit, as a result of professional education standards/requirements, may have additional procedures to address student misconduct. Student violations of sexual misconduct/discrimination will be handled by the Office of the Vice President of Student Affairs, following an investigation by the Title IX Coordinator. Changes to the Code of Student Conduct and Academic Responsibility will be posted on the Student Affairs website. Students are required to be familiar with the rules, policies, and Code of Student Conduct and Academic Responsibility.

All student organizations are subject to university rules and regulations concerning conduct as set forth in this handbook, whether an incident occurs on campus or anywhere off campus.

Procedures for investigating and adjudicating each kind of incident are provided later in this handbook.

In circumstances where this handbook defines a violation more stringently or differently than local or state law, the handbook’s definition shall supersede. The university is not limited or bound to the definitions contained in local or state statutes or case law in addressing code of conduct violations.

Academic Standards

The university is an academic community and expects its students to manifest a commitment to academic integrity through rigid observance of standards for academic honesty. The university can function properly only when its members adhere to clearly established goals and values. Accordingly, the academic standards are designed to ensure that the principles of academic honesty are upheld.

The following acts violate the academic honesty standards:

- cheating—intentionally using or attempting to use unauthorized materials, information, or study aids in any academic exercise
• fabrication—intentional and unauthorized falsification or invention of any information or citation in an academic exercise

• facilitating academic dishonesty—intentionally or knowingly helping or attempting to help another to violate any provision of this code

• plagiarism—the adoption or reproduction of ideas, words, or statements of another person as one’s own without proper acknowledgment

Students are expected to submit tests and assignments that they have completed without aid or assistance from other sources. Using sources to provide information without giving credit to the original source is dishonest. Students should avoid any impropriety or the appearance thereof in taking examinations or completing work in pursuance of their educational goals.

Students are expected to comply with the following academic standards:

• Original Work—Assignments such as course preparations, exams, texts, projects, term papers, practicum, or any other work submitted for academic credit must be the original work of the student. Original work may include the thoughts and words of another author. Entire thoughts or words of another author should be identified using quotation marks. At all times, students are expected to comply with the university and/or program center’s recognized form and style manual and accepted citation practice and policy. Work is not original when it has been submitted previously by the author or by anyone else for academic credit. Work is not original when it has been copied or partially copied from any other source, including another student, unless such copying is acknowledged by the person submitting the work for the credit at the time the work is being submitted, or unless copying, sharing, or joint authorship is an express part of the assignment. Exams and tests are original work when no unauthorized aid is given, received, or used before or during the course of the examination, re-examination, and/or remediation.

• Referencing the Works of Another Author—All academic work submitted for credit or as partial fulfillment of course requirements must adhere to each program center’s specific accepted reference manuals and rules of documentation. Standards of scholarship require that the writer give proper acknowledgment when the thoughts and words of another author are used. Students must acquire a style manual approved by their center and become familiar with accepted scholarly and editorial practice in their program. Students’ work must comport with the adopted citation manual for their particular center. At Nova Southeastern University, it is plagiarism to represent another person’s work, words, or ideas as one’s own without use of a center-recognized method of citation. Deviating from center standards (see above) are considered plagiarism at Nova Southeastern University.

• Tendering of Information—All academic work must be the original work of the student. Knowingly giving or allowing one’s work to be copied, giving out exam questions or answers, or releasing or selling term papers is prohibited.

• Prohibited Acts—Students should avoid any impropriety, or the appearance thereof, in taking examinations or completing work in pursuance of their educational goals. Violations of academic responsibility include, but are not limited to, the following:

  – plagiarism
- any form of cheating
- conspiracy to commit academic dishonesty
- misrepresentation
- bribery in an attempt to gain an academic advantage
- forging or altering documents or credentials
- knowingly furnishing false information to the institution

• Additional Matters of Ethical Concern—Where circumstances are such as to place students in positions of power over university personnel, inside or outside the institution, students should avoid any reasonable suspicion that they have used that power for personal benefit or in a capricious or arbitrary manner.

Conduct Standards

Students should not interfere with the rights, safety, or health of members of the university community nor interfere with other students’ right to learn. Students are expected to abide by all university, center, and program rules and regulations and all local, state, and federal laws. Students are responsible for adherence to the university code of conduct and all university policies and procedures while attending or participating in university-sponsored programs, activities, and/or events off the Fort Lauderdale/Davie Campus or at any NSU sites. Additional information about specific violations of the Code of Student Conduct are included in this handbook under Section B Specific Conduct Violations.

A. General Administrative Policies and Guidelines

A.1 Alcohol Policy

Nova Southeastern University, as an institution of higher education, is dedicated to the well-being of all members of the university community—students, faculty members, employees, and administrators. Concerned with the misuse of alcohol and other drugs (both licit and illicit), it is the policy of NSU to endeavor to prevent substance abuse through programs of education and prevention. NSU recognizes alcoholism and drug abuse as illnesses or treatable disorders, and it is NSU’s policy to work with members of the NSU community to provide channels of education and assistance. However, it is the individual’s responsibility to seek help. NSU also recognizes that the possession and/or use of certain substances are illegal. NSU is further obligated to comply with all local, state, and federal laws. The policy governing the use of alcohol by students at Nova Southeastern University is in compliance with the laws of the state of Florida prohibiting the consumption of alcoholic beverages by persons who are minors (under the age of 21). The policy is based on the use of alcohol in moderation and under appropriate circumstances. The university recognizes that students are adults and are expected to obey the law and take personal responsibility for their own conduct. The laws of the state of Florida prohibit the possession or consumption of alcohol by individuals younger than 21 years of age.

1. The university will not authorize the use of student activity fees or other student funds collected and administered by the university to provide alcoholic beverages for any student event.

2. The sale, delivery, possession, and/or consumption of alcoholic beverages on any property owned and controlled by NSU is strictly prohibited, except as licensed by the state of Florida or otherwise
permitted in these regulations. The use of alcoholic beverages on university premises shall be considered a privilege and may be allowed only if consistent with state laws and university regulations, and only when it will not interfere with the decorum and academic atmosphere of the campus.

3. Exception to this prohibition is made for university housing residents of legal drinking age. The possession and use of alcoholic beverages in university housing is governed by the Residential Living Guide.

4. The president, or an appropriate designee, may approve other exceptions to this prohibition, to allow possession or consumption of alcoholic beverages by persons of legal drinking age at designated events and locations on campus.

5. The use of alcoholic beverages off campus by students of legal drinking age is permissible. However, incidents of intoxication and/or misconduct are subject to university disciplinary action. Students are expected to comply with municipal, state, and federal laws pertaining to the possession and consumption of alcoholic beverages.

Any violation of these laws may result in disciplinary action including, but not limited to, probation, suspension, or expulsion from the university.

**Guidelines for the Use of Alcohol at University Student Events**

- Nova Southeastern University functions, which are student oriented, may serve only beer and wine. All requests for such events must be coordinated through NSU's Office of the Vice President of Student Affairs.

- Entry fees may be charged, but this fee is only for admission to the event, not for the sale of beer or wine.

- One-quarter hour before the approved ending time of the event, ticket sales will stop.

- Any advertisements for the event (including leaflets, invitations, posters, letters, and all other forms of advertisements) cannot advertise alcohol. These advertisements must display the following information: Beverages will be available. Must have valid state-issued picture identification for verification of age.

- An adequate amount of food and alternative beverages (such as water, juice, assorted sodas, coffee, and teas) must be available throughout the duration of the event. These will be provided at the cost of the organization holding the event. The amount of food and beverages appropriate for the size of the event will be determined when the request for the event is submitted for review/approval.

- No organization or individual may purchase beer or wine for an event. No other alcohol is permitted.

- A full-time university employee will be present during an event at which beer and wine are served. If the faculty adviser of the organization is not available, the organization must identify which other university employee will be attending the event. The organizational contact of the event must be present during the entire event as a point of contact for the university.
• The sponsoring organization is responsible for ensuring that all university policies are strictly obeyed. These guidelines do not override existing university policies; rather, these guidelines should be used in conjunction with any and all other university policies.

• Appropriate precautionary measures must be in place to ensure that alcoholic beverages are not served to persons under the legal drinking age. These measures include having a designated individual, as deemed by the Office of the Vice President of Student Affairs, screening people entering the event and attaching a bracelet or stamp indicating those of legal drinking age. At any time during the event, the screening individual has the option to decline identification provided by an individual. The entire staff working the event has the right to refuse service to individuals deemed as having had enough alcohol before or during the event.

• Under no circumstances should anyone be coerced to drink alcohol. All drinking games, contests, or events that encourage excessive drinking are prohibited. The sponsoring organization is responsible for ensuring that all NSU policies and procedures are strictly obeyed.

• It shall be at the discretion of the Office of the Vice President of Student Affairs whether to make arrangements and pay for any security needs necessary based on the specifics of the event and the number of estimated attendees.

• Violations of these guidelines during the event may result in the closing of the event. All individual violations will be referred to the Office of the Vice President of Student Affairs for review. The university can take disciplinary actions as a result of violations of these guidelines.

A.2 Appropriate Conduct and Consensual Relationships Policy

Sexual relationships between an NSU faculty or staff member or an administrator and a student—who are not married to each other, or who do not have a preexisting analogous relationship—is inappropriate whenever the NSU faculty or staff member or administrator has or will have a professional responsibility for the student in such matters as teaching a course or in otherwise evaluating, supervising, or advising a student as part of a school program. An NSU faculty or staff member or administrator who is closely related to a student by blood or marriage, or who has a preexisting analogous relationship with a student, should eschew roles involving a professional responsibility for the student. See Guidelines for Appropriate Conduct and Ethical Behavior for Employees Policy for full text.

A.3 Drug-Free Schools and Campuses

In order to comply with the Drug-Free Schools and Communities Act (Pub. L. No. 101-226, Title 34 C.F.R., part 86), Nova Southeastern University has adopted the following policy for all academic units, campus, and field-based programs.

The unlawful manufacture, distribution, dispensation, possession, or use of illicit drugs* and alcohol are prohibited, in and on, Nova Southeastern University owned or controlled property and as a part of any of its activities. No Nova Southeastern University student shall report to school while under the influence of any illicit drugs or alcohol. The possession of paraphernalia for unlawful drug use is also prohibited.

* The term “illicit drugs” refers to all illegal drugs and to legal drugs obtained or used without a physician’s order. It does not prohibit the use of prescribed medication under the direction of a physician. However, in
accordance with Federal law, NSU does not permit the possession or use of marijuana on NSU property or during NSU-sponsored activities for any purpose. As such, the possession or use of medical marijuana, even if authorized under state law, is prohibited on NSU property and during NSU-sponsored activities.

Any Nova Southeastern University student determined to have violated this policy will be subject to referral for prosecution by the appropriate authorities. Other sanctions include evaluation/treatment for drug use disorder (which may include mandatory completion of a drug/alcohol abuse rehabilitation program) or other university sanctioning, up to and including expulsion.

There are serious health risks associated with the abuse of drugs and alcohol. If you, a fellow student, teacher, or coworker has a problem with abuse of drugs and/or alcohol, help can be provided at programs at NSU and in the community. Additional information is available on the Office of Student Conduct website nova.edu/studentconduct.

When you use or deal in drugs or abuse alcohol, you also risk incarceration and/or fines. The Federal Sentencing Guidelines outline federal penalties for trafficking in drugs. In addition to the federal sanctions, Florida State Statutes provide sanctions in regard to the use, possession, and/or sale of illicit drugs and
the abuse of alcohol. Punishment varies depending upon the amount and type of drug and/or alcohol involved. Felony convictions range from one year to life imprisonment. Misdemeanor convictions range from less than 60 days to one-year imprisonment. For additional information, please refer to Chapters 316 and 893 of the Florida Statutes, or consult with a legal representative of your choosing.

A.4 Health Policies

NSU Student Health Insurance Requirement

NSU requires all students to carry adequate health insurance coverage. Therefore, students will automatically be enrolled in the NSU Student Health Insurance Plan, and their student accounts will be charged when they register for classes. Students who already have health insurance must opt out of the NSU Student Health Insurance Plan each academic year by the given waiver deadline for their program. For detailed information, including waiver deadlines, access to the online waiver, NSU Student Health Insurance Plan features, costs, and more, students should visit the Office of the University Bursar website.

Immunization Requirements

Health Professions Division (HPD) students: See college or program specific policies.

All residential (residing in campus housing) students must satisfy the following requirements, if they were born after January 1, 1958. The required documentation of vaccinations shall include the following:

- Meningococcal meningitis
- Hepatitis B: You must show proof of one of the following:
  - immunization with three doses of hepatitis B vaccine
  - blood test showing the presence of hepatitis B surface antibody HPD requires substantiation of immunity.
- Measles (rubella): You must show proof of one of the following:
  - immunization with two doses of measles vaccine, the first given on or after the first birthday, the second given at least 30 days after the first, and BOTH in 1958 or later
  - blood test showing the presence of the measles antibody
- Rubella: You must show proof of one of the following:
  - one dose of rubella vaccine on or after the first birthday, and in 1969 or later
  - blood test showing the presence of the rubella antibody
- MMR (Measles, Mumps, Rubella)
  - two doses of the vaccine may be given instead of individual immunizations
  - one dose of the MMR vaccine on or after the first birthday, the second dose must be at least 30 days after the first, and both must be in 1968 or later
• Influenza Vaccine
  - Exemptions or waivers may be obtained at the university’s discretion if the individual is
    18 years of age or older, or the individual’s parent, if the individual is a minor, declines the
    vaccinations by signing a separate waiver provided by the institution for each of these
    vaccines, acknowledging receipt and review of the information provided. Exemptions will
    not necessarily be accepted by the student’s program center. Other students may be subject
    to the immunization requirements in order to participate in clinical or practicum studies.
    Students are advised to consult with their program to determine whether the refusal will
    affect their ability to continue their studies.

Immunization requirements are based on Florida state health regulations. Valid exemptions from
providing immunity:

• Medical exemptions—Must produce a signed letter from a doctor, on his/her stationery, stating
  the reason for exemption and whether it is a temporary or permanent exemption

• Religious exemptions—On church stationery, signed by a minister, priest, rabbi, or head of church

Acceptable forms of documentation—The following documents are acceptable proof of immunity of
measles and rubella. Forms must include specific dates, and the dates must satisfy the requirements
stated previously.

• HRS (Department of Health and Rehabilitative Services)
• Childhood immunization records
• School immunization records
• Military service records
• Document indicating blood tests

**Communicable Diseases Guidelines**

It is the intent of the university to protect students from communicable diseases that pose reasonable
risk of harm to members of the university community. It is also the intent of the university to protect
the rights of those infected with a communicable disease. Students who do become infected with
a communicable disease must report the contracting of the disease to their program dean and the
associate dean of student affairs and are subject to the guidelines listed below. The university will be
flexible in its response to incidents of communicable diseases, evaluating each occurrence in light of
this policy and current available medical information.

• NSU will make available to the university community detailed information concerning the
  transmissibility of communicable diseases and precautions that can be taken to prevent the
  spread of various communicable diseases.

• Infected students can continue to study and work as long as they are able to continue to perform
  regular responsibilities satisfactorily, and as long as the best available medical evidence indicates
  that their continual status does not present a health or safety threat to themselves or others.
• An infected student returning to school after a leave of absence for reasons related to a communicable disease must provide a statement from the treating physician indicating current medical status. Students should submit their statement to their program dean or appropriate designee based on the policies of their respective college, academic center, and the associate dean of students.

• Within reason, the university will make arrangements for the infected person, whenever possible, to ensure continuity in the classroom.

• No infected student may be dismissed from the university solely on the basis of a diagnosis of an infection of a contagious disease. A decision to dismiss or discharge will only be made after appropriate arrangements to assist the student have been attempted, and an examination of facts demonstrates that the infected person can no longer perform essential requirements of the position or program, with or without such arrangements, or poses a reasonable threat to the health and safety of others.

In the event that a student has a concern about the potential for the spread of a communicable disease within the university community, those concerns should be brought to the Office of the Vice President of Student Affairs for review consistent with the current available information on the spread of the particular communicable disease. After review and evaluation of the concerns, if there appears to be a reasonable likelihood of the spread of the disease within the university community by an infected person, the Office of the Vice President of Student Affairs will, after notification of the issues presented to the university president, contact the Centers for Disease Control and Prevention and/or Broward Health Department for recommendations of appropriate action consistent with state law.

**A.5 Holds on Student Records**

A Bursar Hold is placed on a student’s account on the 30th day of the semester if a balance is still due. The Bursar Hold prevents students from obtaining grades, registering for classes, and accessing the university’s RecPlex until the balance is paid in full. Other university entities, such as the Office of the University Registrar and the Office of Student Conduct, may place a hold on your account for different reasons. Please contact the office that initiated the hold (as displayed on your account on WebSTAR) to discuss what requirements must be met to have the hold removed.

**A.6 Indebtedness to the University**

By registering for courses at Nova Southeastern University, the student accepts financial responsibility for payment of all institutional costs including, but not limited to, tuition, fees, housing, and meal plan (if applicable), health insurance (if applicable), and any additional costs when those charges become due. Payment is due in full at the time of registration. NSU ebills are sent the middle of each month to the student’s NSU email address. However, to avoid late charges, students should not wait for their billing statement to pay their tuition and fees. A student will not be able to register for future semesters until all outstanding balances from previous semesters have been paid in full. If a student has a balance 30 days after the start of the semester, a hold and a $100 late fee will be placed on his or her account. This hold stops all student services, including, but not limited to, access to the NSU RecPlex, academic credentials, grades, and future registrations. It will remain on the student’s account until the balance has been paid in full. Delinquent student account balances may be reported to a credit bureau and
referred to collection agencies or litigated. Students with delinquent accounts will be liable for any costs associated with the collection of unpaid charges, including attorney fees and court costs. All registration agreements shall be construed in accordance with Florida law, and any lawsuit to collect unpaid fees may be brought in the appropriate court sitting in Broward County, Florida, regardless of the student’s domicile.

Information regarding payment plans, tuition assistance plans, refunds, and other frequently asked questions are available through the Office of the University Bursar’s website.

A.7 International Travel Registration Requirement and Program

NSU faculty and staff members and students travel across the globe to teach, conduct research, present at seminars and workshops, attend conferences, and study. The university maintains a central international travel registration program that assists travelers on NSU-related business or study. It provides assessment of health and safety issues associated with traveling to international destinations, and it supplies important contact information for services and assistance in the event of an emergency.

As per university policy, all faculty and staff members and students traveling to international destinations on NSU-related trips are required to complete the NSU Travel Registration process.

A.8 Jurisdiction of University Policies and Procedures

All students, full- and part-time, attending Nova Southeastern University, shall be subject to this code.

A.9 Off-Campus Residency

The university does not approve, inspect, or supervise any off-campus student residences. The university does expect, however, that students living off campus will conduct themselves in a manner that will reflect credit on themselves and the university, which includes observing all local, state, and federal laws as well as all rules and regulations contained in this handbook.

In the event of a change of residence from on-campus housing to an off-campus location, a student should notify the Office of the University Registrar of the new address.

A.10 Student Organization Rights and Responsibilities

All Nova Southeastern University students who pay the student activities fee are eligible to join university organizations. Student organizations must be registered with the Office of Campus Life and Student Engagement each year in order to be considered a student organization with rights and privileges on campus, including the reservation and/or use of University facilities. Information on establishing any other type of student organization or maintaining a current one can be obtained by contacting the Office of Campus Life and Student Engagement at the Don Taft University Center, or online at nova.edu/campuslife/organizations/registration.html. With the exception of fraternities and sororities, the Office of Campus Life and Student Engagement grants final approval for the creation of student organizations.

All student organizations are under the disciplinary jurisdiction of the Office of Student Conduct. All student organizations and groups are subject to the rules and policies of Nova Southeastern University, including but not limited to, the NSU Student Handbook and the Policies and Procedures for Student Organizations.
The right of a student organization, including a fraternity or a sorority, to exist at the university may be revoked by the university at any time.

The policies and procedures for establishing a new fraternity or sorority on campus can be obtained by contacting the Office of Campus Life and Student Engagement, which grants approval for the establishment of all fraternal organizations on campus. Additional information regarding the policies for Greek organizations is available through the Fraternity & Sorority Life Manual.

Sororities and Fraternities may also be governed by a governing council—the Panhellenic Council (PC), the Interfraternity Council (IFC), or Unified Greek Council (UG). The policies, governing constitutions, bylaws, rules, and regulations of these councils shall not conflict with the rules and policies of Nova Southeastern University. Nova Southeastern University rules and regulations supersede any conflicting rules or regulations.

The Office of Student Conduct shall conduct a thorough investigation to determine whether a case involving any student organization, including fraternities or sororities, will result in charges of violation(s) of the Code of Student Conduct and whether those charges will be seen through either a judicial conference or a judicial hearing. See Section D—Disciplinary Procedures—for details on how these cases will be adjudicated.

Any organization determined to be responsible for violating the Code of Student Conduct will be sanctioned in accordance with the violation. Sanctions imposed as a result of a fraternity or sorority student-run disciplinary panel must be consistent with the purpose of the applicable governing constitution and bylaws of the organization as well as Nova Southeastern University.

Student organizations may appeal any disciplinary sanction imposed upon them. Procedures for an appeal can be found in the Disciplinary Procedures (D) section of this handbook.

A.11 University Computer and Telecommunications Use Policy

The following five sections detail NSU policy related to the use of computers, email, and the Internet. The information is available at https://www.nova.edu/portal/oiit/policies.

Acceptable Use of Computing Resources and All Other Policies

This policy provides guidelines for the appropriate and inappropriate use of the computing resources of Nova Southeastern University. It applies to all users of the university’s computing resources including students, faculty and staff members, alumni, and guests of the university. Computing resources include all computers, related equipment, software, data, local area networks, and listservs for which the university is responsible as well as networks throughout the world to which the university provides computer access.

The computing resources of Nova Southeastern University are intended to be used for its programs of instruction and research and to conduct the legitimate business of the university. All users must have proper authorization for the use of the university’s computing resources. Users are responsible for seeing that these computing resources are used in an effective, ethical, and legal manner. Users must apply standards of normal academic and professional ethics and considerate conduct to their use of the university’s computing resources. Users must be aware of the legal and moral responsibility for ethical conduct in the use of computing resources. Users have a responsibility not to abuse the network and resources, and to respect the privacy, copyrights, and intellectual property rights of others.
In addition to the policy contained herein, usage must be in accordance with applicable university policies (see Related policies listed at the end of this section) and applicable state and federal laws. Among the more important laws are the Florida Computer Crimes Act, the Federal Computer Abuse Amendment Act 1994, the Federal Electronic Communications Privacy Act, and the U.S. Copyright Act. Copies of these laws and the NSU copyright policy may be examined in the Office of Academic Affairs. Unauthorized distribution of copyrighted material, including unauthorized peer-to-peer file sharing, may subject the student to civil and criminal liabilities.

Policy violations generally fall into five categories that involve the use of computing resources:

1. for purposes other than the university’s programs of instruction and research and the legitimate business of the university

2. to harass, threaten, discriminate, stalk, intimidate, or otherwise cause harm or attempt to cause harm to specific individuals or classes of individuals

3. to impede, interfere with, impair, or otherwise cause harm to the activities of others

4. to download, post or install to university computers, or transport across university networks, material that is illegal, proprietary, in violation of license agreements, in violation of copyrights, in violation of university contracts, or otherwise damaging to the institution

5. to recklessly, willfully, negligently, or maliciously interfere with or damage NSU computer or network resources or computer data, files, or other information

Examples (not a comprehensive list) of policy violations related to the above five categories include:

• using computer resources for personal reasons

• using computer resources to invade the privacy of another

• sending email on matters not concerning the legitimate business of the university

• sending an individual or group repeated and unwanted (harassing) email or using email to threaten someone

• accessing, or attempting to access, another individual’s data or information without proper authorization (e.g. using another’s computing account and password to look at personal information)

• creating a false email address

• propagating electronic mail chain, pyramid schemes, or sending forged or falsified email

• obtaining, possessing, using, or attempting to use someone else’s password regardless of how the password was obtained

• copying a graphical image from a website without permission

• posting a university site-licensed program to a public bulletin board

• using illegally obtained licensed data/software, or using licensed data/software in violation of their licenses or purchase agreements
• releasing or threatening to release a virus, worm, or other program that damages or otherwise harms a system, network, or data
• preventing others from accessing services
• attempting to tamper with or obstruct the operation of NSU’s computer systems or networks
• using or attempting to use NSU’s computer systems or networks as a means for the unauthorized access to computer systems, networks, or data outside the university
• improper peer-to-peer file sharing
• viewing, distributing, downloading, posting or transporting child or any pornography via the web, including sexually explicit material for personal use that is not required for educational purposes
• using university resources for unauthorized purposes (e.g. using personal computers connected to the campus network to set up web servers for illegal, commercial, or profit-making purposes)
• violating federal copyright, intellectual property, and/or trademark laws or the NSU copyright, intellectual property, and/or policy

Inappropriate conduct and violations of this policy will be addressed by the appropriate procedures and agents (e.g., the Office of the Vice President for Academic Affairs or the Office of Human Resources) depending on the individual’s affiliation to the university. In cases where a user violates any of the terms of this policy, the university may, in addition to other remedies, temporarily or permanently deny access to any and all NSU computing resources, and appropriate disciplinary actions may be taken, up to and including dismissal.

Enterprise Username and Password Policy

Policy Rationale
Nova Southeastern University’s (NSU) network and information systems provide the technical foundation for conduct of its academic, research, and administrative missions. Providing this open access to information technology is imperative to ensuring academic freedom at the institution. An important part of providing this network access is ensuring that the network and associated information is secure. The purpose of this policy is to provide guidance to faculty, staff, students, and other authorized users regarding usernames and passwords in order to protect individual and university information and resources. Adherence to this policy will help ensure that the university network and information systems are standardized, secure, and available to all.

Policy Statement
Usernames must be assigned to each individual user to access any NSU network. Generic usernames may only be used in circumstances where they are deemed appropriate by the chief information security officer. Passwords must meet the minimum standards set by the chief information security officer and, if possible, applications and devices providing access to technical resources must technically enforce them. Faculty, staff, vendors, and students must adhere to the standards for all systems and applications that come into contact with university technical resources.
Remedies

The university reserves the right to

- suspend access to preserve the confidentiality, integrity, and availability of the network, systems or information
- periodically audit passwords for compliance

Electronic Mail Communications

NSU requires students and faculty and staff members to hold and maintain one official university computer account that is used to access major computing resources, including electronic mail. These university-assigned computer accounts correspond directly to NSU email addresses (see the following). All official electronic mail communications directed to NSU students and faculty and staff members will be sent exclusively to NSU-assigned computer accounts to ensure timely and accurate delivery information. All email communications between students and faculty, staff, and administration must be sent from the student’s official NSU email account to the official NSU email account of the member of the faculty, staff, or administration.

Web Pages—Use of Material

You should assume that materials you find on the web are copyrighted unless a disclaimer or waiver is expressly stated. You may not place any materials owned by others (i.e., copyrighted works) on your web page(s) without the expressed permission of the copyright owner (examples: graphic images from other web pages, articles, video, audio, photographs, software, or images scanned from published works). You may include short quotations of text provided you identify in an obvious way (e.g., in a footnote) the author and the work from which the quotation is taken. If you want to include something from another web page in one of your web pages, then link to it rather than copy it. The occurrence of plagiarism on your web page is subject to the same sanctions that apply to plagiarism in any other media. Images in the NSU graphics repository may be used on web pages without permission. Clip art images provided with licensed software may be used if permitted in the license agreement for such software. You may not place any pictures or videos of people on a web page without the expressed permission of the people in the picture or video. Every person has the right to privacy, which includes the right to restrict the use of his or her own image. In addition, the picture or video may be protected by copyright.

If you have received formal permission to use material owned by another, place the following notice on the page that contains the copied material: Copyright 2005 by (name of the copyright owner). Used with permission.

Although a copyright notice is not required to assert your rights to your own original material, you may want to include a minimal notice of copyright in a web page footer when appropriate. When used, the copyright notice should appear as follows:

- web pages
  - Copyright 2005 (your name). All rights reserved.
A.12 University Copyright and Patent Policy

- Copyright and Patent
- Use of Copyright-Protected Works in Education and Research
- Copyright Guidelines for Electronic Course Reserves

A.13 University Title IX Sexual Misconduct Policy

Sexual misconduct is prohibited by Nova Southeastern University. NSU will respond within the scope of its policy and procedures when sexual misconduct is reported to have occurred:

- on NSU owned or controlled property
- at a university or university-recognized program or activity
- regardless of location on or off campus, when the conduct 1) may pose an obvious and serious threat of harm to or 2) may have the effect of creating a hostile educational environment for, any member(s) of the university community

This policy applies to the behaviors of all students, employees (including faculty, staff, and part-time employees), visitors, and others affecting the university community. To report a violation or learn more about the sexual misconduct policy, procedures, and resources, visit the Title IX website. Individuals who have experienced a crime of sexual violence, including sexual assault, stalking, and dating/domestic violence, can learn more about their options for getting support on and off campus, as well as for reporting to NSU and local law enforcement.

NSU takes all reports of sexual misconduct seriously, and retaliation will not be tolerated toward anyone who reports sexual misconduct and/or participates in an investigation or resolution of a report. Information about confidential resources, rights of all parties, and the procedures for investigating and resolving complaints is available on the Title IX website. Individuals may also contact Laura Bennett, NSU’s Title IX Coordinator, directly at laura.bennett@nova.edu or call (954) 262-7858. The Title IX Coordinator also assists students looking for information about other protections under Title IX, such as those for pregnant or parenting students, transgender or gender non-conforming students, or others who feel they may have experienced discrimination based on their actual or perceived sex or gender in an NSU course, program, or activity.

Additional information regarding the specific violations are included in Section C of this handbook. Please be advised that the policy and procedures on the Title IX website supercede any other version of this policy.

There are different policies/processes for trained service animals and emotional support animals. The service animal policy can be found on the Student Disability Services website. Students seeking an approved emotional support animal must complete the housing/facility accommodation request form located on the Student Disability Service website. Approved emotional support animals are only permitted in NSU residence halls and may not be taken elsewhere on the NSU campus or into other university property or facilities. Students are responsible for the actions of any authorized animal, both trained service animals and approved emotional support animals, that they bring onto the campus grounds or into one of the campus facilities.

- Students must adhere to the related policies specific to any building or classroom where an animal may or may not be taken.
- Damage to property caused by the animal is prohibited.

B.7 Contracting on Behalf of the University
Unless specifically authorized by the appropriate university authority, students may not contract on behalf of the university. Students who attempt to, or enter into, a contract on behalf of the university without proper authorization, are subject to disciplinary action that will result in a hold being placed on university records and transcripts until restitution is made, as well as such other sanctions as may be appropriate. Any contract entered into on behalf of the university by a student without proper authorization is void.

B.8 Damage or Vandalism to Property
Defacing, littering, or damaging property of the university is prohibited.

B.9 Dangerous Items (Explosives, Firearms, Fireworks, and Weapons)

The complete NSU Firearms or other weapons policy is available on the Public Safety website.
Additionally, due to safety concerns raised by the Consumer Product Safety Commission regarding hoverboards—and the potential detrimental impact to the safety of our campuses—the operation, storing, and use of hoverboards is prohibited on all NSU campuses and sites and at all university facilities. Those in violation of this policy may be subject to disciplinary action.

B.14 Facilitating Academic Dishonesty
Intentionally or knowingly helping or attempting to help another to violate any provision of this code is prohibited.

B.15 Failure to Disclose Criminal Offenses
During the admissions process, all prospective students are required to disclose convictions of any criminal offense in any city, state, or country, other than minor traffic offenses. Students are required to disclose any time they have entered a plea of guilty or nolo contendere (no contest) to a criminal offense; had adjudication of guilt withheld for a criminal offense; participated in a first-offender or pretrial diversion program, or its equivalent, or committed any offense were the records have been sealed or expunged, including criminal offenses committed as a juvenile. Driving under the influence is not a minor traffic offense for purposes of this policy. Students also are required to disclose any pending criminal charges filed against them. Failing to disclose, omitting, or providing false information relating to any of the above may result in rescission of admissions offers or disciplinary action against a student, up to and including dismissal from NSU.

While enrolled at NSU, students have a continuing duty to disclose all of the above, along with any arrests or pending criminal charges within 10 days of any arrest or charges are filed. Students, other than those enrolled in programs within the Health Professions Division, must notify the assistant dean for Student Development of any arrests or pending criminal charges. A failure to timely disclose any arrests or pending criminal charges may result in disciplinary action, up to and including dismissal from NSU.

B.16 False Information (Including Fabrication, Fraud, and Falsification of Records)
Any act or statement (written or oral) containing false, incomplete, or misleading information intended to deceive or misrepresent any agency of the university or any person or business is prohibited.

Providing false or misleading information to the university or a university official, or to a local, state, or national agency or official is a violation of the Code of Student Conduct and Academic Responsibility subjecting a student to disciplinary action up to, and including, expulsion or rescission.

In addition, falsification of university records is prohibited. University records include, but are not limited to, admission, enrollment, registration, financial aid, student disciplinary, academic, health records, parking decals/hang tags, and student employment records. Inappropriate conduct and violations of this policy will be addressed by the appropriate procedures and agents (e.g., the Office of the Vice President for Academic Affairs or the Office of Human Resources) depending on the individual’s affiliation with the university.

B.17 Fire
No student shall commit or aid in the intentional commission of an act that results in a fire being ignited, which causes damage, or is intended to cause damage, to the property of the university or the personal property of any member of the university community.
B.18 Gambling and/or Games of Chance

Students found in violation of the prohibition against gambling may be subject to disciplinary action up to, and including, dismissal.

B.19 Guests
Students are welcome to bring guests to the campus; but, they must assume responsibility for the conduct of their guests and must accompany them at all times. If a guest is asked to leave a specific area of campus, it is the responsibility of the student host to cooperate with the university official making the request. The university reserves the right to exclude all guests from any area on campus in times of impending or actual crises or emergencies, such as hurricanes, campus disruptions, or bomb threats, and to exclude any guests from any area of the campus for any reason the university deems appropriate.

B.20 Harassment or Harm to Others
Harassment is defined as any conduct (words or acts)—whether intentional or unintentional—or a product of disregard for the safety, rights, or welfare of others, which causes physical, verbal, or emotional harm. It is any conduct that intimidates, degrades, demeans, threatens, hazes, or otherwise interferes with another person’s right to comfort and right to be free from a hostile environment. This includes, but is not limited to, loud or aggressive behavior; behavior that disrupts the orderly functioning of the university; behavior that disturbs the peace and/or comfort of person(s) on the campus of the university; and behavior that creates an intimidating, hostile, or offensive environment. It also includes any conduct (words or acts) in which the university can determine a threat exists to the educational process or to the health or safety of a member of the NSU community.

B.21 Hate-Based Conduct Violations
Any code of student conduct violation that manifests evidence that the victim was intentionally selected because of the perpetrator’s bias against the victim may be considered a hate-based conduct violation. The categories of bias include the victim’s actual or perceived race, color, ancestry, ethnicity, religion, gender, gender identity, sexual orientation, nation origin, disability, homeless status, or advanced age. Any student found to have committed a hate-based conduct violation may be subject to disciplinary action up to, and including, dismissal from NSU.

B.22 Hazing
Any action or situation that recklessly or intentionally endangers the mental or physical health or safety of a student for purposes including, but not limited to, initiation or admission into or affiliation with any organization operating under the sanction of a postsecondary institution. Hazing includes, but is not limited to, pressuring or coercing the student into violating state or federal law; any brutality of a physical nature, such as whipping, beating, branding, or exposure to the elements; forced consumptions of any food, liquor, drug, or other substance, or other forced physical activity that could adversely
affect the physical health or safety of the student; and any activity that would subject the student to extreme mental stress, such as sleep deprivation, forced exclusion from social contact, forced conduct that could result in extreme embarrassment, or other forced activity that could adversely affect the mental health or dignity of the student. Hazing does not include customary athletic events or other similar contests or competitions or any activity or conduct that furthers legal and legitimate objective. (Florida Hazing Law, 1006.63) Engaging in, supporting, promoting, or sponsoring hazing or violating university rules governing hazing is prohibited.

B.23 Health and Safety

Nova Southeastern University recognizes that certain life-threatening behavior (e.g., suicide threats, gestures, or attempts; eating disorders; substance abuse; threats, gestures, or attempts to harm others) is a sign of personal distress. The university is committed to helping students alleviate whatever stress factors are precipitating life-threatening behavior by providing support and/or referral through use of appropriate resources. However, since it is critically important to maintain civility and respect for all members of the university community, it is recognized that action must be taken when such behavior is considered by the university to be disruptive to and unacceptable in the academic and social/living environment.

The determination of a student’s participation and progress is to be made by the Student Behavioral Concerns Committee. NSU reserves the right to require the withdrawal of a student whose continuation in school, in the university’s judgment, is detrimental to the health or safety of the student or others.

Generally, a student who is required to withdraw from the university for behavior detrimental to the health or safety of the student or others may not be allowed to return until documentation is provided by a treating medical provider of readiness to return. Additionally, a secondary evaluation/assessment must be conducted by the medical professionals of Henderson Student Counseling Clinic or an alternative health care provider of the university’s choosing. Action taken under the University Health and Safety policy does not preclude disciplinary action by the NSU. Students who withdraw for reasons of health or safety must contact the Office of Student Conduct before seeking readmission to the university.

B.24 Identification Cards

University identification cards (SharkCards) may only be used by the student whose name appears on the card. Any alteration or illegal use of university identification cards is prohibited. SharkCards that are misused are subject to confiscation by university personnel.

This includes all altered, blank, forged, stolen, borrowed, fictitious, counterfeit, or unlawfully issued driver’s license or identification cards. Identification cards meeting any of these criteria will be confiscated from students found with them in their possession and will be turned in to the Office of Student Conduct and/or Public Safety as evidence of misuse and policy violation.

B.25 Interference with University Investigations, Disciplinary Proceedings, or Records

Interference with university investigations, administrative procedures, or disciplinary proceedings, or judicial proceedings such as those conducted by the Department of Public Safety, Office of the Vice President
of Student Affairs, Department of Residential Life, or any other university office authorized to conduct investigations or disciplinary proceedings is prohibited. This includes, but is not limited to, the use of force, threat of force, coercion, or promise of reward to any person or property of persons involved in university investigations or disciplinary proceedings. No person may, without authorization, examine, take possession of, alter, or destroy university investigations or destroy university records or evidence. Interference with university investigations, disciplinary proceedings, or records may result in disciplinary action.

In an effort to foster and provide an environment free from bias or prejudice for the parties involved, publication (verbal or written communication) regarding any university investigatory, administrative, disciplinary, or judicial proceeding is prohibited, if the publication is deemed by the appropriate official overseeing the proceeding to compromise the impartiality and integrity of the proceeding. This does not prohibit the student from filing a grievance or complaint as provided in this handbook or through any outside governmental agency.

Communication related to the proceeding will be limited to identified individuals using administrative discretion.

**B.26 Lake Swimming**

Swimming in any lake, canal, and/or body of water on the Nova Southeastern University campus or being in the shark fountain is strictly prohibited and any violations of this policy will be subject to disciplinary action.

Students are held responsible for the actions of their guests.

All administrators, faculty and staff members, students, and visitors are responsible for any violations of these regulations in which their vehicle is involved. Motorcycles, motor scooters, and mopeds are subject to the regulations governing automobiles.

The Public Safety Department is authorized to designate any spaces as temporary reserved parking. Abandoned vehicles are subject to towing at the owner’s expense, unless the owner notifies the Public Safety Department in writing at the time the vehicle becomes disabled. The director of public safety will determine whether a disabled vehicle is allowed to remain on campus. Vehicle repairs that create a nuisance are not permitted on campus. Any property damage caused by the administering of any repairs is the responsibility of the person making such repairs.

Trailers or mobile campers are allowed to be parked on campus only with written permission from the director of public safety. Behavior which causes removal or ejection from any university-sponsored event, occurring either on campus or off campus, is prohibited.

This requirement includes reasonable requests for students to meet appointments in administrative offices, participation in administration and/or judicial proceedings, and the compliance by the stated deadline with all the terms and conditions of
all disciplinary sanctions. Administrative discretion may be used to place a hold on a student’s account (registration, grades, etc.) if the student fails to comply with the directions of a university official.

D. University Disciplinary Procedures

D.1 Introduction

A student (or student organization) who is alleged to have violated policies of the NSU Code of Student Conduct and Academic Responsibility and/or any other university policies and procedures (other than the University Sexual Misconduct Policy) may be charged under the NSU Student Disciplinary process. A complaint may be made by any member of the university and/or nonuniversity community. The process through which students (or the student organization) are held accountable to university policies and procedures is intended to promote a better understanding of the university community and acceptable behavior for students who are a part of that community. With that in mind, it should be noted that the following processes occur only between the university and each individual student involved in an investigation into possible violations. Parents, friends, significant others, and or attorneys are not permitted to participate in, or observe, the disciplinary process.

Upon notification that a violation may have occurred, the assistant dean for student development and/or designee will investigate the circumstances of the case using the following process.

The following figure illustrates the University Disciplinary Process for Individual Students (not used for University Sexual Misconduct Cases—please refer to Section D.4).

When it is determined that no policies have been violated, the student is not charged, and the case is closed. File retained.

Personal Rights of a Student (or Student Organization) during the Discipline Process

a. Right to abstain from verbal participation—Students are not required to share their version of the incident in question, but must understand that their nonparticipation will not preclude a discipline officer from making a decision on charges or responsibility.

b. Right to review related information and question witnesses, and provide the same on his or her own behalf.

c. Right to an adviser—For any alleged violation that will impact student enrollment status, students may choose to seek out an adviser. That individual may be present with the student during all meetings and/or hearings. An adviser must be either a full-time member of the university staff or faculty. The adviser should be someone who understands the policies and procedures used in the student discipline process. An adviser may not “represent” a student or speak for him or her at any point. Rather, an adviser may be present to answer questions the involved student poses directly to the adviser. Regardless of whether a student chooses to utilize an adviser or not, every effort will be made by the discipline officer adjudicating the process to answer any questions a student may have before or after any meetings or hearings.

Adjudication Process

Notification

Communication of the alleged violations will be provided to a student via his or her NSU provided email. Notices to student organizations will be sent via NSU email to the president of the organization. Notices of alleged violations will include the following:

- the university conduct/academic responsibility standard(s) alleged to have been violated and sufficient details of the complaint for the basis of the allegation to be understood

- a statement of the respondent student’s rights

- the name of the person(s), group, or university office filing the complaint

- a request to schedule a conference/hearing within five business days

For any graduate or professional student who is alleged to have violated the Code of Student Conduct, a copy of the notification of charges will be provided to the dean’s office of the student’s college. A student and/or organization that is alleged to have violated the Code of Student Conduct shall have the matter adjudicated by either an administrative conference or hearing based on the alleged violations.

Every effort will be made to have the accused student and/or organization misconduct considered expeditiously. If a student withdraws from the university or is no longer an active student, the university may, at its discretion, continue through the disciplinary process without the student’s participation, or place the disciplinary process on hold until the student’s attempted return to NSU. Students are not permitted to reenter NSU until all outstanding disciplinary cases are resolved.

D.2 Judicial Conference

A judicial conference is a meeting related to violation(s) that could not result in suspension, dismissal, or expulsion from the university.
Conference Procedures

Following notification of charges, the accused student must schedule a conference meeting with the designated discipline officer. If a student does not respond to a request to schedule a conference, the university reserves the right to continue its disciplinary procedure, conducting an in absentia conference. In addition, holds may be placed on a student’s account that restrict registration for future semesters.

The conference is for the purpose of discussing the alleged violation(s) of the Code of Student Conduct. The conference meeting will only be open to the accused student and the discipline officer. The accused student and/or organization is presumed not responsible unless the student and/or organization accepts responsibility, or determined responsible for the alleged violation(s) based on the preponderance of the evidence.

At the beginning of the conversation, the discipline officer will review with the accused student their rights in the process as aforementioned, as well as the alleged violations.

The student will have the opportunity to provide a response to the allegations (responsible or not responsible). If the student accepts responsibility, the only determination the discipline officer makes is regarding the sanctions to be imposed. If the student responds with “not responsible,” the student will be provided the opportunity to provide evidence, a witness, or information for the review of the discipline officer. Any witnesses requested shall be present only during the offerings of their information. Witnesses must be able to provide firsthand, relevant information regarding the case. Character witnesses are not accepted.

In Absentia—If the student and/or organization fails to schedule or appear for a scheduled conference, and the discipline officer has, in good faith, exhausted all reasonable efforts to schedule the meeting, the discipline officer may make a determination based on the information available. If the student is found responsible, the officer may impose sanctions. This decision shall be communicated in writing to the student and/or organization via NSU email.

At the conclusion of the conference, the student or organization will receive a written statement as to the disposition of the case, with information regarding each violation alleged. For any graduate or professional student a copy of the final disposition will be provided to the dean’s office of the student’s college.

Sanctions

If, following a judicial conference, the student or organization is found in violation of the Code of Student Conduct and Academic Responsibility, the discipline officer will decide on the sanction to be imposed. One or more of the following sanctions may be imposed for violations.

Final Disciplinary Probation is a disciplinary sanction serving notice to a student that his or her behavior is flagrant violation of university standards, under which the following conditions exist:

a. The sanction is for the remainder of the student’s career and may be reviewed by the vice president of student affairs no sooner than two regular academic semesters or equivalent after the sanction is imposed. After two semesters in attendance, a student may initiate a request in writing for reduction of the sanction to Disciplinary Probation, but must also demonstrate reason to substantiate the request.
b. Another violation of the Code of Student Conduct and Academic Responsibility will result in the minimum of suspension being imposed if the student is found in violation.

**Disciplinary Probation** is a disciplinary sanction serving notice to a student that her or his behavior is in serious violation of university standards. A time period is indicated during which another violation to the Code of Student Conduct and Academic Responsibility will automatically raise the question of a more severe sanction (suspension or expulsion) if the student is found in violation.

**Disciplinary Warning** is a disciplinary sanction serving notice to a student that her or his behavior has not met university standards. This sanction remains in effect for a designated number of semesters of attendance.

**Verbal Warning** is a verbal admonition to the student by a university staff member that his or her behavior is inappropriate.

**Fines** are penalty fees payable to the university for violation of certain regulations with the Code of Student Conduct and Academic Responsibility.

**Restitution** is payment made for damages or losses to the university, as directed by the discipline officer.

**Restriction or Revocation of Privileges** is temporary or permanent loss of privileges that include, but are not limited to, the use of a particular university facility, visitation privileges, and parking privileges.

**Termination or Change of Residence Hall Agreement/Accommodation** is a disciplinary sanction that terminates or changes the Residence Hall Agreement/Accommodation. This should be accompanied by another form of disciplinary action. It is considered permanent unless lifted by the vice president of student affairs/assistant dean for student development/director of residential life or designee.

**Counseling Intervention** is when extreme behavior indicates that counseling may be beneficial. The student may be referred to the Student Counseling Center or other university health provider/program.

**Other Appropriate Action** is disciplinary action, including educational sanctions (such as research papers or presentations) not specifically outlined before, approved through the assistant dean of student development or designee.

**Parent/Legal Guardian Notification** is when university personnel may, at times of extreme concern for a student’s welfare, notify parent(s)/legal guardian(s) of a student younger than 21 years of age—in writing or by phone—when alcohol or drug violations of university policy occur.

**Appeal Process**

An appeal of disciplinary action taken must be in writing to the Office of Student Conduct within five business days of the receipt of the written disposition of the conference. In appealing a judicial decision, the appeal must fall into one of the following categories.

- The student has new, relevant evidence that was not available during the investigation or adjudication that would substantially alter the outcome of the case.

- The judicial process as outlined was not adhered to during the student’s conference.
• The sanction(s) do not relate appropriately to the violation.

Appeals shall be heard by designated appeal officers. The appellate officer shall not be the same conduct/discipline officer that heard the original case.

**D.3 Judicial Hearing**

A Judicial Hearing is conducted for violation(s) that could result in suspension, dismissal, or expulsion.

**Hearing Procedures**

Following notification of charges, the accused student must schedule a hearing with the designated discipline officer. If a student does not respond to a request to schedule a hearing, the university reserves the right to continue its disciplinary procedure, conducting an in absentia hearing. In addition, holds may be placed on a student's account that restrict registration for future semester(s).

The hearing is for the purpose of discussing the alleged violation(s) of the Code of Student Conduct. The hearing will only be open to the accused student, their adviser (should they choose to have one), and the discipline officer and a “recorder.” All hearings will be digitally recorded. An individual “recorder” will be present during the hearing to ensure this process. The individual has no other role in the hearing. The recording will be used only for the appellate process. The record will be the property of the university.

The accused student and/or organization is presumed not responsible unless the student and/or organization accepts responsibility, or are determined responsible for the alleged violation(s) based on the preponderance of the evidence.

At the beginning of the conversation, the discipline officer will review with the accused student/organization their rights in the process as outlined before, as well as the alleged code violations.

The student will have the opportunity to provide a response to the allegations (responsible or not responsible). If the student accepts responsibility, the only determination the discipline officer makes is regarding the sanctions to be imposed. If the student responds with “not responsible,” the student will be provided the opportunity to provide evidence, a witness, or information for the review of the discipline officer. Any witnesses requested shall be present only during the offerings of their information. Witnesses must be able to provide firsthand, relevant information regarding the case. Character witnesses are not accepted.

In Absentia—If the student and/or organization fails to schedule or appear for a scheduled hearing, and the discipline officer has, in good faith, exhausted all reasonable efforts to schedule the meeting, the discipline officer may make a determination based on the information available. If the student is found responsible, the officer may impose sanctions. This decision shall be communicated in writing to the student and/or organization via NSU email.

At the conclusion of the hearing, the student or organization will receive a written statement as to the disposition of the case, with information regarding each violation alleged. For any graduate or professional student, a copy of the final disposition will be provided to the dean’s office of the student’s college.
Sanctions

If, following a judicial hearing, the student or organization is found in violation of the Code of Student Conduct and Academic Responsibility, the discipline officer will decide on the sanction to be imposed. One or more of the following sanctions may be imposed for violations.

**Expulsion** is a permanent dismissal from the university with no right for future readmission under any circumstances. A student who has been expelled is barred from campus visiting privileges.

**Suspension** is a mandatory separation from the university for a period of time specified in an order of suspension. An application for admission will not be entertained until the period of separation indicated in the suspension order has elapsed. Readmission is subject to approval of the university. During the period of suspension, the student is barred from campus visiting privileges unless specific permission is granted by the vice president of student affairs or designee.

**Temporary Suspension** is action taken by the vice president of student affairs/assistant dean for student development that requires a student’s temporary separation from the university until a final determination is made of whether a student is in violation of the Code of Student Conduct and Academic Responsibility.

**Final Disciplinary Probation** is a disciplinary sanction serving notice to a student that his or her behavior is flagrant violation of university standards, under which the following conditions exist.

a. The sanction is for the remainder of the student’s career and may be reviewed by the vice president of student affairs no sooner than two regular academic semesters or equivalent after the sanction is imposed. After two semesters in attendance, a student may initiate a request in writing for reduction of the sanction to Disciplinary Probation, but must also demonstrate reason to substantiate the request.

b. Another violation of the Code of Student Conduct and Academic Responsibility will result in the minimum of suspension being imposed if the student is found in violation.

**Disciplinary Probation** is a disciplinary sanction serving notice to a student that her or his behavior is in serious violation of university standards. A time period is indicated during which another violation the Code of Student Conduct and Academic Responsibility will automatically raise the question of a more severe sanction (suspension or expulsion) if the student is found in violation.

**Disciplinary Warning** is a disciplinary sanction serving notice to a student that her or his behavior has not met university standards. This sanction remains in effect for a designated number of semesters of attendance.

**Verbal Warning** is a verbal admonition to the student by a university staff member that his or her behavior is inappropriate.

**Fines** are penalty fees payable to the university for violation of certain regulations with the Code of Student Conduct and Academic Responsibility.

**Restitution** is payment made for damages or losses to the university, as directed by the discipline officer.

**Restriction or Revocation of Privileges** is temporary or permanent loss of privileges that includes, but is not limited to, the use of a particular university facility, visitation privileges, and parking privileges.
Termination or Change of Residence Hall Agreement/Accommodation is a disciplinary sanction that terminates or changes the Residence Hall Agreement/Accommodation. This should be accompanied by another form of disciplinary action. It is considered permanent unless lifted by the vice president of student affairs/assistant dean for student development/director of residential life or designee.

Counseling Intervention is when extreme behavior indicates that counseling may be beneficial. The student may be referred to the Student Counseling Center or other university health provider/program.

Other Appropriate Action is disciplinary action, including educational sanctions (such as research papers or presentations) not specifically outlined before, but approved through the assistant dean of student development or designee.

Parent/Legal Guardian Notification is when university personnel may, at times of extreme concern for a student’s welfare, notify parent(s)/legal guardian(s) of a student younger than 21 years of age—in writing or by phone—when alcohol or drug violations of university policy occur.

Appeal Process

An appeal of disciplinary action taken following a judicial hearing must be in writing to the vice president of student affairs within five business days of the receipt of the written disposition of the hearing. In appealing a judicial decision, the appeal must fall into one of the following categories.

- The student has new, relevant evidence that was not available during the investigation or adjudication that would substantially alter the outcome of the case.
- The judicial process as outlined was not adhered to during the student’s hearing.
- The sanction(s) do not relate appropriately to the violation(s).

A written decision will be provided by the vice president of student affairs within a reasonable amount of time of the appeal request. The decision of the vice president of student affairs will be final.

D.4 University Title IX/Sexual Misconduct Disciplinary Procedures

In addition to any criminal or civil actions that may be pending or in progress, the university has the obligation to investigate and address incidents that adversely affect its community, and/or otherwise may constitute a violation of university policy. This means that the university reserves the right to pursue its own administrative and accountability processes for students and employees and others impacting the campus.

Members of the university community (i.e., students and employees) found responsible for sexual misconduct may receive disciplinary actions that could include suspension, expulsion, and/or termination from the university. Such disciplinary action and institutional proceedings will proceed independently of any criminal and/or civil cases involving the victim and/or the responding party. The institutional accountability procedures will provide a fair, prompt, and impartial process from investigation to final result.

The process used to investigate and resolve reports of sexual misconduct exhibited by students, once the Title IX Coordinator has determined that a formal investigation is warranted, is available through the Title IX website, including possible sanctions should a student be found responsible.
E. Additional Grievance Procedures Available

E.1 Grievance Procedure for Discrimination Based on Disability

Disability discrimination can occur whenever a qualified individual with a disability is denied the same equal opportunities as other university students, faculty and staff members, and third parties, because of their disability status.

Under applicable disability laws, an individual with a disability is a person who (1) has a physical or mental impairment that substantially limits one or more major life activities, (2) has a record of such an impairment, or (3) is regarded as having such an impairment. Temporary, nonchronic impairments that do not last for a long time and that have little or no long-term impact usually are not disabilities. The determination of whether an impairment is a disability is made on a case-by-case basis.

a. What is a “major life activity” under the law?

To be considered a person with a disability, the impairment must substantially limit one or more major life activities. Examples of major life activities include walking, speaking, breathing, performing manual tasks, seeing, hearing, learning, and caring for oneself.

b. What does “qualified” mean?

To be protected, a person must not only be an individual with a disability, but must be qualified. For students, a qualified individual with a disability is a person who, with or without reasonable modifications to rules, policies or practices; the removal of architectural, communication or transportation barriers; or the provision of auxiliary aids or services, meets the essential requirements for the receipt of services or participation in programs or activities provided by the university.

For university employees, a qualified individual with a disability is a person who satisfies the requisite skill, experience, education and other job-related requirements of the employment position and who, with or without a reasonable accommodation, can perform the essential functions of the position.

c. Disability Harassment

Harassment on the basis of an actual or perceived disability is also a form of prohibited discrimination. Disability harassment consists of unwelcome verbal, written, or physical conduct based on disability when

- such conduct has the purpose or effect of unreasonably interfering with the individual’s work or educational performance
- such conduct creates or has the intention of creating an intimidating, hostile, or offensive working and/or learning environment
- such conduct unreasonably interferes with or limits one’s ability to participate in or benefit from an educational program or activity

d. Hostile Environment

The university will not tolerate the creation or existence of an environment that is hostile on the basis of disability as detailed in the NSU Nondiscrimination Statement. Such a hostile environment is defined as harassing conduct (e.g., physical, verbal, graphic, or written) related to an individual’s disability that is
sufficiently severe, pervasive or persistent so as (1) to interfere with or limit the ability of an individual
to participate in or benefit from the university's programs and activities or (2) to unreasonably interfere
with an individual's work or academic performance by creating an objectively intimidating, hostile or
offensive work or learning environment. Whether the harassing conduct is considered severe, persistent,
or pervasive depends upon the context in which the behavior occurred.

Grievance Procedures for Complaints of Disability Discrimination

a. Filing a Complaint

A formal complaint is one way of initiating a full, formal investigation. Formal complaints may be made
by students, faculty and staff members, other NSU employees, or third parties (i.e., an individual who
is not a student, faculty member, or employee of NSU). A formal complaint must be written* and must
provide detailed allegations of the alleged disability discrimination. The purpose of this policy is to
provide for the prompt, adequate, and impartial investigation of all complaints of disability discrimination
and/or disability-based harassment.

The following person has been designated to handle inquiries and complaints by students regarding
perceived disability discrimination:

Michelle Manley, Ph.D.
Assistant Dean for Student Development
(954) 262-7281 • mmichell@nova.edu

The assistant dean for student development will be responsible for coordinating the investigation and
making a determination as to any potential behaviors/activities which may violate the university's
disability discrimination/harassment policies.

Any complaint relating to disability harassment or discrimination made by a student against faculty
or staff members may be referred to the NSU Office of Human Resources (OHR) where appropriate,
at the discretion of the assistant dean for student development. Any complaints referred to the NSU
Office of Human Resources will be investigated and processed to conclusion by them in accordance
with the policies contained in the *Faculty Policy Manual or Employee Policy Manual* and the grievance
procedures contained therein.

Any complaint relating to a disability accommodation decision must be filed in accordance with the
policies as outlined in the Office of Disability Services website. The appeals process, as well as additional
information, can be found at [nova.edu/disabilityservices](http://nova.edu/disabilityservices).

* NSU also will accept oral complaints from individuals with disabilities, if, due to their disability, they
are unable to file a written complaint. The university will memorialize the individual’s complaint in
writing and the individual will certify that the written complaint is an accurate representation of his or
her complaint.

b. Referral or Dismissal of Reports

Some complaints may not actually fall within the definition of discrimination set forth by university policy
or otherwise may be more appropriately handled by other offices. These reports will be dismissed or
referred to other offices as appropriate.
c. Initial Processing of Student Complaints by the Assistant Dean for Student Development

Upon filing of a formal complaint with the assistant dean for student development, an investigator will be appointed from the appropriate university college/office/department, who will meet with the complainant within five business days to document the allegations, based on the written complaint and any other information gathered. The allegations made by the complainant will be the basis for the investigation.

d. Informal/Early Resolution of Student Complaints

The university may attempt to resolve matters through mediation or other alternative resolution, when appropriate. Mediation will not be used for reports of extreme forms of disability discrimination or harassment. In mediation, the investigator or an assigned individual typically meets with the reporting party and the respondent—separately and/or together—to seek an acceptable resolution. Any informal resolution may be made only with the agreement of all affected parties.

If alternative resolution is unsuccessful, the matter will proceed to investigation.

e. Investigation Process of Student Complaints Processed by the Assistant Dean for Student Development

Grievance investigations are objective, fact-finding inquiries. The purpose of the investigation is to gather facts relating to the allegations made by the complainant and to enable the assistant dean for student development to decide whether NSU policy has been violated.

- The investigation will include interviews with the complainant, respondent and any other witnesses deemed to potentially have relevant information. Both complainant and respondent may identify witnesses who can provide information relevant to the allegations, but the investigator determines which witnesses will be interviewed. Complainant and respondent are always permitted to present written statements from witnesses for the investigator’s consideration during the investigation process.

- The investigation may include written statements, interviews, document requests, and any other sources the investigator deems appropriate. The complainant and respondent are permitted to provide the investigator with evidence.

- The investigator will provide the respondent with written notice of the allegations, if appropriate, and allow the respondent five business days to respond, in writing.

- Investigations may be expanded to address additional allegations that surface during the investigation, at the investigator’s discretion. If appropriate, the respondent will be provided with written notice of any such additional allegations. The respondent will be given the opportunity to respond to the additional allegations.

- The investigator typically will complete the investigation within 90 calendar days of the date the report was filed. Should additional time be required to complete the investigation, the investigator will provide written notification to the parties detailing the reason(s) additional time is necessary.

- Parties and witnesses are expected to speak for themselves during the investigation; attorneys are not permitted to be present during university interviews or meetings in the course of an investigation or resolution of a report.
f. Investigation Completion of Student Complaints Processed by the Assistant Dean for Student Development

At the conclusion of the investigation, the investigator(s) will prepare a written report. The report typically will summarize the allegations investigated, and describe the relevant information discovered and factual findings made, including whether any allegations were substantiated, and the basis for such findings, which may include credibility as determined in the investigator’s judgment. The report will not make findings as to whether there has been a violation of law or university policy. The investigator will indicate any facts or allegations in dispute, and present his or her conclusions (if any) about such facts, including the basis for such conclusions (e.g., whether an allegation was corroborated by witnesses, or whether the investigator found one version of events more credible than another).

The investigator will provide the investigation report, the written complaint, the response, and any other information deemed necessary to the assistant dean for student development. Within 10 business days of receipt of the investigation report, the assistant dean for student development will make a determination of whether a policy violation occurred. (See Section G for a description of the possible determinations.)

g. Determinations by the Assistant Dean for Student Development

The following is a description of the potential determinations made by the assistant dean for student development upon the conclusion of the investigation process.

1. Determination of No Violation of University Discrimination Policy by the Assistant Dean for Student Development.

If the assistant dean for student development determines that a violation of the university’s discrimination policy has not been shown, all parties will be so informed and the matter closed. The assistant dean for student development will provide the complainant with an explanation of the key findings on which the determination is based.

If the investigation reveals evidence or allegations of violations of other university policies or other misconduct by the respondent or other parties, the investigator will present, typically in a separate report, such evidence or allegations to the assistant dean for student development to pursue as deemed appropriate.

2. Determination of Violation of the University’s Discrimination Policy by the Assistant Dean for Student Development.

If the assistant dean for student development determines that there was a violation of NSU policy, he or she will inform the respondent of such determination along with the findings upon which the determination is based. The respondent will be given the opportunity to respond to the determination in writing. Any response must be received by the assistant dean for student development within five business days of the determination.

The assistant dean for student development will consider any such response, and may modify his or her determination if appropriate. If it is determined that a violation of NSU policy has occurred, appropriate disciplinary action will be taken in accordance with published policies.
**h. Notification of Outcome by the Assistant Dean for Student Development**

After a final determination is made, the assistant dean for student development will contemporaneously provide written notification to the complainant and respondent informing them that the investigation is complete and whether a violation of university policy was determined to have occurred.

1. Notification to Complainant

If a violation of university policy was determined to have occurred, the notification will include assurances that appropriate corrective action will be taken and advise the complainant to immediately report any conduct that he or she believes was/is retaliatory.

2. Notification to Respondent

If a violation of university policy was determined to have occurred, the notification will detail the disciplinary action to be taken and advise that retaliation will not be tolerated and any such behavior could potentially subject anyone engaged in retaliation to additional disciplinary action. The notification will also detail the policies and procedures associated with appealing the decision.

**i. Appeals**

Under certain circumstances and depending on their status as a student, employee or faculty member, parties may have the right to an appeal within the university.

An appeal of disciplinary action taken against a student by the assistant dean for student development must be made in writing to the vice president of student affairs within five business days of the receipt of the written notification of outcome. In appealing a disciplinary decision, the appeal must fall into one of the following categories.

- The student has new, relevant evidence that was not available during the investigation or adjudication that would substantially alter the outcome of the case.
- The disciplinary process was not adhered to during the student’s proceeding.
- The sanction(s) do not relate appropriately to the violation(s).

A written decision will be provided by the vice president of student affairs or his or her designee within a reasonable amount of time from receipt of the appeal request.

The decision of the vice president of student affairs or his or her designee will be final. If the complainant is suspended, dismissed, or expelled from the university, the assistant dean for student development sends written notification of the action to the dean of the student’s academic program and appropriate university administrative offices.

An appeal of disciplinary action taken against an employee will be conducted in accordance with the NSU Employee Policy Manual or Faculty Policy Manual, if available.

**j. Remediating Disability Discrimination**

Disability discrimination and/or harassment are not tolerated at NSU. The university is committed to taking necessary remedial steps that are designed to stop the discrimination, correct its effects, and ensure that the discrimination does not recur. Such actions may or may not be the action that the reporting party requests or prefers. Steps may be specific to the parties involved or may be aimed at a broader group.
Typical steps range from counseling (which may be either remedial counseling, for the respondent, or supportive counseling, for the reporting party) or training or separation of the parties, to discipline of the respondent, including a written warning, probation, suspension, demotion, transfer, expulsion, or termination for cause. The appropriate discipline will depend on the nature and severity of the conduct, the respondent’s overall record, the applicable policy on discipline, and other factors where relevant.

**k. Retaliation**

The law prohibits retaliation against an individual for opposing any practices forbidden under this policy, for bringing a complaint of discrimination or harassment, for assisting someone with such a complaint, for attempting to stop such discrimination or harassment, or for participating in any manner in any investigation or resolution of a complaint of discrimination or harassment. NSU will immediately investigate and remedy (if appropriate) any reported retaliatory actions taken by the respondent or other individuals.

**E.2 Nonacademic Grievance Procedure**

Except for grievances and/or complaints involving sexual misconduct, discrimination and disability accommodations, this process should be followed for all nonacademic grievances of policies/procedures that are not governed by a specific academic center, program, college, or school. Academic grievances should be referred to the student’s academic center. The purpose of these grievance procedures is to promote the orderly resolution of problems arising out of a student complaint concerning a policy, procedure, or administrative action of Nova Southeastern University. Grievances can often be adversarial, unpleasant, and unsatisfying, so we recommend that students discuss problems before resorting to the formal grievance steps. When formal grievance steps are perceived as necessary, students have a right to a fair process and hearing without retribution.

1. First, the student should attempt to resolve an issue in dispute at the level at which the dispute occurred. This attempt must be in writing (i.e., email, regular mail, or fax). The student may wish to use certified mail to verify receipt of the correspondence. In the correspondence, the student must present a rationale for his or her position based on factual information.

2. The student will receive a reply, in writing, which addresses the complaint.

3. If the reply is not acceptable, the student is encouraged to submit the complaint in writing to the assistant dean for student development. The assistant dean will attempt to resolve the dispute.

4. If the assistant dean for student development is unable to resolve the dispute, he or she will notify the student and the vice president of student affairs in writing.

5. The student may then appeal in writing to the vice president of student affairs.

6. The vice president will investigate and review the findings, and will notify the student in writing of his or her decision.

7. The vice president’s decision is final and binding and cannot be appealed.

Students enrolled in bachelor degree programs are required to follow policies and procedures for drops and withdrawals as noted at nova.edu/undergraduatestudies/academic-catalog.html in the undergraduate catalog.

Students may not be given refunds for portions of tuition paid by financial aid funds. As appropriate, the respective financial aid programs will be credited in accordance with federal regulations. Students should notify the Office of Student Financial Assistance prior to withdrawing to determine the effect this will have on financial aid. For complete withdrawals, please refer to the Return of Title IV Funds policies located at nova.edu/financialaid/apply-for-aid/title-iv-return.

Failure to comply with these requirements could jeopardize future receipts of the Title IV student assistant funds at any institution of higher education the student may attend.

If a student is due a refund it will be mailed to the student’s address or deposited directly into his or her checking account after the dean of the respective college has approved the withdrawal and the drop request has been processed. The tuition refund policy is subject to change at the discretion of the university’s board of trustees/the NSU administration.

Changes to a semester’s registration will not be accepted 20 days after the semester ends.

**Short-Term Preloans**

The Office of Student Financial Assistance at HPD administers preloans for students who encounter emergency situations prior to receipt of financial aid refunds. Students must be enrolled for the semester, have a completed financial aid file, and must be receiving financial aid with sufficient funds to cover total charges due the university, the loan amount, and the processing fee charged. When approved, disbursement is made electronically through direct deposit within two to three business days, if the student has a direct deposit authorization on file with the Office of the University Bursar. If a direct deposit authorization is not on file, it may take up to two weeks for the student to receive the loan funds in the form of a check sent through the U.S. Postal Service.

**Martin and Gail Press Health Professions Division Library**

The Martin and Gail Press HPD Library is located on the first floor at the north end of the Terry Building Complex in the Library/Lab Building. The collection consists of more than 12,000 print volumes, 1100 electronic books, and 10,000 active medical/health journal subscriptions in both print and digital formats. Many of the available electronic texts are required textbooks in various courses. In addition, more than 200 medical/health databases are available 24/7 to meet the needs of the eight HPD colleges. All students have access to the full resources of all NSU libraries, both print and online. Medical/health databases include Medline, CINAHL, Clinical Key, Lexi-Comp, UpToDate, Web of Science, and Access Pharmacy, as well as many databases specific to individual programs. Lost and Found

Items found on school property are turned over to campus security for storage and disposition. Please contact the NSU Public Safety Department to find the location for claiming such items and reporting lost items.

In the College of Dental Medicine, dental instruments found on NSU property are to be turned over to the site’s instrument and sterilization office.

Computer Laboratories

The Office of Information and Innovation Technologies and the Martin and Gail Press HPD Library staff maintains and monitors two separate computer laboratories at the Health Professions Division. Lab A is adjacent to the circulation desk of the HPD Library. This is a collaborative zone, with group study tables, displays of new and emerging technology for hands-on experimentation, as well as four printers designated for wireless printing. Here, students may also fax and scan for free. Lab A is open the same schedule as the HPD Library which is as follows:

Monday–Thursday: 7 a.m.–midnight
Friday: 7 a.m.–9 p.m.
Saturday and Sunday: 10 a.m.–midnight
(Hours extended during exams.)

Lab B is located in Room 202 of the Assembly II building. This area is a traditional computer lab with 50 PC’s loaded with the Microsoft Office Suite, as well as course-specific and test-taking software. The lab also contains two networked printers and office supplies for student use. This lab is accessible via tapping a valid SharkCard, and it is open 24/7 other than during scheduled classes or university holidays.

Both areas are monitored by attendants who can provide assistance.

Additional computer labs are found at each of NSU’s campuses and are available for student use during the hours the buildings are open.
**Student Lounge/Student Area**

Students who wish to relax may use the student lounge on the second floor of the HPD Library/Laboratory Building during their free hours. Vending machines, pool table, and other games are provided for student use. Additional student lounges are available at the Miami, Palm Beach, Jacksonville, Orlando, Fort Myers, Tampa Bay, and Puerto Rico regional campuses.

Students have always shown responsibility for general cleanliness and preventing damage to the area. The administration expects this precedent to continue in the future.

**HPD Policies and Procedures**

**Acceptance of Professional Fees**

The activities of students are not to be construed as the practice of medicine, optometry, pharmacy, audiology, occupational therapy, physical therapy, physician assistant, anesthesiologist assistant, cardiovascular sonography, medical sonography, respiratory therapy, nursing, dentistry, public health, nutrition/dietician, athletic training, or speech-language therapists. It is a violation of the law and contrary to the policy of this university for any unlicensed person to attempt to engage in the professional practice of health care. Students who are appropriately licensed in a profession may engage in that professional work to the extent provided by law.

**HIV/AIDS Policy**

See Health Policies section in the NSU portion of the student handbook.

**Background Checks**

Certain programs at the NSU Health Professions Division require students to submit to background checks. Accepted applicants and students in such programs are required to authorize the NSU Health Professions Division to obtain background check(s) as per adopted policy of March 2011. If the background check(s) reveal information of concern, which the NSU Health Professions Division may deem unfavorable, HPD will request that the individual provide a detailed written explanation of the information contained in this report, along with appropriate documentation (e.g., police reports). Students may also be required to authorize clinical training facilities that they are assigned to by the Health Professions Division to obtain a background check with the results reported to the clinical training facility. Students with questions concerning background checks should contact their respective college and/or academic program for more information.
For programs which require students to submit to background checks, offers of admission will not be considered final until the completion of the background check(s), with results deemed favorable by the NSU Health Professions Division, and where appropriate, by the clinical training facilities. If information received in connection with a background check indicates that the student has provided false or misleading statements, has omitted required information, or in any way is unable to meet the requirements for completion of the program, then the student’s admission may be denied or rescinded, the student may be disciplined or dismissed, or his or her enrollment may be terminated.

Health Forms Requirements

Certificate of Physical Examination
Students must have a certificate of physical examination completed by their physician. Forms will be provided to each matriculant as part of the admissions package or can be downloaded from nova.edu/smc/immunization-forms.

Students may request that the University Health Service perform these examinations. The University Health Service will make appointments in as timely a manner as possible. The appointments, once made, become an obligation of the student and must be kept.

These certificates (whether done privately or by the university) will be placed in an appropriate site.

Immunization Requirements
Students must complete a mandatory immunization form, which must be signed by a licensed health care provider. The form can be found at nova.edu/smc.

Students in the Health Professions Division may be required to upload proof of immunizations to multiple online portals to satisfy the requirements of their programs and the training facilities where they are assigned.

The following immunizations/vaccinations are required of student at the Health Professions Division based on the current Centers for Disease Control (CDC) recommendations for Health Care Personnel:

Basic Immunizations: Every student is required to have had an immunization for, or show evidence of immunity to, the following diseases before matriculating at Nova Southeastern University (with the exception of the influenza vaccination, which is administered yearly):

Hepatitis B

- Both of the following are required: three vaccinations and positive surface antibody titer. (Lab report is required.)
- If the series is in progress, evidence of at least one shot must be provided, and the renewal date will be set accordingly.
- If the titer is negative or equivocal, the student must repeat the series and provide repeat titer report.
Influenza Vaccination
Administered annually. One dose of the influenza vaccine is required each fall.

Measles, Mumps and Rubella (MMR)
One of the following is required: Proof of two vaccinations, or positive antibody titer for measles (rubeola), mumps, and rubella. (Lab report is required.)

PPD Skin Test (2 Step)
One of the following is required: negative two-step test or negative blood test (such as QuantiFERON Gold Blood Test or T-Spot Test) or if positive PPD results, provide a chest X-ray and/or prophylactic treatment information within the past 12 months. It should be noted that some rotation sites may not accept the QuantiFERON Gold Blood Test.

Tetanus Toxoid, Diphtheria Toxoid, and Acellular Pertussis Vaccine (Tdap)
All students are required to have had a Tetanus Toxoid, Diphtheria Toxoid, and Acellular Pertussis Vaccine (Tdap) booster prior to matriculation and must maintain immunity by continuing to remain current according to the CDC recommendations for health care personnel during their program. Due to the increased risk of pertussis in a health care setting, the Advisory Committee on Immunization practices highly recommends health care workers receive a one-time Tdap (ask your health care provider). Tdap is required, without regard to interval of previous dose of Tetanus-Toxoid (Td).

Varicella (Chicken Pox)
One of the following is required: Proof of two vaccinations or positive antibody titer. (Lab report is required.)

Arrangements: Students may request that the Student Medical Center administer these immunizations. Students may call (954) 262-1270 or (954) 262-4100 to make an appointment. Once made, the appointment becomes the student’s obligation and must be kept. For students at other NSU campuses, appointments may be scheduled with the NSU designated physician for their area. Students may request that the NSU Clinic Pharmacy administer the Influenza Vaccination.

HPD fee: The HPD general access fee covers a series of three Hepatitis B vaccines and an annual PPD screening. All other immunizations and health care services are the responsibility of the student.

Failure to comply: The university is not required to provide alternative sites for clinical practicum or rotations should immunization be a requirement for placement. Therefore, failure to comply with this policy may result in a student’s inability to satisfy the graduation requirements in his or her program.

Relative to clinical rotation site requirements, students are expected to consult their specific college/program handbooks for compliance with any college/program specific requirements.

Urine Drug Screen
HPD students may be required to submit to additional urine drug screen testing. A student who tests positive for illegal or illicit drugs, or for a controlled substance that they do not have a prescription for, will be referred to their college’s appropriate committee. Certain colleges may have additional policies. Students are expected to check their college section for those requirements.
Dress Code

Students in the Health Professions Division must maintain a neat and clean appearance befitting those attending professional school. Therefore, attire should convey a professional appearance whenever the student is on the division campus and in classes or laboratory or on an experiential rotation or program. The dress code is to be observed at all times including midterms and examination periods. **Students are expected to consult their specific program handbooks for compliance with any program-specific and clinical rotation site-supplemental dress code policies.**

Food in the Lecture Halls, Laboratories, and Clinics

Other than bottled water, food and beverages are not permitted in the lecture halls, laboratories, or clinics. Special college administration approval is required for students to consume food and beverages, other than water, in the locations mentioned.

Identification Requirements and Fieldwork Prerequisites

An affiliated clinical/fieldwork teaching facility may also require a student to pass a state of Florida Department of Health screening before rotation. Other requirements that may be held by the affiliated facility include, but are not limited to, fingerprinting, a criminal background check, urinalysis for drugs and alcohol, and proof of immunization. If a student does not meet all requirements held by the affiliated facility before the first day of the scheduled placement, the student’s placement will be canceled. If the placement has already begun, the student will be asked to leave.

Email

University assigned email addresses must be used for all email communications between students, administration, faculty, and staff members concerning university-related business. It should be noted that forwarding (either automatic or manual forwarding) of emails containing patient/protected health information (PHI) or other sensitive information to non-NSU managed email addresses is strictly prohibited and may result in disciplinary action. PHI or other sensitive information may be emailed within the University utilizing an NSU University email address when necessary to perform a job task and only if the email is accompanied by a confidentiality statement. PHI or other sensitive information may be emailed to an external recipient only if absolutely necessary and only when secured via email encryption technology and procedures as approved in advance by the NSU Chief Information Security Officer. For security reasons, NSU ID numbers should never be used in the subject line of an email. Please refer to the Distributing or Posting Printed Material section of the NSU portion of the student handbook.

Notices, Messages, and Posters

After approval from Student Affairs, students may post notices on the bulletin boards located in the student lounge and other locations. Other boards are provided for university or division business only. Students are prohibited from posting, altering, or removing notices or messages from these boards. No notices, announcements, posters, or any other papers may be posted anywhere, including doors, windows, and elevators, except on bulletin boards provided for that purpose.
Parking Lot/Garage

You are encouraged to use the parking areas designated for our students. You must obtain a parking decal from the One-Stop Shop in the Health Professions Division, the Horvitz Administration Building, or the Office of Student Affairs (at regional campuses). Please keep in mind that the parking spaces adjacent to or in front of our building(s) are for administrators, visitors, and patients only. Parking in spaces other than those appropriated may result in a ticket violation or towing of the vehicle. Remember to lock your car everyday and park within the specified areas. Do not leave valuables in your vehicle.

Courtesy and common sense in parking will avoid accidents, personal injuries, damage to your vehicle and to the vehicles of other students and employees. If you should damage another car while parking or leaving, immediately report the incident, along with the license numbers of both vehicles and any other pertinent information you may have, to the NSU Public Safety Department.

The Health Professions Division and NSU do not assume any liability for any loss or damages you may sustain while parked in the parking garage. Use of NSU parking facilities are always at your own risk.

Photographs and Recordings

No one may take photographs or record audio or video in classrooms, laboratories, or clinics without prior permission of the instructor and student(s) within those facilities. Absolutely no photographs or video may be taken in the anatomy laboratories. Students wishing to record lectures must obtain permission from the instructor.

Post-Exposure Policies and Procedures

An occupational exposure is considered an urgent medical concern which requires immediate attention for proper medical management. An exposure that might place a student at risk for Hepatitis B Virus, Hepatitis C Virus, or HIV infection is defined as a percutaneous injury (e.g. a needle stick or cut with a sharp object) or contact of mucous membrane or non-intact skin (e.g. exposed skin that is chapped, abraded, or afflicted with dermatitis) with blood, tissue, or other body fluid that are potentially infectious.

If a student has experienced such an exposure he or she must not delay in seeking medical care. If the exposure happens Monday-Friday during business hours, a student who is on the Fort Lauderdale/Davie Campus is to immediately contact Infection Control at (954) 770-1179 or (954) 817-0332 to report such an incident. After the student contacts Infection Control the student is to contact the Student Medical Center (8:30 a.m. to 5:00 p.m.) at (954) 262-1270 or (954) 262-4100 to receive appropriate care. If the student is on rotation or at a regional campus, the student must go to the nearest local emergency room or urgent care center for evaluation and treatment.

The student also is responsible for immediately notifying a supervisor.

NSU’s Post-Exposure Policy and Procedure: nova.edu/smc/forms/compliance-exposure-policy.pdf

Hotline: National Clinician’s Post-Exposure Prophylaxis Hotline 888-448-4911.
Return of University Property

Any Health Professions Division or university property issued to you must be returned at the time of your dismissal or graduation, or whenever it is requested by administration, the department in control of the item, or the program. You are responsible to pay for any lost or damaged items. The value of any property issued and not returned may be charged to your financial account, and you may be required to deal with the bursar's office for this purpose. Also, diplomas, certificates, and final transcripts will be withheld for any outstanding financial obligation.

Security Checks

The university, the Health Professions Division, Public Safety Department/Davie Police, or community police departments may exercise the right to inspect all packages and parcels entering and leaving our premises to ensure the safety and physical integrity of the building and the premises. Please cooperate with security in providing this service and important function.

Social Events and Extracurricular Activities

All extracurricular activities by division-recognized organizations, on campus and off campus, must be approved in advance by that specific college's Office of Student Affairs. A student or group of students may not officially represent the division or the university, on or off campus, at any time without prior authorization in written form. All events sponsored by student body groups must receive prior approval from the specific college's Office of Student Affairs/Office of Student Activities and faculty advisers affiliated with the group. Requests for permission for speakers, student meetings, and other activities on campus should be made on the student activities request form at least two weeks in advance. The specific college's Office of Student Affairs/Office of Student Activities must approve activities before the Manager of Events and Academic Support Systems can assign a room, and no meeting announcements may be made until approval is received. At that time, a specific room will be assigned for the function. No announcements can be posted unless authorization is given.

Student Assistance Program

As a condition of enrollment in the Health Professions Division (HPD) of Nova Southeastern University (NSU), all students agree to abide by university standards concerning: 1) Drug-Free Schools and Campuses and 2) Drug Policy.

The objective of the Student Assistance Program is to assist students in need of substance abuse services in order to: 1) protect the public welfare and 2) encourage those students to pursue a life of recovery so that they may regain and maintain physical and psychological health, as well as academic success within the HPD. Any student enrolled in HPD in need of substance abuse services is encouraged to voluntarily seek such assistance, with their respective college's Office of Student Affairs.

The Student Assistance Program is a nondisciplinary student resource. However, in cases of suspected substance abuse, intoxication, influence or impairment, a student may be referred by their college to the Student Assistance Program in order to initiate an investigation. A Student Assistance Program
A student referred to the Student Assistance Program shall sign an authorization and consent for release of information, including an authorization for the release of a student’s medical records so that the Student Assistance Program director and authorized representatives of the applicable college may monitor the student’s performance and compliance with the conditions of the Student Assistance Program. Any failure to comply with the conditions of the Student Assistance Program, or, failure to comply with any recommendation of an authorized independent licensed health care provider authorized by the Student Assistance Program may result in dismissal from the respective college.

Any student referred to the Student Assistance Program may have his or her clinical rotations or other clinical assignments suspended or re-scheduled at sites that will allow the student to be more appropriately monitored during the course of participation in the Student Assistance Program. The student may also be asked to take a medical leave of absence from NSU while participating in the Student Assistance Program. Any act of inappropriate behavior or violation of student handbook policy by a student participating in the Student Assistance Program may be considered grounds for discipline and may result in dismissal from the respective college.

A faculty member who observes a student with symptoms suggestive of intoxication, substance influence, and/or impairment may report the matter to the dean or authorized representative of his or her respective college. The Student Assistance Program is independent from the disciplinary process for each respective HPD college. Student Assistance Program Procedures:

1. Any student who has received a DUI or any type of citation due to substance abuse (alcohol, drugs, etc.) must notify the Student Assistance Program Office at sap@nova.edu immediately. Rotation site eligibility may be affected.

2. A student referred to the Student Assistance Program Office will be referred to the PRN (Professionals Resource Network) for an evaluation/assessment and testing.

3. Student will be responsible for fees.

4. Student will complete all forms and give authorization for processing.

5. Student will be responsible for keeping appointments.

6. The PRN will be in communication with the student’s college and Student Assistant Program Office.

7. A copy of the completed assessment will be reviewed by both the Student Assistant Program Office and college. The assessment report will be kept in the Student Assistant Program Office and not in the student’s academic file.
**Student Employment**

Due to the intensity of all academic programs, outside employment during regular school terms is strongly discouraged.

**Student Insurance Requirement**

NSU requires all students to carry adequate health insurance coverage; therefore, students will automatically be enrolled in the NSU Student Health Insurance Plan and their student accounts will be charged when they register for classes. Students who already have health insurance must opt out of the NSU Student Health Insurance Plan each academic year by the given waiver deadline for their program. For detailed information, including waiver deadlines, access to the online waiver, NSU Student Insurance Plan features, costs, and more, students should visit the Bursar’s website at nova.edu/studentinsurance.

**Affirmative Opt-Out Required**

For those students who already have adequate health insurance coverage and do not need the NSU-endorsed insurance plan, this charge will be removed from their account once proof of coverage has been submitted by completing the online waiver. To complete the waiver form, go to nova.edu/studentinsurance. The online waiver is the only process by which insurance charges will be removed and coverage will be cancelled. Students who fail to complete the waiver form and provide proof of health insurance by the stated deadline will not be eligible to have charges removed and will continue to be enrolled in the insurance plan endorsed by NSU. Waivers must be completed at the start of each academic year by the program’s assigned deadline, which can be found online at nova.edu/studentinsurance.

In view of health care reform and the Affordable Care Act, as well as all forms of health care insurance, we wish to advise those students who have health care coverage from commercial carriers—or the marketplace health care exchanges from other states than Florida—to check with their carriers in order to be sure they have comprehensive health care coverage in the region of Florida where they will be attending classes or practicum rotations.

**Cell Phones, Computers, Tablets, and Electronic Devices**

The use of all electronic devices for nonclassroom related (i.e., personal) business during class time is prohibited.
Visitors

Unescorted visitors in our facilities are not allowed. Visitors are not permitted in classrooms or laboratories on HPD property without prior permission from the college or department. No visitors are permitted in a restricted area at any time. If you are expecting visitors, you must request permission from the college or department coordinator and obtain permission from the instructor(s) giving the lecture that the visitor will be attending. No permission will be granted the day of visitation. Ask your visitors to sign in with the college or department receptionist and/or department coordinator when they arrive. Student escorts are permissible after sign-in.

Visits to Other Institutions

Students in the Health Professions Division may not visit, in an official or presumably official capacity as a professional or graduate school student, any health-related institution (hospital, pharmacy, practitioner’s office, clinic, industry, government agency, etc.) or any health school without express permission of the dean or authorized representative. Students may not use their enrollment in an HPD college as a professional or graduate school student to gain expanded access to any health-related institution beyond what is granted to the general public. Visits to relatives or friends who are hospitalized are permitted, provided they are within visiting hours and all hospital rules are observed.

Student Disability Services

Students seeking disability accommodations should contact the NSU Office of Student Disability Services. Policies and procedures relating to disability accommodations, as well as the required forms, are available on the Office of Student Disability Services website, located at nova.edu/disabilityservices. Students in the health professions should contact hpddisabilityservices@nova.edu for additional assistance. See the NSU Student Handbook, Statement on Student Rights section for Nondiscrimination Statement, as well as the Additional Grievance Procedures Available section for the Grievance Procedure for Discrimination based on Disability.

Core Performance Standards for Admission and Progress

The Nova Southeastern University Health Professions Division is pledged to the admission and matriculation of qualified students and wishes to acknowledge awareness of laws that prohibit discrimination against anyone on the basis of race, color, religion or creed, sex, pregnancy status, national or ethnic origin, nondisqualifying disability, age, ancestry, marital status, sexual orientation, gender and gender identity, military service, veteran status, or political beliefs or affiliations.

Regarding those students with verifiable disabilities, the university will not discriminate against such individuals who are otherwise qualified, but will expect applicants and students to meet certain minimal technical standards (core performance standards) as set forth herein, with or without reasonable accommodation. In adopting these standards, the university believes it must keep in mind the ultimate safety of the patients whom its graduates will eventually serve as well as the efficacy and safety in the learning environment. The standards reflect what the university believes are reasonable expectations required of health professions students and personnel in performing common functions. Any exceptions to such standards must be approved by the dean of the student’s particular college based upon appropriate circumstances.

The holders of health care degrees must have the knowledge and skills to function in a broad variety of clinical situations and to render a wide spectrum of patient care. In order to carry out the activities described below, candidates for Health Professions Division degrees must be able to integrate consistently, quickly, and accurately all information received, and they must have the ability to learn, integrate, analyze, and synthesize data.

Honor and integrity of the health professions student and health care professional is essential and depends on the exemplary behavior of the individual health care provider in his/her relations with patients, faculty members, and colleagues. This includes accountability to oneself and to relationships with fellow students, future colleagues, faculty members, and patients who come under the student’s...
care or contribute to his/her training and growth, as well as members of the general public. This applies to personal conduct that reflects on the student’s honesty and integrity in both academic and non-academic settings, whether or not involving an NSU-sponsored activity. All students must have the capacity to manage their lives and anticipate their own needs. Upon accepting admission to NSU, each student subscribes to and pledges complete observance to NSU’s Student Code of Conduct Policies. A violation of these standards is an abuse of the trust placed in every student and could lead to suspension or dismissal.

Candidates for degrees offered by the Health Professions Division must have, with or without reasonable accommodation, multiple abilities and skills including intellectual, conceptual, integrative, and quantitative abilities; interpersonal communication; mobility and strength; motor skills; and hearing, visual, tactile, behavioral, and social attributes. Candidates for admission and progression must be able to perform these abilities and skills in a reasonably independent manner.

**Intellectual, Conceptual, Integrative, and Qualitative Abilities**

These abilities include measurement, calculation, reasoning, analysis, and synthesis. Problem solving—a critical skill—requires all of these intellectual abilities. Candidates and students must have critical thinking ability sufficient for good clinical judgment. This is necessary to identify cause-effect relationships in clinical situations and to develop plans of care. In addition, candidates and students should be able to comprehend three-dimensional relationships and to understand the spatial relationships of structures. An individual is expected to be able to perform multiple tasks in a diverse, dynamic, highly competitive, and challenging learning environment. Examples include and are not limited to: identification of cause/ effect relationships in clinical situations, development of treatment plans, transferring knowledge from one situation to another, evaluating outcomes, problem solving, prioritizing, and using short- and long-term memory. All individuals are expected to meet their program requirements on a satisfactory level as determined by HPD administration or the applicable college/program administration.

College of Pharmacy students must be able to perform multiple tasks in a diverse, dynamic, highly competitive, and challenging environment. They must be able to think quickly and accurately in an organized manner, despite environmental distractions.

**Interpersonal Communication**

Candidates and students must be able to interact and communicate effectively with respect to policies, protocols, and process, with faculty, students, staff, patients, patient surrogates, and administration during the student’s educational program. They must be able to communicate effectively and sensitively with patients, faculty, and an inter professional health care team. Communication includes verbal and non verbal communication, including, but not limited to, speaking, reading, writing, gestures, and body language. They must have interpersonal abilities sufficient to interact with individuals, families, and groups from a variety of social, emotional, cultural, and intellectual backgrounds.

A student must have sufficient proficiency with English to retrieve information from texts and lectures and communicate concepts on written and oral exams and patient charts; elicit patient backgrounds; describe patient changes in moods, activity, and posture; and coordinate patient care with all members of the health care team. A student must be able to communicate or provide communication in lay language so that patients and their families can understand the patient’s conditions, treatment options,
and instructions. The student must be able to accurately enter information in the patient's electronic health record, according to his or her program's requirements.

**Motor Skills**

Candidates and students must have sufficient motor function to execute movements reasonably required to provide general care and emergency treatment to patients. Examples of emergency treatment reasonably required of some health care professionals are cardiopulmonary resuscitation (CPR), administration of intravenous medication, the application of pressure to stop bleeding, the opening of obstructed airways, and the ability to calibrate and use laboratory equipment, grasp and manipulate small objects/instruments, use a computer keyboard, and other related laboratory and medical equipment. Such actions require coordination of both gross and fine muscular movements, equilibrium, and functional use of the senses of touch and vision.

College of Pharmacy candidates and students must have sufficient visual and motor skills to weigh chemical and pharmaceutical (including intravenous) solutions, prepare prescriptions, and perform sterile procedures.

**Strength and Mobility**

Candidates and students must have sufficient mobility to attend emergency codes and to perform such maneuvers as CPR when required. They must have the physical ability to move sufficiently from room to room and to maneuver in small places.

Pharmacy students must be able to move about within a laboratory, pharmacy setting, and a patient's room.

**Hearing**

Candidates and students must have sufficient auditory ability to monitor and assess health needs. They must be able to hear information given by the patient in answer to inquires; to hear cries for help; to hear features in an examination, such as the auscultatory sounds; and to be able to monitor equipment.

**Visual**

Candidates and students must have visual ability sufficient for observation, assessment, and rendering of treatment necessary in patient care. It must be consistent in many cases with being able to assess asymmetry, range of motion, and tissue texture changes. It is necessary to have adequate visual capabilities for proper evaluation and treatment integration. Candidates and students must be able to observe the patient and the patient's responses, including body language and features of the examination and treatment. Pharmacy students must be able to read and interpret prescriptions, medical orders, and patient profiles, as well as to identify correct medication dosage and inspect medicine for deterioration or expiration.

**Tactile**

Candidates and students must have sufficient tactile ability for physical assessment. They must be able to perform palpation and functions of physical examination and/or those related to therapeutic intervention. Pharmacy students must be able to measure and compound, sometimes transferring from container to container, and to perform sterile procedures.
The student must be able to use tactile senses to diagnose directly by palpation and indirectly by sensations transmitted through instruments, and have tactile ability sufficient for physical assessment.

**Sensory**

A student must be able to acquire information from written documents, and to evaluate information presented as images from digital platforms, paper, films, slides, or video. A student must be able to benefit from electronic and other instrumentation that enhances visual, auditory, and somatic sensations needed for examination or treatment.

**Behavioral and Social Attributes**

Candidates and students must possess the emotional health required for full use of their intellectual abilities; the exercise of good judgment; the ability to take responsibility for their own actions with respect to policies, protocols, and process, with faculty, students, staff, patients, patient surrogates, and administration during the student’s educational program; the prompt completion of all responsibilities attendant to the diagnosis, care, and treatment of patients; and the development of mature, sensitive, and effective relationships with the patients. Candidates and students must be able to physically tolerate taxing workloads, to adapt to changing environments, to display flexibility, and to learn to function in the face of uncertainties inherent in the clinical problems of many patients. Compassion, diversity inclusiveness, integrity, concern for others, interpersonal skills, interest, and motivation are all personal qualities that will be assessed during the admissions and education process.

**Charges and Payments**

Tuition charges will be posted for all registration requests. Students are expected to pay in full at the time of registration or have availed themselves of the opportunity to take part in an approved university deferred payment program, or have completed the necessary paperwork for financial aid. Students may pay for tuition using credit cards: MasterCard, Visa, American Express, or College Card.

Students will be billed for any balance due at 30-day intervals. Failure to make payment when due will result in an assessment for each 30-day billing period for which payment has not been completed with the additional assessment charged and posted at the end of the period or when payment is made.

Students with outstanding balances will have a financial hold placed on their record and are ineligible to register for future semesters. Failure to comply with university payment requirements may result in administrative withdrawal from the program and removal from assigned IPPE and APPE sites.

Students in concurrent degree programs should refer to that program website for program specific information.

**Consequences for Nonpayment**

See the *NSU Student Handbook*, Indebtedness to the University. Visit nova.edu/student-handbook for more information.

**Florida Residency**

Florida residents in the entry-level Pharm.D. degree program must request in-state tuition by application. For tuition purposes, students’ Florida residency status (in state or out-of-state) will be determined based on initial matriculation and will remain the same throughout the entire enrollment of the student at NSU. The determination as to eligibility for in-state tuition at NSU shall be made exclusively by NSU. Students may direct questions to the Florida residency specialist via phone at (954) 262-1126 or via email at HPDfloridaresidency@nova.edu.

**Student and Academic Services**

**Email Accounts**

All entering students are issued a university email account. Important college and university information will be released via these email accounts; therefore, it is important for students to check their accounts at...
least once each weekday. Any official university business being sent by email will be sent to a student’s NSU email only. Students must use their official NSU email accounts for email correspondence within the university. NSU employees will not respond to student email from outside accounts (e.g., Gmail).

Students are expected to maintain professional behavior in all email correspondence. Emails sent to university or college employees, including faculty and staff members and administrators, must include the student’s full name, NSU ID number, the expected year of graduation, and assigned school campus. For example, Jane Doe N01234567, Class of 2020, Fort Lauderdale/Davie Campus.

For security reasons, NSU ID numbers should never be used in the subject line of an email.

All students must comply with the university’s acceptable use of computing resources policy. See the NSU Student Handbook, University Computer and Telecommunications Use Policy. Visit nova.edu/student-handbook for more information.

**Computer Requirements**

All students must purchase an iPad and iPad privacy screen for in class online testing. It is the student’s responsibility to maintain the iPad and upgrade software as needed to comply with college requirements. All students are required to have ongoing access to a computer capable of connecting to the Internet and playing streaming video files. Online course notes and discussions will be provided to the student through the online course management system. Students may use laptop computers or tablets in class to take notes or access pertinent materials. The use of electronic devices for non-class related (i.e., personal) business during class time is prohibited.

**Change of Name or Address**

NSU requires students to fill out the data change form, then update their personal information in WebSTAR (webstar.nova.edu) or through SharkLink (sharklink.nova.edu). Students may submit the request via email to studentupdates@nova.edu or fax the request to (954) 262-2915, or mail it to: Nova Southeastern University, Office of the University Registrar, 3600 South University Drive, Fort Lauderdale, Florida 33314-7796. More information is available on the University Registrar’s website at nova.edu/registrar/services.

College of Pharmacy students must also do the following:

- email phss@nova.edu a copy of the data change form
- update their PEPrx record
- notify National Association of Boards of Pharmacy of any name change or change of address—failure to do so may affect eligibility for licensure examinations.

**Registration**

Students on academic or disciplinary probation must meet with the academic advisor at their home campus and complete a student transaction form in order to manually register for classes. All other
students should complete their semester registration on line via WebSTAR during the scheduled registration period and prior to the first day of classes for the semester in which the student is planning to attend. Students must be registered to attend classes and experiential education sites. Students who fail to register prior to the start of the semester will be dropped from assigned pharmacy practice experiences and will not be allowed to attend classes or have access to Canvas or other class-related activities.

**Adding a Course**

Students may add courses only during the drop/add period of the semester.

**Roster Reconciliation**

University policy requires each faculty member reconciles and validates the accuracy of his or her class roster during the second week of the semester as determined by the approved academic calendar to confirm that each registered student is attending class. Each course coordinator will require students to communicate their attendance in the course either via an attendance roster and/or an assignment. Students deemed as a non-attendee will be dropped from the class roster by the Office of the University Registrar.

Students who believe they were reported in error as non-attendees must communicate with the instructor who is the only one able to correct the record. Faculty members must email rostrec@nova.edu to request a student be left on the class roster who was originally reported as not in attendance.

**Transfer Credit**

Requests for transfer credit must be submitted in writing to the associate dean, Professional Program. The request must include an official copy of the transcript containing the course title, the final course grade, and a course syllabus. Transfer credit will be considered only for courses taken at pharmacy schools accredited by ACPE, or for those courses given prior approval by the associate dean, Professional Program. Up to, but no more than, four elective credit hours may be transferred from a regionally accredited graduate institution. Transfer credit will only be considered for courses designated with a graduate level course number that were passed with a grade of B or better. Credit will not be transferred if previous credit was used to earn a degree from the granting institution, nor exceed two-thirds of the required credits to complete the degree program.

An official transcript from the institution attended must be provided before transfer credit will be awarded. All transfer credit requests for previously completed coursework must be received prior to August 1 of the first year of pharmacy school.

The associate dean, Professional Program, will evaluate the courses and determine appropriate credits. A minimum of 30 credit hours of didactic coursework and all advanced pharmacy practice experiences (APPEs) must be completed at NSU.
Maximum Number of Credits Per Semester

- Pharm.D. students—24 credits hours
- Ph.D./M.S. students—15 credit hours

This policy may be waived under the following exceptions:

- with written permission from the associate dean or director of the relevant program
- approved students in Pharm.D. concurrent degree programs

Withdrawals/Drops from a Course for Grading Purposes

Any course dropped within the drop/add period of each semester will not be reflected on the transcript.

Outside of the drop/add period, a student may withdraw from a course no later than 5:00 p.m. three weeks prior to the end of the semester with prior consultation and approval of the associate dean or director of the relevant program. The student will receive a grade of W (withdrawal passing) or F (withdrawal failing), depending on his or her grade at the time of the withdrawal.

The deadline for withdrawing from any advanced pharmacy practice experience (APPE) is 5:00 p.m. Monday of the third week of the experience. If a student withdraws from an advanced pharmacy practice experience, he or she may not repeat that same experience (same course number) during that semester. If a student is failing at the time of withdrawal from an APPE a final grade of F will be recorded on the student's transcript. No refunds or credit will be given.

A Student Transaction Form must be completed for all withdrawals and submitted to the Office of Academic Support Services or the program office.

Withdrawal from the College of Pharmacy

Students who wish to withdraw from the College of Pharmacy must submit a letter to the associate dean or director of the relevant program, outlining the reasons for withdrawal. The letter must be accompanied by a completed Student Transaction Form with the last day of attendance in class noted. If approved, the student will receive a grade of W (withdrawal passing) or F (withdrawal failing) for each course, depending on the earned grade in each course at the time of the withdrawal. Failure to submit the letter and form may result in a failing grade for all courses registered for that term. The student also forgoes any tuition refund.

Peer Mentor Program

Each incoming student is assigned a peer mentor. The program provides guidance to incoming students helping them assimilate into the Pharm.D. program. Approximately two to six mentees are placed with a peer mentor. The director of student affairs/services at each campus, along with selected Peer Mentor Program leaders, facilitates the application process and subsequent training sessions for the peer mentors.
Policy on Examinations

The student is expected to follow professional conduct when performing an assessment. The student shall:

- ensure the iPad is fully charged and working properly, have the most recent version of Examplify application and have removed all covering from the iPad prior to the examination. The removable privacy screen must be secured on the iPad upon entering the examination room.
- download the Examplify assessment file and place the iPad in airplane mode prior to entering the testing room
- report to the assessment and be seated at the assigned seat at the scheduled time of the assessment
- leave all materials including textbooks, backpacks, purses, cell phones (either turned off or placed in vibrate status), smart watches, and computers at the front of the room
- leave NSU issued ID on display at the front edge of the work surface so the proctor can confirm the student attendance during the assessment
- prior to the assessment beginning, place the iPad face down on the desk so there is no access to any files or the web once he or she is in the room. iPads that are in use for any purpose other than Examplify once the student enters the room may disqualify the student from taking the assessment.
- begin the assessment when the proctor posts the Exam Soft entry code. The Student will not be allowed to enter the assessment room once the exam code has been posted. The assessment shall end at the designated time after beginning the assessment. Students who miss the exam without permission, do not enter the exam room prior to posting of the entry code, or who are disqualified in any way may receive a 0 for that assessment.
- ensure the exam is uploaded prior to leaving the exam room

Make-up exams will be given for excused absences only. Students with an excused absence for an examination will receive a makeup exam at the discretion and convenience of the faculty coordinator. The date and time of the makeup assessment will be provided to the student via NSU email. (See Excused Absence Policy.)

Taking Exams at National Professional Meetings

Students who have obtained an excused absence to attend a national professional meeting during a time that conflicts with a scheduled college examination, and who have the approval of the course coordinator, may request permission to complete the exam at a national meeting sponsored by any of the following:

- American Pharmacists Association
- American College of Clinical Pharmacy
- American Society of Health-Systems Pharmacy

Other meetings may be approved by the associate dean or director of the relevant program.
Students are responsible for making all arrangements at the conference including:

- identifying a faculty member who will be at the conference and is willing to proctor the exam
- arranging a facility at the conference or hotel conducive to taking the exam in a quiet location
- paying any fees associated with taking the exam, e.g., Internet/WiFi access, room charges, etc.

The exam will take place at the same time as the scheduled exam given at the NSU Fort Lauderdale/Davie Campus, irrespective of any time zone changes where the conference may be held. Students must abide by all the examination rules established by the College of Pharmacy testing policy.

**Policy on Reviewing Examinations**

In order that examinations may be a learning experience, as well as a means of evaluation, all examinations will normally be made available to the students for review no later than one week after the examination.

**Final Grades**

At the end of each course, after review by the department chair, the course coordinator or department chair submits to the associate dean or director of the relevant program a final grade for each student. Once reviewed, the grades are released to the students by the course coordinator.

### Remediation Policies

Remediation of a failed course is determined by the dean’s office and/or the dean’s designee on an individual basis and may be assigned in one of the following modes:

1. **by course repetition**
   - The course may be repeated at Nova Southeastern University College of Pharmacy.
   - The course may be taken at a regionally accredited institution or academic unit within NSU after the department chair and the associate dean or director of the relevant program determine the equivalency of the course to the Nova Southeastern University College of Pharmacy course it will be replacing. The student must obtain approval from the associate dean or director of the relevant program prior to course registration.
2. by reassessment

A student who fails a course may be allowed to remediate the course through reassessment (e.g. cumulative reexamination, performance-based assessment, etc.) on the recommendation of the dean or associate dean, professional program (Pharm.D.) and director of the MSPA program, through review of student’s overall program performance and/or performance on formative assessments such as the annual cumulative examination or performance-based assessments.

A successful reassessment will be recorded as C- (alpha grading) or 70E (numeric grading) and recorded as such on the student’s transcript.

Remediation of a course failed during an academic year does not remove it from the total failures allowed over the course of the program. However, failing a remediation attempt does not count as a second course failure. All grades on the transcript are calculated in the GPA.

NOTE: Students who fail three or more courses during the semester or four courses in the program are not eligible for remediation examinations.

Audit Policy

The privilege of taking classes on a noncredit basis is available to students. Maximum credit hours are not to exceed the allowable credit hours for the program. Auditing a course requires registration, which must be completed during the standard registration period. The practice of “sitting in” on classes (attending, with or without participation, classes for which the student is not registered and paying fees) is not allowed.

Auditing a course carries full rights of class participation and instructor appointments and offers no academic credit. Although an instructor may require that the student complete graded assignments and examinations, only an AU (Audit) grade is assigned. Subsequent credit for the course is not available through any means (e.g., registration may not be changed from audit to credit; a student may not enroll at a future time for the audited course).

Chancellor’s List

Pharm.D. students on the alpha grading scale with a minimum cumulative GPA of 3.8 on a 4.0 scale and Pharm.D. students on the numeric grading scale with a GPA in the top 5 percent of their class year are placed on the Chancellor’s List for that semester. A letter of commendation is sent from the chancellor to the student, and the honor is recorded on the student’s official transcript.

Dean’s List

Pharm.D. students on the alpha grading scale with a cumulative GPA between 3.6 to 3.79 on a 4.0 scale and Pharm.D. students on a numeric grading scale whose cumulative GPA is between 6 to 15 percent of their class year are placed on the Dean’s List for that semester. Additionally, students on the alpha grading scale whose semester only GPA places them with a minimum 3.6 on a 4.0 scale or students in the top 15 percent on a numeric scale of their class year are placed on the Dean’s List for that semester.
only. A letter of commendation is sent from the dean to the student, and the honor is recorded on the student’s official transcript.

**Student Records**

**Transcripts**
Each student’s academic achievement is reviewed each semester via the student’s academic transcript. It is the responsibility of the student to review the transcript via WebSTAR and report any errors to the program office or the Office of Academic Support Services.

The transcript includes
- grades earned
- honors (Chancellor’s/Dean’s List)
- deficiencies (incompletes, failures, probation, dismissal, etc.)
- semester and cumulative grade point average (GPA)
- withdrawals

**Transcript Requests**
Refer to NSU’s website for information on requesting transcripts—nova.edu/registrar/services.

**Academic Honesty**
Candidates and students are held to the high standards of intellectual and professional integrity befitting the profession they are entering. While students have an obligation to assist fellow students in meeting common goals of their education, dishonest acts will subject the student to immediate disciplinary actions up to, and including, dismissal from the college.

Academic dishonesty is considered a serious academic offense by the faculty and administration of this university. The College of Pharmacy does not tolerate cheating, plagiarism, or deceptions of any manner. Academic dishonesty includes, but is not limited to, any attempt to pass examinations or assessments by improper means, to present work not performed by the student, or to aid or abet any dishonest act. Some examples are copying answers from another student’s test paper, using notes or answers during a test without approval of the instructor, having another student take your examination or sign an attendance roster for you, and submitting a paper without proper citations for another’s ideas or quotations. Students are required to acquaint themselves with the specific course requirements and regulations of the college and the university.

Instructors have the authority to give a failing grade for the assessment and/or course to students who demonstrate academic dishonesty. Instructors may also refer any cases of academic dishonesty to the Student Professional Conduct Committee for review. Department chairs, directors, associate and assistant deans, and the dean may enforce additional penalties ranging up to dismissal from the program.
Academic Standing

There are five major classifications for student academic standing: good academic standing, satisfactory academic progress, academic probation, academic suspension, and academic dismissal. Passed reexaminations are not considered course failures in determining academic standing. Students on academic probation are expected to limit extracurricular activities and hours of employment.

Good Academic Standing

A student in good academic standing is defined as one who passes all courses and maintains a minimum cumulative and semester GPA of 2.0 for alpha grading, or 70 percent on numerical grading in the Pharm.D. program; 2.0 in the M.S. in Pharmaceutical Affairs program; and 3.0 in the M.S. in Pharmaceutical Sciences and Ph.D. programs.

Satisfactory Academic Progress

A student making satisfactory academic progress is defined as one who has passed at least 66.7 percent of attempted credits; successfully passes any repeated courses; and is on track to complete the degree program in no more than six years for entry-level students, 5 years for advanced standing students, 4 years for master’s students, and 7 years for Ph.D. students.

Academic Probation

Any one of the following will result in academic probation:

- semester GPA below 2.0 for alpha grading, or 70 percent on numerical grading for the Pharm.D. program; below 2.0 in the M.S. in Pharmaceutical Affairs program; and below 3.0 in the M.S. in Pharmaceutical Sciences and Ph.D. programs.
- failure of or withdrawal from any didactic or experiential course
- repeating an academic year

Students on academic probation will remain at that status until their cumulative GPA is raised appropriately or failed courses are successfully remediated. While on academic probation, students are prohibited from

- registering for classes online via WebSTAR and must meet with an academic advisor at their campus each semester to complete a student transaction form in order to register
- holding an office or being elected in any student and/or college sponsored organization
- being elected to any honorary or other school organizations

Students on academic probation are expected to limit extracurricular activities and hours of employment to have the best chance of academic success in the program.

The Offices of Student Affairs/Services and Academic Support Services will be notified accordingly. Other activities may be restricted by the associate dean or director of the relevant program. Students on probation will be notified via NSU email and by certified letter.
Academic Dismissal

Any one of the following will result in academic dismissal:

• semester or cumulative GPA below 2.0 for alpha grading, or 70 percent on numerical grading for the Pharm.D. program; below 2.0 in the M.S. in Pharmaceutical Affairs program; and below 3.0 in the M.S. in Pharmaceutical Sciences program

• failure of three or more courses or 66.7 percent of attempted credits in one semester in the Pharm.D. or M.S. in Pharmaceutical Affairs programs

• failure of two or more courses or 66.7 percent of attempted credits in one semester in the Ph.D. or M.S. in Pharmaceutical Sciences programs

• failure of four or more courses during a student’s academic enrollment in the Pharm.D. or M.S. in Pharmaceutical Affairs programs

• failure of 3 or more courses during the student’s academic enrollment in the Ph.D. or M.S. in Pharmaceutical Sciences programs

• failure of any repeated course

• remaining on academic probation for more than one year with continuing failures

• students in the Ph.D. program who are placed on probation twice during their academic program

• more than six academic years to complete the entry-level program

• more than five academic years to complete advanced standing program

• more than 4 years to complete the master’s program

• more than 7 years to complete the Ph.D. program

• legal, moral, behavioral, ethical, or academic dishonesty or professional misconduct

• determination by the dean that there are factors that would interfere with or prevent the student from attaining expected professional standards

Letters of dismissal shall be communicated via NSU email and Fed Ex to the student and will outline the reason for the decision. Dismissed students will be administratively dropped from all College of Pharmacy courses and will not be allowed to continue in classes in the upcoming semester.

Academic Suspension

Suspension bars a student from attending school for a defined period of time if, in the opinion of the dean, the student has deviated from the academic standards established by the college.

Students who successfully appeal a dismissal from the college will be placed on academic suspension and must wait until the appropriate courses are offered again before returning to the college.
The college reserves the right—and the student, by his or her act of matriculation, concedes to the college the right—to require withdrawal, probation, suspension or dismissal, at any time the college deems it necessary to safeguard its standards of scholarship, professional behavior, and compliance with regulations, or for such other reasons as deemed appropriate. Students on suspension will be notified via NSU email and by certified letter.

**Academic Promotion**

Promotion is defined as progression from one student level to the next. A student will be promoted to the next level if the student has

- satisfactorily completed all courses in that academic year
- maintained satisfactory academic progress, with a minimum GPA of 2.0 for alpha grading, or 70 percent on numerical grading for the Pharm.D. program; 2.0 in the M.S. in Pharmaceutical Affairs program; and 3.0 in the M.S. in Pharmaceutical Sciences and Ph.D. programs.

Pharm.D. students will be classified as first-year (P-1) students until all first-year courses have been satisfactorily completed. This same standard applies to second-, third-, and fourth-year students.

Pharm.D. students must successfully complete all didactic courses, assessments, and introductory pharmacy practice experiences (IPPE), including electives before being eligible to begin APPEs.

Ph.D. students must successfully complete all first- and second-year courses prior to taking requirement comprehensive exams and assessments.

**Extended Students**

Individuals who have finished the academic year but have not successfully completed all of the courses in the respective year are classified as extended students.

Pharm.D. students on a one-year extended program may be eligible for a one-semester tuition reduction. Tuition reductions will only be applied to students who have not had additional failures while on an extended program, and have had at least one fall or winter didactic semester with 10 or fewer academic credits. The tuition reduction will be applied during one of the semesters of the student’s last didactic year of the program.
Grade Disputes, Grievances, and Appeals

Grading Disputes and Appeals Policy for Grading Disputes

Matters regarding grading disputes shall include all concerns related to specific grades received or the processes by which grades are determined. In all appeals regarding a grading dispute, the decision of the dean is final.

A student experiencing difficulty in negotiating the grading dispute appeals process should seek guidance from a college administrator.

Classroom Grade

A student seeking to appeal a decision regarding a classroom grade should seek solutions through the following administrative channels by entering at the appropriate level and proceeding in the order stated:

1. course instructor
2. course coordinator
3. department chair
4. associate dean or director of the relevant program (final level of appeal)

Experiential Grade

Pharm.D. students seeking to appeal a decision regarding an experiential grade should seek solutions through the following administrative channels by entering at the appropriate level and proceeding in the order stated:

1. preceptor of record
2. director, Experiential Education
3. chair, Pharmacy Practice
4. associate dean, Professional Program (final level of appeal)

A Pharm.D. student seeking to dispute a final grade through the administrative channels above must initiate such action in writing within 30 days from the date the grade is recorded at the registrar’s office. Review of a student problem and complaint at each administrative level will be carried out as expeditiously as possible. If the student is not satisfied with the decision, he or she may appeal to the next administrative level. If the student chooses to continue to appeal, this must be done in writing within 14 calendar days of the date the decision was rendered. No administrative grade changes will be accepted 60 days after the grade is recorded (unless a grade review is still active).
Student Professional Conduct Committee

The Student Professional Conduct Committee (SPCC) meets to address student violations of university or college regulations and recommends to the associate dean or director of the relevant program any disciplinary actions relative to the violation.

Non-grading Related Grievance(s)

Any student has the right to seek redress of a non-grading related grievance(s) with immunity from disciplinary action or retaliation. (See Regulations of Title VI, Title IX, the Americans with Disabilities Act, and section 504 of the Rehabilitation Act.) College of Pharmacy students must follow the procedures outlined below.

1. The student will present the grievance to the assistant dean of student affairs, or designee, to work with the faculty member to affect a resolution of the problem. If unable to reach a resolution to the problem, the assistant dean of student affairs (or designee) will then consult with the chair of the department or the assistant dean of the regional campus, if applicable. If the chair/assistant dean cannot affect a resolution, the grievance should be moved to the SPCC. See below.

2. The student will be advised to prepare a written, signed request to the chair of the SPCC, setting forth the grievance and requesting a hearing with the committee.

3. Copies of appropriate and relevant documentation must be appended to this request, which will include a statement to redress the student requests.

4. The chair of the committee shall convene the committee after receipt of a written request.

5. The student will be notified in advance of the date, time, and place of the meeting.

6. The meeting shall be internal, private, and closed to those not associated with the university. Non-university personnel are not available for consultation during these meetings. Legal representatives or any other form of representation is prohibited during the meeting. The student will be afforded a full and fair opportunity to present the grievance, with supporting documentation, and to respond to relevant questions posed by members of the committee.

7. The committee will, after deliberation, make a recommendation to the associate dean or director of the relevant program.

8. Following receipt of the committee’s recommendation, the dean or the dean’s designee will advise the student, in writing, of the action taken to resolve the grievance.

9. If the student is still not satisfied, he or she may request an additional review by the college Appeals Committee. This request must be made in writing and delivered to the associate dean or director of the relevant program within 14 calendar days of the date of the letter advising the student of the grievance resolution. The request must specify additional relevant facts, which were not presented to the SPCC and must state the specific redress desired.

10. The NSU-COP Appeals Committee will conduct a review (see Appeals Committee section). The decision of the Appeals Committee shall be final with no official recourse or available appeal.
ACPE Complaints Policy

The Accreditation Council for Pharmacy Education (ACPE) is a national agency for the accreditation of professional degree programs in pharmacy. Complaints, as related to ACPE standards, policies, or procedures, should be written (in detail) and submitted to the ACPE office at csinfo@acpe-accredit.org. For additional information about ACPE, please visit acpe-accredit.org.

Complaints related to ACPE standards may also be submitted in writing to any college administrator. All complaints and responses will be maintained by the Office of Student Affairs for review by ACPE.

Appeals Committee

Students wishing to appeal a dismissal must submit a written appeal letter to the chair of the Appeals Committee within 14 calendar days from the date of the letter. The appeal must contain a concise statement of all relevant facts and the result sought. The letter should be delivered to the associate dean or director of the relevant program who will deliver it to the chair of the Appeals Committee with documentation concerning the previous decision. Any appeals not submitted to the chair of the Appeals Committee within this time frame may not be heard.

1. Appeals Committee Hearing Guidelines

The student appeal hearing is an informal proceeding. No rules of evidence will be used. The hearing shall be internal, private, and closed to non-university persons. Non-university personnel are not available for consultation during these hearings. All procedures and actions are aimed to safeguard and preserve the educational and developmental mission of the College of Pharmacy.

2. Appeals Committee Responsibilities

The Appeals Committee will hear dismissal appeals of decisions made by the dean.

3. Appeals Committee Membership

The Appeals Committee shall consist of the chancellor of the Health Professions Division or designee and four to five faculty members. One member will be designated as the chair of the committee by the dean of the College of Pharmacy. The assistant dean of student services will attend the hearing, but will not participate during the vote of the committee’s decision. The chair may request representatives from the associate dean of the relevant program and the regional campuses when appropriate, in an advisory capacity only.

4. Hearings Protocol and Process

- The Appeals Committee hearing will proceed under the direction of the chair.
- The chair will convene the hearing with only committee members present.
- A quorum must be present to convene an official appeal hearing and will be constituted by 50 percent or more of the voting membership including the chair.
• The chair will advise the committee members of the charge(s) and the dean’s decision, review
the evidence, respond to any questions, and provide opportunity for any additional input from
ex-officio members.

• Summary notes of the hearing may be taken by the committee chair.

• The student will be notified of the date, place, and time of the hearing via certified mail to the
student’s last-known address or hand delivered with receipt AND sent to the student’s NSU email
account. Any student whose presence is requested and fails to appear at the designated date
and time automatically will waive his or her right to appeal.

• The student will be present only during his or her testimony.

• If requested by the committee, the student will provide the chair with a written list of any witnesses
he or she may have no later than two business days before the hearing date. Only witnesses with
direct information that is new and relevant and has not been presented previously to the dean
or the SPCC will be considered.

• If present, witnesses will be called individually by the committee and questioned without the
student being present. Witnesses, if any, may be present only during their testimony. Each
witness will be housed in a separate waiting area to avoid any contact among witnesses or
with the student. Witnesses may be asked to remain outside the hearing room for later recall or
dismissed at the committee’s direction.

• The committee will have the option of calling more witnesses. The student shall not be present
during the questioning of any witnesses.

• When all evidence has been heard and witnesses questioned, the chair will call the student into
the hearing room.

• The chair will introduce the student to the committee.

• The student will have an opportunity to present his or her appeal, provide statements and evidence
in defense of the alleged violation(s), appeal the degree of disciplinary action, summarize his or
her position, and respond to any questions from the committee.

• The chair will then dismiss the student from the hearing.

• The committee members will render a decision on the student’s appeal by a majority vote of the
voting members in attendance. The committee may delay the vote if it determines that additional
information or facts are needed before a vote.

• The chair will participate in the voting process only in the case of a tie or if the chair is counted
to make quorum.

5. Notification of the Appeals Committee Decision

The decision of the committee will be forwarded in writing by the chair to the dean who will forward it to
the student by Fed Ex to the student’s last official address or hand delivered with receipt. All decisions
of the Appeals Committee will be final and binding. No further option for appeal will be considered.
Graduation Requirements for the Pharm.D. Program

Degrees are awarded upon successful completion of the curricular requirements and when the faculty believes the students have attained sufficient knowledge, skills, maturity of thought, proficiency, and professionalism. If a student fails to graduate, he or she does not necessarily fail in any one subject but is judged by the faculty to be unqualified for the practice of the health profession as a whole.

To receive a Pharm.D. degree, every student must fulfill the following requirements.

1. Student must be of good moral character.

2. Student must successfully complete all curricular requirements within six academic years for entry-level students or five academic years for advanced-standing students with a minimum cumulative GPA of 2.0 on a 4.0 scale, for alpha grading, or a minimum cumulative GPA of 70 percent on numerical grading.

3. Student must satisfactorily fulfill all financial and library obligations (to receive credentials).

4. Transfer students require a minimum of 30 credit hours of didactic coursework and all APPEs completed at Nova Southeastern University.

5. Student must submit to the registrar’s office an Application for Degree/Diploma by March of the anticipated year of graduation. (Applications received after the due date will not be considered for that year’s commencement ceremony.)

6. Student must attend the commencement program.

Students who do not meet the above requirements will not receive credentials nor will Board of Pharmacies be notified of program completion to take the licensing examinations.

Graduation with Honors

Pharm.D. students with a cumulative GPA in the upper 5 percent of their class will receive a diploma inscribed with highest honors. Students in the next 10 percent of their class will receive a diploma inscribed with honors.

Licensure Examinations

Applications for licensure within the state of Florida may be obtained through the Florida Board of Pharmacy’s website (floridaspharmacy.gov). Applications for licensure from other states may be obtained from that state’s respective board of pharmacy website. Each state has different requirements. Applications for states other than Florida should be submitted to the Office of Experiential Education with a cover letter explaining which sections need to be completed by the school and where the application should be sent (i.e., directly to the respective board of pharmacy office or returned to the student). Documentation will not be completed until after degree conferral.

An official transcript from the institution attended must be provided before transfer credit will be formally awarded.

All Ph.D. dissertation research must be completed at NSU.

Exam Policies

Failure to follow exam behavior protocol may be considered as evidence of academic dishonesty.

1. Students must arrive promptly for the exam. No additional time will be given for students who arrive late.
2. Students may not enter the classroom after the first person has left the exam room.
3. A student may not leave the exam room unless accompanied by a faculty member or facilitator.

3. Student must satisfactorily meet all financial and library obligations (to receive credentials).

4. Student must fulfill all obligations to the University (to receive credentials).
Student Conduct

Conduct

Students are expected to conduct themselves in a responsible manner, which will reflect well on themselves, the college, and the university, in terms of morality, honor, truth, and good citizenship. Students are also expected to abide by the regulations of the division and the university.

Furthermore, students are expected to conduct themselves in a professionally ethical fashion and to maintain and observe high standards of conduct so that the integrity of the university may be preserved. A student should avoid impropriety and the appearance of impropriety in all activities.

Attendance

- Attendance is mandatory on the first day of all classes, at all examinations, quizzes, laboratories, small group learning activities, interactive learning activities, practice experiences, special events, guest-speaker presentations, and as noted in each course syllabus.

- Attendance is mandatory at all Introductory Pharmacy Practice Experiences (IPPEs) and Advanced Pharmacy Practice Experiences (APPEs). While on IPPEs and APPEs, holidays DO NOT APPLY. All hours are required to meet licensure requirements.

- Attendance is strongly recommended at all assigned classes and lectures unless otherwise indicated by the instructor (see syllabus for faculty policy on attendance for each course).

Tardiness

Health Professions Division class hours are from 8:10 a.m. to 8:00 p.m. daily, as scheduled. Promptness is a desired trait of a professional. Tardiness disturbs the lecturer and students in the class and is unprofessional.

Classes begin at 10 minutes after the hour and finish on the hour. Students should be seated when class begins and may be denied admission to the class once the lecture has begun. When mandatory attendance is required, students may be marked absent if not present in class when class begins. Students should wait 20 minutes for the instructor’s arrival unless notified by an authorized college representative that the class has been cancelled.

Class schedules are issued each semester, but the administration reserves the right to make changes, assign weekend and evening hours, or deviate from published schedules, as necessary.

Excused Absence Policy

Excused absences (up to 14 consecutive calendar days in a semester) may be given in certain circumstances. Excused absences do not entitle a student to make up in-class quizzes, assignments,
and activities. Other assignments and examinations missed due to an excused absence will be made up at the discretion and convenience of the instructor. A course missed due to an extended absence may result in the student being placed in an extended program or on a leave of absence.

**Illness**—For excused absences due to illness, the course coordinator or the course facilitator AND the Office of Student Affairs/Services at your campus must be notified no later than 48 hours from the first date of the absence. Absences up to 14 consecutive calendar days will require the submission of a doctor’s note or other supporting documentation.

**Religious Holidays**—Absences due to major religious holidays may be excused at the discretion of the Office of Student Affairs/Services at your campus. Students are required to obtain approval for a religious holiday absence two weeks prior to the holiday.

**Special Circumstances**—Special circumstances resulting in an absence, e.g. death in the immediate family, hospitalization, etc., must be cleared with the course coordinator or the course facilitator AND the Office of Student Affairs/Services at your campus, preferably before the absence occurs but no later than 48 hours from the date of the absence occurring and will require the submission of supporting documentation.

**Leave of Absence**

A leave of absence is defined as time away from class attendance for more than 14 consecutive calendar days. A student desiring a voluntary leave of absence must submit a written request to the associate dean or director of the relevant program. If approved, the student must reenter the program no later than the following year at the beginning of the same semester in which the student left.

A leave may be granted for

- medical reasons including, but not limited to, pregnancy, surgery, or other health-related problems
- reasons pertaining to the student’s personal life

Medical/personal leaves may be granted by the dean or associate dean or director of the relevant program to students who have compelling personal circumstances that are temporarily impeding their academic progress, or for documented medical reasons. A student requesting a leave of absence for medical or personal reasons must submit a written request to the dean’s office. The request must be accompanied by one of the following documents:

- **Medical Leave**—A letter from the student’s licensed health care provider documenting the student’s condition and assessing when he or she can return to active academic status. The purpose of medical leave is to allow a student to take time away from his or her studies to obtain medical care. Leave cannot be requested retroactively.

- **Personal Leave**—A personal statement from the student documenting the reason why a personal leave is needed.

A student on medical leave may be asked to provide a licensed health care provider’s evaluation before being allowed to resume studies.

A student on personal leave may be asked to provide a personal statement before being allowed to resume studies. If a personal leave is granted for financial reasons, the student may be asked to provide
the financial departments of the university with proof that he or she has the financial capability to continue his or her studies.

A leave of absence will not be granted in excess of two semesters (one calendar year) over the course of a student’s degree program, either cumulatively or within a single leave, during the student’s matriculation.

If a student is granted a leave of absence while current coursework is still in progress, he or she will be withdrawn from those courses. In all such cases, an appropriate designation for each course in progress will be entered on the transcript. A W will be given if no graded coursework has been completed or if graded coursework is at a passing level. An F will be given if graded coursework has been completed and is not at a passing level.

A student taking a leave of absence also foregoes any tuition refund, if applicable.

**Attending Class at a Different Campus**

Students wishing to attend classes at a campus other than their home campus must have prior approval from the Office of Student Affairs/Services at their home campus and the host campus. The request must be submitted, in writing, at least two working days in advance of the date of attendance at a host campus. If approved, the course coordinator and Office of Student Affairs/Services at the host campus will be notified by the Office of Student Affairs/Services at the home campus.

**Request for Campus Transfer**

Pharm.D. students requesting a permanent campus transfer must complete a Request for Campus Transfer form outlining the reason for the request by April 15 of their first or second academic year.

Students must meet with the assistant dean, director of student affairs/services, or director of academic support services, at their home campus to discuss and submit a request. Approved transfers will be effective in the following fall semester only. Submission of a request does not guarantee approval.

**Dress Code**

Students in the Health Professions Division must maintain a neat and clean appearance befitting students attending professional school. Therefore, attire should convey a professional appearance whenever the student is on campus, in classes or laboratories, and on pharmacy practice experiences and authorized college activities. The dress code must be followed at all times.

The following constitutes acceptable attire:

- shirt, tie, slacks, and regular shoes for men, and for women it should be professional business dress, which includes slacks, pants, or skirt with blouse, or dress and appropriate shoes
- matching scrub sets and shoes
- NSU College of Pharmacy polo shirts and dress slacks
- Pharm.D. students must wear their white clinical jacket at all times while on campus and at experiential sites.
- NSU issued identification badges
Students **may not** wear the following:

- shorts
- cut-offs
- mini-skirts (higher than mid-thigh)
- jeans
- see-through clothing or halter-tops
- beach/flip-flop sandals or thong footwear
- T-shirts (as the outer shirt)
- jogging or exercise clothing
- hats or caps, unless of a religious nature

These guidelines apply on campus from 8:00 a.m. to 8:00 p.m., Monday through Friday, during any scheduled evening or weekend classes, and while on pharmacy practice experiences. Students inappropriately dressed or groomed may be requested to leave the campus. Students who are requested to leave campus due to dress code violations will receive an unexcused absence for any class or pharmacy practice experience missed in connection with such violation. Dress code violations will be considered improper professional behavior and may result in referral to the Student Professional Conduct Committee for potential disciplinary action. Classes requiring special dress (e.g., patient care management laboratory or physical assessment) will be the only exceptions to dress code allowed during regular school hours.

**Illegal, Inappropriate, and Unprofessional Behavior**

Students in the College of Pharmacy are expected to conduct themselves in a professional, ethical, and legal manner at all times. Students who have been convicted, found guilty, or entered a plea of nolo contendere must report the indictment to the Florida Board of Pharmacy within 30 days of the sentence. Being convicted or found guilty, regardless of adjudication, in a court of this state or other jurisdiction, of a crime which directly relates to the ability to practice pharmacy or to the practice of pharmacy may constitute grounds for denial of a license or disciplinary action. This includes misdemeanors, felonies, driving while intoxicated (DWI) and driving under the influence (DUI). Crimes must be reported even if they are a suspended imposition of sentence. A plea of nolo contendere constitutes a conviction. If the arrest is not reported, it becomes an actionable administrative complaint and the college reserves the right to report such information to the board and may result in the student’s license being revoked by the board.

Illegal, inappropriate, and unprofessional behavior may result in disciplinary sanctions, up to and including dismissal. Examples include, but are not limited to:

- a dishonest act of any nature
- any conduct that violates the ethical and professional codes of conduct that govern the pharmacy profession as set forth in The Pledge of Professionalism entered into at the White Coat Ceremony
• disorderly conduct, public intoxication, lewd, indecent, or obscene behavior on campus or at any college-sponsored or supervised function or event

• disregard for authority

• failure to attend all required classes and meetings

• failure to comply with directives of NSU and/or clinical affiliate faculty members

• failure to comply with or violation of the policies established by the university, Health Professions Division, or the college

• intentionally or recklessly endanger or threaten the mental or physical health or well-being of any member of the college community or visitor to the campus

• tardiness

• violation of federal and state laws including—but not limited to—sexual harassment, discrimination, and the protection afforded under the Americans with Disabilities Act (ADA) and section 504 of the Rehabilitation Act

**Dangerous Items**

(Explosives, Firearms, Fireworks, and Weapons)

See the *NSU Student Handbook*, Dangerous Items (Explosives, Firearms, Fireworks, and Weapons). Visit [nova.edu/student-handbook](http://nova.edu/student-handbook) for more information.

**Drug-Free Schools and Campuses**

See the *NSU Student Handbook*, Drug-Free Schools and Campuses. Visit [nova.edu/student-handbook](http://nova.edu/student-handbook) for more information. **Drugs, Drug Paraphernalia**

See the *NSU Student Handbook*, Drugs, Drug Paraphernalia statement. Visit [nova.edu/student-handbook](http://nova.edu/student-handbook) for more information. A college of pharmacy student in violation of the drug-free policy will be required to participate in the NSU student assistance program and may be referred to the Florida Board of Pharmacy for further action.

See Health Professions Division policy on Food in the Lecture Halls, Laboratories, and Clinics.
Policies and Procedures for Alleged Code of Behavioral Conduct Violations

Any member of the college community may file a written complaint with the chair of the Student Professional Conduct Committee (SPCC) setting forth specific violations.

During the period of time of any disciplinary action (except dismissal), the student may be directed to comply with the specific requirements intended to rehabilitate or monitor the student. These requirements may include counseling, medical treatment, preparing scheduled reports, or any other requirement intended to rehabilitate the student and/or to ensure that the student is able to continue with his or her education without further monitoring.

Records of dismissal, suspension, or leave of absences and the date of each determination shall be placed in the student’s permanent records.

The SPCC shall have nonexclusive authority to evaluate all alleged student violations of misconduct, whether legal, moral, professional, or ethical. Exceptions to this authority include, but are not limited to, the following:

- Nothing shall limit the right of NSU-COP to immediately remove a student from the college who has been accused of a violent act or threat or any act that constitutes a violation of state, local, or federal criminal law subject to further proceedings consistent with these rules. A student who has been removed from the college shall not return until given permission to do so by the dean.

- Nothing shall prevent the dean from taking action deemed necessary, including removing a matter from the committee’s consideration, whenever, in the dean’s judgment, such action may prevent harm to health, safety, and welfare of any individual; to school property; or to the integrity of the educational process.

- Nothing shall limit the right of the college or any of its representatives or students to file a report with any law enforcement or civil agency.

Student Professional Conduct Committee

Meeting Protocols and Process for Behavioral Violations

Proceedings to determine whether a student has violated a regulation, policy, law, or behavior, or engaged in academic misconduct of the college shall conform to the following protocols and process:

- When informed of alleged violation, the chair of the Student Professional Conduct Committee (SPCC) will conduct a preliminary investigation and determine whether a full committee meeting is warranted.
• The chair will then call a meeting of the committee and shall notify the charged student(s). The student(s) shall receive written notice of the time, place, and subject of the meeting. Legal representation or any other form of representation is prohibited during the hearing.

• If necessary, the student will provide the chair with a list of any witnesses he or she may have, in writing, no later than two business days before the meeting date. The student will be responsible for ensuring the presence of any witnesses.

• Any witnesses will be called in individually to be questioned and to provide any statements. Any witnesses may be asked to remain outside the meeting room for later recall. The student will not be present during the questioning of any witnesses.

• The student will be given the opportunity to present statements to the committee. The student will only be present during his or her statements and to respond to any questions from the committee.

• The chair will dismiss the student and any witnesses and close the meeting for discussion.

• At the conclusion of the discussion, the committee will make a recommendation to the dean. The various disciplinary actions that may be recommended by the SPCC are reprimand, probation, suspension, dismissal, and administrative leave of absence.

• The dean will review the committee’s recommendation and make a final decision. The student shall then be notified of the decision by certified mail and the student’s NSU email account.

• A student who chooses to appeal the decision must do so within 14 calendar days of the date of the letter of notification to the College’s Appeals Committee.

• The recommendations of the SPCC and all reports, letters, and investigative records will be maintained in the files of the associate dean or director of the relevant program for not less than five years. This information is not part of the student’s permanent records or the student’s transcript.

Behavioral Disciplinary Sanctions

Reprimand

A reprimand is an oral or written notification to the student that continuation of repetitive wrongful conduct may result in more severe disciplinary penalties. Whether the reprimand is oral or written, it is recommended that the student sign a document in which the reprimand is explained and a copy of the document be given to the student and placed in the student’s file.
Disciplinary Probation

Probation is defined as a trial period during which a student has the opportunity to demonstrate that he or she can effectively cease behavioral misconduct.

Disciplinary probation can be for the remainder of a current semester or may be for the remainder of the time the student is enrolled at NSU-COP.

While on disciplinary probation, the student is prohibited from (1) holding an elected position in any NSU class, student organization, club, or fraternity; (2) being elected to any honorary society; (3) registering for classes online via WebSTAR and must meet with an academic advisor at his or her campus each semester to register manually; (4) registering for classes outside the required COP curriculum. Participation in any of the aforementioned activities by a student on probation is a violation of the probationary period.

During disciplinary probation, the student must show appropriate behavioral, professional, and personal good conduct as defined in the conditions of his or her probation.

Additionally, the student is required to refrain from any further violation of the code and may be required to comply with any other requirements intended to rehabilitate the student.

If, while on probation, the student violates the terms of his or her probation, actions may be taken up to, and including, dismissal from the NSU-COP.

A student is responsible for adhering to all laws, rules, or ethical codes that govern the pharmacy profession and its members of NSU-COP. Once the student has corrected all behavioral deficiencies, the SPCC may recommend to the dean to remove the student from probation for behavioral reasons.

Disciplinary Suspension

Disciplinary suspension bars a student from attending school for a defined period of time if, in the opinion of the dean, the student has deviated from the standards of behavior established by the college. The student will be removed from the academic enrollment with revocation of all other privileges or activities, including the privilege of entering the campus. A student who chooses to appeal a disciplinary suspension must do so within 14 calendar days of the date of the letter of notification of suspension. Students going through the appeal process are prohibited from taking classes at the College of Pharmacy or participating in college activities.

Disciplinary suspension is not included in the calculations of the six-year limit for the entry-level Pharm.D. program, five-year limit for the advanced standing program, four-year limit for the M.S. programs, or seven-year limit for the Ph.D. program, for completing all graduation requirements.

Disciplinary Expulsion

Disciplinary expulsion is the permanent termination of a student’s academic enrollment. The dean is responsible for imposing this recommendation. A student who chooses to appeal a disciplinary expulsion must do so within 14 calendar days of the date of the letter of notification of dismissal. While
appealing an expulsion based on a violation of the code of behavioral conduct and/or academic honesty standards, a student cannot attend classes and will be dropped from all classes.

The reasons for which a student may be dismissed from the College of Pharmacy (COP) include, but are not limited to

1. academic dishonesty

2. a student representing himself or herself as a doctor of pharmacy or to have practiced pharmacy, or any phase thereof, not under the direct supervision of a licensed pharmacist or a clinical affiliate faculty member of the university

3. exceeding the six-year limit for the entry-level Pharm.D. program, five-year limit for the advanced standing Pharm.D. program, four-year limit for the M.S. programs, and seven-year limit for the Ph.D. program, for completing all graduation requirements, exclusive of any approved leave of absence in good standing

4. circumstances of a legal, moral, behavioral, or ethical nature that warrant such action

5. determination by the dean that there are factors that would interfere with or prevent the student from practicing the highest professional standard

6. The college reserves the right—and the student, by his or her act of matriculation, concedes to the college the right—to require withdrawal, probation, suspension, or dismissal, at any time the college deems it necessary to safeguard its standards of scholarship, professional behavior, and compliance with regulations, or for such other reasons that are deemed appropriate.

**Readmission Policy**

A student who is dismissed or withdraws from the College of Pharmacy may not apply for readmission for a class starting less than 12 calendar months after the date of dismissal or withdrawal. He or she may only apply as a first-year student. In order to be considered for readmission, the candidate must provide adequate evidence that the conditions and/or factors that caused the prior dismissal or withdrawal have changed significantly, so that there is reasonable expectation that the applicant can perform satisfactorily if readmitted.

Any applicant applying for readmission must do so through the Office of Admissions of the Health Professions Division and must follow the same procedure as any other entering student. The student’s prior academic records will remain part of his or her overall academic record and will be recorded on the permanent transcript.
