

2025 - 2026 Cost of Attendance (COA) for Pharm.D. Entry Level

The Cost Of Attendance (COA) is an estimate of the cost of attending NSU for the academic year. It is based on several factors, including tuition and fees, food and housing, course materials, supplies and equipment, transportation, and miscellaneous personal expenses. **The estimated COA is used to determine how much financial aid a student is eligible for.**

These amounts reflect the estimated costs for a full-time student residing off campus. Different enrollment statuses or living arrangements may incur different costs. Visit the Bursar's website for information on university-wide fees.

Tuition

(without scholarships/program discounts applied)

\$36,821

Other Possible Costs

Expense	First & Second Year Students	Third Year Students	Fourth Year Students
