

**Coming Summer 2017:**  
**Dates: June 2nd-19th**

# Argentina

## Pharmaceutical Travel Study/Mission Program

The College of Pharmacy is offering an 18-day Travel Study/Mission program to Argentina. This opportunity will allow pharmacy students to expand their practical knowledge through inter-professional education and hands-on interaction with patients.

Students will be immersed into the epidemiological profile of the region and learn about treatment and medication prescription for different pathologies.

- The program is offered to second, third, and fourth year pharmacy students
- PHRE 6997 Travel Study/Mission Argentina 3-elective credits course
  - Cost \$4,999\*

\*Included: cost of course; all hotel accommodations in Argentina; all meals in Argentina; transportation in Argentina; and cultural and educational exploration, including **Iguazú Falls**.

Not included: airfare (to Argentina and back to U.S.) and personal travel costs.

Students from U.S. accredited Pharmacy Schools are welcome to apply as non-degree seeking.
